BACKGROUND

Local Government Act 2020 development – background and context

- The 2020 Act received Royal Assent on 24 March 2020 and became Law.
- The 1989 Act is over 30 years old and is deemed no longer reflective of the community expectations with respect to council operations.
- The Explanatory Memorandum says that the Act is intended to achieve: “...a contemporary legislative framework for local government in Victoria that enhances democracy, council transparency, and responsiveness to community and the State...”
- Section 8(1) of the 2020 Act states that the role of Council is to provide good governance in its municipal district for the benefit and the wellbeing of the municipal community.
- Through the new legislation Councils will be more engaged with and accountable to their communities.
- Currently the 2020 Act operates simultaneously with 1989 Act. As different stages come into operation, corresponding sections of the 1989 Act will be repealed.
- The objectives of the Act are to ensure that:
 1. Local Government continues to be constituted as a democratically elected tier of Government in Victoria;
 2. Councils are constituted as representatives bodies that are accountable, transparent, collaborative, efficient and engaged with their communities;
 3. Councils have the functions and powers necessary to enable Councils to perform their role.
- The 2020 Act was developed with 5 major themes in mind when it was reviewed and passed from a Bill into legislation this year. The themes include:
 1. Improved service delivery – allow councils to focus on better financial management and engagement with their communities to deliver better services.
 2. Improved councillor conduct – set minimum requirements for candidates and councillors and clearer standards of behaviour with stronger mechanisms to address poor conduct.
 3. Stronger local democracy – increase council and councillors direct accountability to the community.
 4. Community confidence – reforms election processes and candidate requirements to increase transparency
 5. New relationships – removal of any unnecessary Ministerial approvals and arbitrary powers to build a new relationship between the State, local government and communities.

- The Act is being implemented in four key stages.
- The first stage was proclaimed on 6 April.
- The second stage, and first tranche of documents required by Council to adopt is to implement by 1 September 2020.

Governance Rules – 2020 Act

- The development of the Governance Rules has been based off a template prepared by Maddocks Lawyers.
- The template represents a ‘standard’ form of Governance Rules that are capable of satisfying the requirements of Section 60(1) of the 2020 Act.
- Many Councils are utilising this model template to meet their statutory obligations.
- Section 60 of the 2020 Act states that a Council must develop, adopt and keep in force Governance Rule for or with respect to the following:
 - The conduct of council meetings;
 - The conduct of meetings of delegated committees;
 - The form and availability of meeting records;
 - The election of the Mayor and Deputy Mayor;
 - The appointment of an Acting Mayor;
 - The election period policy in accordance with section 69;
 - the procedures for the disclosure of a conflict of interest by a Councillor or a member of a delegated committee under section 130;
 - the procedure for the disclosure of a conflict of interest by a Councillor under section 131;
 - the disclosure of a conflict of interest by a member of Council staff when providing information in respect of a matter within the meaning of section 126(1); and
 - any other matters prescribed by the regulations.
- The Governance Rules must provide for a Council to:
 - consider and make decisions on any matter being considered by the Council fairly and on the merits; and
 - institute decision making processes to ensure that any person whose rights will be directly affected by a decision of the Council is entitled to communicate their views and have their interests considered.
- Council may amend its Governance Rules.
- Pursuant to section 60(4) of the 2020 Act Council must ensure that that a process of community engagement is followed in developing or amending its Governance Rule, unless Council is developing and adopting or amending a Governance Rule that only adopts a good practice guideline issued by the Minister under section 87.
- The 2020 Act is silent how long Councils should seek feedback on the Governance Rules, however Council consulted with the community for a 4-

week period (15 July 2020 to the 12 August 2020) to engage with the community as extensively as possible.

- The 2020 Act states that a Council must comply with its Governance Rules.
- A Council must adopt its Governance Rules by 01 September 2020.
- A Council's first Governance rules will replace the meeting procedure as detailed in Councils current Local Law no. 1 – Meeting Procedure Local Law.
- The preparation of the Governance Rules provide an opportunity to improve not just the rules but the way meetings are conducted.
- Specific improvements relate to:
 - Aligning decision-making processes with principle-based approaches of the new Act;
 - Making meeting procedures easier for councillors to understand and apply;
 - Enduring that decision-making process are more transparent for the community;
 - Generally simplifying decision making; and
 - Making it easier to update meeting procedures.
- As the 2020 Act is a principle based legislation, with section 9 expressly stating that Councils must, in its performance of its role give effect to the overarching governance principles. These principles are:
 - Council decisions are to be made and actions taken in accordance with the relevant law;
 - priority is to be given to achieving the best outcomes for the municipal community, including future generations;
 - the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is to be promoted;
 - the municipal community is to be engaged in strategic planning and strategic decision making;
 - innovation and continuous improvement is to be pursued;
 - collaboration with other Councils and Governments and statutory bodies is to be sought;
 - the ongoing financial viability of the Council is to be ensured;
 - regional, state and national plans and policies are to be taken into account in strategic planning and decision making;
 - the transparency of Council decisions, actions and information is to be ensured.
- The 2020 Act also states that in giving effect to the overarching governance principles, a Council must take into account the following supporting principles:
 - (a) the community engagement principles;
 - (b) the public transparency principles;

- (c) the strategic planning principles;
- (d) the financial management principles;
- (e) the service performance principles

- The Governance Rules are divided into an Introduction and 7 Chapters.

BACKGROUND

This Policy fulfils the Council's requirement under section 57 of the *Local Government Act 2020* (the Act) to adopt and maintain a Public Transparency Policy.

The Policy gives effect to the following Public Transparency Principles outlined in section 58 of the Act:

- Council decision making processes must be transparent except when the Council is dealing with information that is confidential by virtue of this Act or any other Act;
- Council information must be publicly available unless—
 1. the information is confidential by virtue of this Act or any other Act; or
 2. public availability of the information would be contrary to the public interest;
- Council information must be understandable and accessible to members of the municipal community.
- public awareness of the availability of Council information must be facilitated.

The Public Transparency is a key document that is required for Council's to adopt as part of the first tranche of governance documents to be completed by the legislative timeframe of 1 September 2020.

The Public Transparency Policy has been prepared based on guidance materials from Local Government Victoria and the requirements under the Act.

Councils are required to prepare and adopt a Public Transparency Policy by 1 September 2020, as the requirement under the Act came into effect on 1 May 2020.

This Policy has been developed alongside Council's Freedom of Information Part II Statement (a requirement under the Freedom of Information Act 1982 (Vic)) which lists all documents either produced by or in possession of Council that are available to the public either via Council's website or for inspection by appointment at Council offices.

Key elements of the Public Transparency Policy

The policy is broken down into key elements detailing:

- Introduction and purpose – why the policy has been developed and rationale for transparency
- The scope of the policy expanding to Councillor and members of Council staff Definitions. Specific mention of the new definition of confidential information under the Local Government Act 2020.
- Councils position on transparent decision making
- Types of information that Council traditionally has in its possession
- Information that would generally not be available - as determined as confidential.

- Public Interest Test - how Council will determine that some information will be withheld.

Officers propose to keep transparency principles at the forefront of our minds and will review this policy periodically to keep it contemporary.

Summary of feedback received via Have Your Say community consultation process:

Council received no submissions from the community via the Have Your Say community consultation process with respect to the Public Transparency Policy that were presented for public exhibition.

 - The Courier –Saturday 15 July 2020

- The Local – Monday 20 July 2020
- Hardcopies of the Draft Policy were prepared and available at Customer Service Centres at Clunes, Creswick and Daylesford.

KEY ISSUES

Council will be required to release all information, unless exempt under legislation, in a timely and accessible manner.

Councillor and staff conduct and decision-making during meetings will be under a higher level of public scrutiny. This includes formal and informal meetings.

Until Council services are back to full operation public access to information in a timely manner may be impacted due the current opening structure of customer service centres and libraries and the like. This is an issue and risk that officers cannot rectify until the Government directives around COVID-19 pandemic provide for the officers to be back working in the office.

1. Policy 30 (C) - Draft Hepburn Shire Council Privacy Policy - August 2020 [5.3.1 - 16 pages]

EXECUTIVE SUMMARY

Council is obliged to have a Privacy Policy that is available on Council's website and clearly articulate Council's position in the use, collection and disclosure of personal information that it collects.

In giving rise to the information privacy principles and the Health Information Principles, and associated legislation, officers have revised the Policy to ensure that it is up to date, reflects current legislation as well as the Information Commissioner and Privacy and Data Protection Commissioner recommendations and allows for the transparent approach that Council takes in managing peoples' private details.

The previous Privacy Policy (2014) was requiring significant review, since legislative changes and oversight guidance from the Information Commission has been released. Officers propose that the detail in this Policy satisfies Council's obligations and provides guidance to the organisation on appropriate management of personal and private information that it collects.

OFFICER'S RECOMMENDATION

That Council adopt the Hepburn Shire Council Privacy Policy.

MOTION

That Council adopt the Hepburn Shire Council Privacy Policy.

BACKGROUND

The Privacy Policy sets out Council's commitment to implementing the Information Privacy Principles ("IPPs") in the *Privacy and Data Protection 2014* (VIC) and the Health Privacy Principles ("HPPs") in the *Health Records Act 2001* (VIC) (jointly the "Privacy Principles"). In fulfilling the objectives of the IPP and HPP principles, Council is mindful of the need to balance the public interest in the free flow of information with the public interest in protecting the privacy of personal and health information.

In his letter to Council, dated 23 May 2019, the Information Privacy Commissioner made the following four recommendations:

1. That Council reviews its Privacy Policy, unless it has done so within the last 12 months.
2. That Council schedules a review of the Privacy Policy at least every two years.
3. That Council reviews its explanation of its processes of accessing and correcting personal information.
4. When undertaking its next review of its Privacy Policy, Council should consider plain English drafting principles.

These recommendations have informed the review of Council's Privacy Policy.

The development of the draft Policy has been informed by guidance documents prepared by the Office of the Victorian Information Commissioner (OVIC) such as the IPP 5 policy self-assessment tool, the requirements under the Acts and best practice examples identified by OVIC.

All Council representatives and employees are required to undergo online Privacy training when they commence their employment or term of office.

Key Elements of the Privacy Policy

The policy is broken down into the following key elements:

1. Policy Statement – Council's commitment to Information Privacy Principles and Health Privacy Principles.
2. Purpose – To meet the IPPs and HPPs in relation to managing and handling personal and health information within the Council
3. Scope – the policy applies to all employees, Councillors, committee members and contractors. The policy applies to all personal information and health information held by the Council, including personal information sourced by the Council from third parties.
4. Definitions - describes key terms such as personal information, health information and sensitive information, public registers, the IPPs and the HPPs.
5. Policy – describes how Council manages the following:
 - Principle 1 – Collection of Personal or Health Information

- Principle 2 – Use and Disclosure of Personal or Health Information
 - Principle 3 – Data Quality
 - Principle 4 – Data Security and Data Retention
 - Principle 5 – Openness
 - Principle 6 – Access and Correction
 - Principle 7 – Unique Identifiers

 9. Related Documents – legislation, policies etc
 10. Responsibilities - details Council’s responsibilities.

Education to the organisation and Council will be provided over the coming months with respect to what this policy gives rise to and our express requirements under the Acts.

KEY ISSUES

- The Privacy Policy describes to the public how Council collects, stores, discloses and disposes of private and sensitive information.
- Supporting internal procedures will need to be developed.
- Council’s new Public Transparency Policy as required under the *Local Government Act 2020* sets out Councils commitment to open and accountable government. One of the main objectives of the policy is to release as much information to the community in a timely and accessible way outside of the Freedom of Information legislated process. To this achieve this, Officers need to feel confident about which information they can and cannot freely release. The Privacy Policy and Freedom of Information Part II Statement along with internal procedures and associated training will provide Council officers the ability to make decisions about which information they can and cannot release.
- Council is required to report annually to the Office of the Victorian Information Commissioner (OVIC) on its Protective Data Security Plan.
- Council will continue to report and investigate any privacy breaches when they are made to Council in a timely and appropriate manner, and where required report breaches determined necessary to inform, to the Information Privacy Commissioner in accordance with the Acts and standards.

- Council officers are required to prepare Privacy Statements, which are otherwise known as Collection Notices for their services/programs/surveys etc when they are collecting the personal or sensitive information from any individual. Council is obliged to communicate to all individuals whose private information they collect of how they will use, store, collect and under which circumstances their information would be shared. Support to write Collection Notice will be provided by Council's Privacy Officer and this work has already commenced

BACKGROUND

The Audit and Risk Advisory Committee is proposed to be a Committee of Council under Section 53 of the *Local Government Act 2020* (the Act) (and previously Section 139 of the *Local Government Act 1989*) and is not a delegated committee of Council (in that it does not have any decision-making powers of Council).

Section 53 of the Act requires Council to establish an Audit and Risk Committee which must include members who are Councillors of Council and consist of a majority of members who are not Councillors of the Council and who collectively have:

- expertise in financial management and risk; and
- experience in public sector management; and
- not include any person who is a member of Council staff of the Council.
- The chairperson of an Audit and Risk Committee must not be a Councillor of the Council.

Current members of the Audit and Risk Committee include:

- The Mayor of the Hepburn Shire Council (member who is a Councillor of Council)
- Councillor John Cottrell (member who is a Councillor of Council)
- Mr Trevor Shard (Independent Committee Member)
- Mr Robert Taylor (Independent Committee Member)
- Ms Rachelle Tippett (Independent Committee Member)
- Ms Carol Pagnon (Independent Committee Member)

Council is required prior to 01 September 2020 to resolve to establish the Audit and Risk Committee and appoint the members to the Committee.

Officers propose to reappoint all current councillor delegates and independent committee members that currently represent Council's Audit and Risk Committee that was established under the *Local Government Act 1889*.

Current member appointments are as follows:

- Report was presented to Council for determination on 17 December 2019 and Council resolved that for a period of 4 years Robert Taylor and Carol Pagnon would be appointed to the Audit and Risk Committee with their appointment to end on 31 December 2023.
- Mr. Trevor Shard and Ms. Rachelle Tippett were re-appointed to the Audit and Risk Committee until 22 April 2021.

The Audit and Risk Committee is not a delegated committee of Council and acts as an advisory committee of Council, providing assistance to Council in the effective discharge of its responsibilities by providing independent advice and

recommendations to Council regarding the Council's risk, control and compliance framework and its reporting responsibilities.

The Committee's oversight of financial and other reporting and risk management practices does not remove the Council's responsibility to ensure the integrity of its reporting and risk processes.

It is important to note that Sections 123 and 125 and Division 2 of Part 6 of the Local Government Act 2020 apply to a member of the Audit and Risk Committee who is not a Councillor as if the member were a member of a delegated committee of Council.

Section 123 of the Act describes obligations bestowed upon Councillors, members of delegated committees and Audit and Risk Committee members:

Misuse of position – section 123 of the Act – extract:

(1) A person who is, or has been, a Councillor or member of a delegated committee must not intentionally misuse their position—

Penalty: 600 penalty units or imprisonment for 5 years. (approx. \$99,132).

(2) An offence against subsection (1) is an indictable offence.

(3) For the purposes of this section, circumstances involving the misuse of a position by a person who is, or has been, a Councillor or member of a delegated committee include:

(a) making improper use of information acquired as a result of the position the person held or holds; or

(b) disclosing information that is confidential information; or

(c) directing or improperly influencing, or seeking to direct or improperly influence, a member of Council staff; or

(d) exercising or performing, or purporting to exercise or perform, a power, duty or function that the person is not authorised to exercise or perform; or

(e) using public funds or resources in a manner that is improper or unauthorised; or

(f) participating in a decision on a matter in which the person has a conflict of interest.

(4) This section—

(a) has effect in addition to, and not in derogation from, any Act or law relating to the criminal or civil liability of Councillors or members of delegated committees; and

(b) does not prevent the institution of any criminal or civil proceedings in respect of that liability.

Confidential information – section 125 of the Act – extract:

(1) Unless subsection (2) or (3) applies, a person who is, or has been, a Councillor, a member of a delegated committee or a member of Council staff, must not intentionally or recklessly disclose information that the person knows, or should reasonably know, is confidential information.

Penalty: 120 penalty units. (This equates to approx. \$19,800)

(2) Subsection (1) does not apply if the information that is disclosed is information that the Council has determined should be publicly available.

(3) A person who is, or has been, a Councillor, a member of a delegated committee or a member of Council staff, may disclose information that the person knows, or should reasonably know, is confidential information in the following circumstances—

(h) to a Commission of Inquiry to the extent reasonably required by the Commission of Inquiry;

(i) to the extent reasonably required by a law enforcement agency.

****Section 123 and 125 come into force on 24 October 2020****

KEY ISSUES

Council is required to comply with the 2020 Act and do all things necessary to ensure its compliance.

If Council does not re-establish its Audit and Risk Committee pursuant to section 53 of the Act and appoint members accordingly Council will not be compliant with the requirements bestowed upon the Victorian local government sector.

BACKGROUND

Council currently has in place an Audit and Risk Committee, operating under a Charter, which met the requirements outlined in Section 139 of the Local Government Act 1989.

One of the early obligations under the implementation of the *Local Government Act 2020* (the Act) Section 53(1), requires Council to establish an Audit and Risk Committee, appointment members to the Committee and adopt a governing Audit and Risk Committee Charter.

These requirements outline the responsibilities of the Committee, such as monitoring the compliance of Council policies and procedures, financial and performance reporting, risk management and fraud prevention systems and controls, internal audit function, external audit function and internal controls and compliance.

In drafting a new Charter to meet the requirements of the 2020 Act, officers have referred to the template charters provided by Local Government Victoria, reviewed Charters from other Council's and sought advice from the current Audit and Risk Committee members presenting a draft Charter at a meeting scheduled on 27 July 2020.

Feedback was sought from the Audit and Risk Committee members and has been incorporated into the Charter.

It is proposed that once the Charter is adopted by Council, the Audit and Risk Committee will develop an annual workplan that aligns to the Charter provisions.

Preparation of the workplan is a requirement under the Local Government Act 2020.

10. Functions and responsibilities – details compliance management, financial and performance reporting, internal control environment, risk management, fraud prevention systems and controls, external audit, internal audit responsibilities and oversight
11. Obligations – details provisions in the 2020 Act that impact committee members including misuse of position, confidentiality requirements, conflict of interest provisions
12. Review of the Charter – frequency of review and process

1. Community Asset Committees - Members to be Appointed [5.7.1 - 1 page]

EXECUTIVE SUMMARY

The Local Government Act 2020 requires Council to determine the future of Council's current Section 86 Committees (S86) of Council, that were established under the Local Government Act 1989.

As section 86 of the Local Government Act 1989 is repealed come 01 September 2020 and their instrument of delegation from Council therefore expires, Council officers have engaged with Council's current s86 committees to transition them to Community Asset Committees as defined under the Local Government Act 2020.

The establishment of the Committees requires a resolution of Council, with instruments of delegation and appointment of members to be undertaken by the Chief Executive Officer after the establishment has been resolved.

Officers have scheduled individual virtual meetings with each committee to support their understanding and implementation of their instruments of delegation once developed post 1 September and after Council resolve to establish the Community Asset Committees of Council. These meetings will be established in the coming weeks and aim to support each Committee with their understanding of individual instruments of delegation.

OFFICER'S RECOMMENDATION

That Council, in exercise of the power conferred by section 65 of the Local Government Act 2020 (the Act), resolves to:

1. Establish the following Community Asset Committees of Council:

- o Creswick Museum Community Asset Committee;*
- o Lee Medlyn Home of Bottles Community Asset Committee;*
- o Drummond Hall Community Asset Committee;*
- o Dean Recreation Reserve and Tennis Courts Community Asset Committee;*
- o Lyonville Hall Community Asset Committee; and*

2. *Appoint the committee members as detailed at Attachment 1 to this report to the newly established Community Asset Committees, thanking them for their service to the Committees to date;*

3. *Delegate the power to approve future committee member appointments to the Chief Executive Officer; and*

4. *Approve for the Instrument of Delegations (IODs) for each Council Community Asset Committees to be executed by the Chief Executive Officer as per the Local Government Act 2020.*

MOTION

That Council, in exercise of the power conferred by section 65 of the Local Government Act 2020 (the Act), resolves to:

BACKGROUND

- i. The Local Government Act received Royal Assent and was passed into Law on 24 March 2020.
- ii. The Act is a principles-based Act, with the aim to be less prescriptive and more enabling for local government agencies.
- iii. The Act mandates that councils must adhere to the overarching Governance Principles and Public Transparency Principles as set out in the legislation.
- iv. Over the lifecycle of the *Local Government Act 1989* many amendments were made to ensure committees formed by councils, for a range of purposes were prescribed under the Act.
- v. However, the cumulated amendments created confusion and uncertainty, which was exacerbated by the different roles and processes imposed on different types of committees.
- vi. The new Act (2020) simplifies the approach to committees. The Act species only three types of committees, and the powers and administrative arrangements related to those committees.
- vii. It is important to note that Section 86 of the *Local Government Act 1989* was repealed on 1 May 2020 and has not carried over to the *Local Government Act 2020*.
- viii. As such, Council need to adopt and transition new committees by 1 September.
- ix. Under the Act (2020) a limited number of committee types are defined as
 - a. Delegated Committees
 - b. Community asset committees
 - c. Audit and Risk Committee.

Community Asset Committees of Council:

- A community asset committee is a committee with powers of the Council, established and with members appointed by Council, with the powers delegated by the Chief Executive Officer (CEO), subject to the terms and conditions specified by the CEO, for the purposes of managing a community asset in a municipal district (s 65(2)).
- The governance arrangements for these committees are specified by the Chief Executive Officer (s 47(4)). These terms and conditions must include the limits and purpose of any financial delegation that can be exercised by the committee; governance arrangements; and monitoring and reporting requirements.
- These committees will be set reporting standards specified by the CEO, and the CEO must submit an annual report to Council.

- A Council can establish a community asset committee and appoint as many members as Council considers necessary to enable the community asset committee to achieve the purpose of maintaining a community asset in the municipal district.
- A member of a community asset committee to whom a delegation is given can only exercise the delegation while acting as a member of the community asset committee at a meeting of the community asset committee.
- It is important to note that the Act is silent on the requirements of a community asset committee to the number of members each committee has, that the meetings no longer need to be open to the public, and that they don't have to have physical face to face meetings and can do this virtually. They are not governed by Councils Governance Rules and meeting procedure.
- The Act makes specific reference to Councils adhering to overarching governance principles and to give rise to public transparency principles (Section 9 and section 58 respectively).
- Officers are seeking some guidance from Councillors with respect to some of the potential requirements are set by the CEO to continue to be an open and transparent committee of Council and consider things such as whether meeting notices need to be advertised, whether the meetings are open to the public, responsibilities of office bearers, and submitting meeting minutes to Council for consideration and adoption. These will be discussed at the briefing.

KEY ISSUES

Current Section 86 Committees of Council

Hepburn Shire Council currently have 6 Special Committees of Council (S86 Committees) that are long standing and have been in establishment since either 1997 or 1998 being:

- Creswick Museum Special Committee
- Lyonville Hall Special Committee
- Dean Recreation Reserve and Tennis Courts Special Committee
- Lee Medlyn Home of Bottles Special Committee
- Glenlyon Recreation Reserve Special Committee
- Drummond Hall Special Committee

Engagement and communications plan to date:

- Information sharing with respect to officers' approach to implementation of the 2020 Act and thereafter the transition of current section 86 committees of Council to community asset committees via email on:
 - 15 June 2020
 - 9 July 2020

- Two virtual meetings were established and facilitated by the Governance and Risk Team inviting x 2 representatives from each current s86 committee of Council to either an afternoon or evening session:
 - Tuesday 28 July 2020 from 2.00pm - 3.30pm
 - Thursday 30 July 2020 from 7.00pm - 8.30pm
- Representatives from a range of Council departments including Major Projects, Waste and Facilities, Community and Economic Development and Governance were present.
- In total there were 10 representatives from the s86 committees, representing the following:
 - Drummond Hall Special Committee of Council
 - Dean Recreation Reserve Special Committee of Council
 - Glenlyon Reserve Recreation Reserve Special Committee of Council (including user group representative from Pony Club)
 - Creswick Museum Special Committee of Council
 - Lyonville Hall Special Committee of Council
- Each committee was provided with an hour and a half introduction into the Local Government Act 2020, Council's approach to the transition, development of the instrument of delegation and proposed workshops post 1 September 2020.
- At the time of writing this report, Regional Victoria are in Stage 3 Government Restrictions/Lock Down due to the COVID-19 pandemic. The committees are unable to use their facility, hire out their facility and meet, unless they do so in line with the Ministerial Guidelines in holding virtual meetings of Council.
- The below table provides a brief summary of changes.

As per the report body, it is recommended that Council delegates the power to appoint members to CACs to the CEO.

Instruments of Delegation

Officers are currently preparing the Instruments of Delegation (IOD's) to be executed by the Chief Executive Officer to the Community Asset Committees, and will be tailored to each individual committee in terms of the asset that they manage, however the key elements including the governance requirements remain consistent with the template.

Officers are proposing the following:

Things that will change for Community Asset Committees in their IOD's

- Instruments will be authorised and members will be appointed after initial establishment of committees and appointment of members by Council to the CEO, not Council resolution as is current process. This approach is common across the sector from benchmarking and also removes the wait time between ordinary council meetings for members to be appointed and removes process.
- The Committee itself will still be established by Council Resolution.

- Removal of requirement for meeting to be public and in person. Dates of meeting should still be published and community members welcomed to attend.
- Greater focus on management of the asset (facility or collection)
- Greater role clarity – clear delineation of Council and Committee roles

Things that will stay the same:

- Current members are welcome to continue if they wish to
- Requirement for user groups to be represented on the committee will continue
- Requirement to hold AGM and appoint office bearers remains
- Financial limits, and limits to what funds can be spent on, will remain
- Requirement to file financial returns and report regularly remains
- Requirement to file minutes remains
- Responsibility to set fees for use of/visitors to the facility remains
- Requirement to declare a conflict as required when voting at meetings remains, in the interest of good governance
- Major maintenance remains the responsibility of Council

RISK IMPLICATIONS

Due to the COVID-19 Government restrictions officers have been unable to have individual face to face meetings with the Committees.

Virtual meetings may have posed issues to those committees who did not have the technology to support a virtual meeting.

Telephone conversations with members who were not able to connect to the virtual meetings have been undertaken.

COMMUNITY AND STAKEHOLDER ENGAGEMENT

Adequate engagement with Council staff, internal departments that support the Special Committee of Council and the Committees themselves has been undertaken.

1. Revised Instrument of Delegation Council to CEO (S5) [5.8.1 - 4 pages]
2. Revised Instrument of Delegation Council to Council Staff (S6) [5.8.2 - 97 pages]

EXECUTIVE SUMMARY

Instruments of Delegation represent the formal delegation of powers by Council under the *Local Government Act 2020* (2020 Act) and enable the business of Council to be carried out efficiently and in line with Council approved policies.

The previous versions of the Instrument of Delegation to the CEO and the Instrument of Delegation to Members of Council Staff were executed on 19 November 2019 under the *Local Government Act 1989* (1989 Act).

The revised instruments reflect the commencement of the 2020 Act, the continuation of some powers under the 1989 Act, and minor legislative changes and amendments suggested by Maddocks as part of their continual review processes.

To ensure continuity, Council must adopt revised Instruments of Delegation before 1 September 2020.

BACKGROUND

Instruments of Delegation represent the formal delegation of powers by Council. Section 11(1)(b) of the 2020 Act provides for a Council to delegate powers, duties and functions to its CEO under the 2020 Act or any other Act, other than certain specified powers.

Delegations enable the business of Council to be carried out effectively, in line with Council approved policies.

The first of new powers of delegation under the 2020 Act commenced from 1 May 2020. Unless sooner revoked, an existing delegation made by a Council or its CEO under the 1989 Act continues in force until 1 September 2020.

The current Instrument of Delegation to the Chief Executive Officer and Instrument of Delegation to Members of Council Staff were executed on 19 November 2019.

Council subscribes to the Maddocks Authorisations and Delegations Service, which provides advice regarding legislative amendments and template instruments which are then tailored to organisational requirements. Maddocks have informed Council about the legislative changes since June 2020 that affect the powers, duties and functions of Council.

On advice received from Maddocks, the requirement to apply the Common Seal has been removed from the revised instruments. They will instead be signed by the Mayor and CEO once adopted by Council.

KEY ISSUES

Instrument of Delegation to Chief Executive Officer (S5)

The revised Instrument of Delegation to CEO (S5) is based upon the previous Instrument considered by Council in November 2019.

The revised Instrument has been drafted to take into account the matters that cannot be delegated by the CEO pursuant to section 11(2) of the 2020 Act. These matters are listed as Conditions and Limitations in the Schedule to the Instrument, including the condition under section 11(5) that any delegation to enter into a contract must include a financial limit.

The revised instrument, including tracked changes is included at Attachment 1. In summary, the legislative changes to the revised Instrument of Delegation are:

- Commencement of the Local Government Act 2020;
- A limitation that the CEO cannot adopt or amend the Governance Rules, any policy required under the Local Government Act, the Council Plan, the Council budget, or a local law;

- a Council may delegate to the CEO the power to appoint an Acting CEO for a period not exceeding 28 days.

These provisions are not intended to limit the types of documents or matters that can come to Council for adoption or amendment but are intended to provide minimum standard of what must be brought to Council. The instrument also includes a provision that the CEO cannot make a decision in contravention of a strategy or policy that has been adopted by Council. This is consistent with practice across the sector.

A copy of the recommendation to be put to Council at the August Special Meeting of Council, as drafted by Maddocks, is provided at Attachment 2.

Instrument of Delegation to Council Staff (S6)

The revised Instrument of Delegation to Members of Council staff is based upon the previous Instrument considered by Council in November 2019.

The Instrument has been revised to take into account recent legislative changes and to provide further clarity on officer powers.

Amendments to the delegated powers, duties and functions in the revised Instrument of Delegation to Members of Council Staff are largely administrative in nature and will not result in any significant changes to current practices

The revised instrument, including tracked changes is included at Attachment 3. In summary, the legislative changes to the revised Instrument of Delegation are:

- a) Commencement of the Local Government Act 2020;
- b) the commencement of some changes to the Residential Tenancies Act 1997;
- c) on 2 December 2019, the Rail Safety (Local Operations) Act 2006 was repealed by s 118 of the Rail Safety Legislation Amendment (National Services Delivery and Related Reforms) Act 2019
- d) amendments to the Residential Tenancies Act 1997 under the Residential Tenancies Amendment Act 2018
- e) amendments to the Road Management Act 2014 to reflect the changes made by the Transport Legislation Amendment Act 2019

A copy of the recommendation to be put to Council at the August Special Meeting of Council, as drafted by Maddocks, is provided at Attachment 4.

Instruments of Delegation to be authorised by the CEO

The following instruments will be authorised by the CEO once Council has considered the Instrument of Delegation to the CEO.

Instrument of Sub-Delegation by CEO (S7)

Section 47 of the 2020 Act provides the CEO the power to sub-delegate any powers, duties or functions that has been delegated to him or her to members of Council

staff. These powers, duties or functions may be delegated to a named person or to the holder of a specified position.

The revised Instrument of Sub-Delegation provided refers to both the 2020 Act and the 1989 Act. This is because:

- Not all provisions of the 2020 Act are yet in force;
- The 1989 Act is intended to continue in force, with some provisions surviving until the 2020 Act is, or other Acts are, amended.

The Instrument sets out the commencement date of the new provisions of the 2020 Act and the date by which the provisions of the 1989 Act will be repealed. Where no date is specified against provisions of the 1989 Act, this means no current repeal date is set and the provisions continue.

Instrument of Delegation by CEO of CEO powers, duties and functions to Members of Council Staff (S13)

This instrument allows the CEO to delegate powers, duties and functions existing under all Victorian legislation. This differs to the Instrument of Sub-Delegation by CEO (S7) in that it does not relate to *Council* powers, duties and functions, but those vested in the CEO personally.

Previously, elements of this Instrument have been incorporated into the Instrument of Sub-Delegation by CEO (S7). A stand-alone Instrument has been established to bring Council back in line with Maddocks' recommended format and process.

Instrument of Delegation by CEO for VicSmart Applications (S14)

The revised Instrument of Delegation by CEO for VicSmart Applications (S14) is based upon the previous Instrument considered by Council in September 2017. The S14 Instrument has been updated to reflect the commencement of the 2020 Act and amendments will have limited administrative impact.

New - Instrument of Delegation by CEO for Bushfire Reconstruction (S16)

This provides for the CEO to delegate his or her powers as a responsible authority under the *Planning and Environment Act 1987* in relation to bushfire reconstruction applications in light of Amendment VC179.

The new Instrument takes into account the new provision which exempts planning permit applications for the use and development of land from third-party notice and review requirements, subject to meeting the conditions of the clause. The application must be made within 5 years of the damage or destruction of the building.
