#### **CONDUCTING HYBRID COUNCIL MEETINGS**

In the spirit of open, transparent and accountable governance, this meeting will be livestreamed on Council's Facebook page. The meeting will also be recorded and made available on Council's website as soon as practicable after the meeting.

- Council's meeting will be conducted tonight in accordance with:
- The Local Government Act 2020
- The Minister's Good Practice Guideline MGPG-1: Virtual Meetings
- Council's Governance Rules; and
- The Hepburn Shire Council Councillor Code of Conduct.

#### 1 ACKNOWLEDGEMENT OF TRADITIONAL OWNERS

Hepburn Shire Council acknowledges the Dja Dja Wurrung as the Traditional Owners of the lands and waters on which we live and work. On these lands, Djaara have performed age -old ceremonies of celebration, initiation and renewal. We recognise their resilience through dispossession and it is a testament to their continuing culture and tradition, which is strong and thriving.

We also acknowledge the neighbouring Traditional Owners, the Wurundjeri to our South East and the Wadawurrung to our South West and pay our respect to all Aboriginal peoples, their culture, and lore. We acknowledge their living culture and the unique role they play in the life of this region.

#### 2 SAFETY ORIENTATION

Emergency exits and convenience facilities at the venue to be highlighted to members of the public in attendance.

#### 3 OPENING OF MEETING

**COUNCILLORS PRESENT:** 

**OFFICERS PRESENT:** 

# STATEMENT OF COMMITMENT

"WE THE COUNCILLORS OF HEPBURN SHIRE

DECLARE THAT WE WILL UNDERTAKE ON EVERY OCCASION

TO CARRY OUT OUR DUTIES IN THE BEST INTERESTS OF THE COMMUNITY

AND THAT OUR CONDUCT SHALL MAINTAIN THE STANDARDS OF THE CODE OF

GOOD GOVERNANCE

# SO THAT WE MAY FAITHFULLY REPRESENT AND UPHOLD THE TRUST PLACED IN THIS COUNCIL BY THE PEOPLE OF HEPBURN SHIRE"

#### 7 NOTICES OF MOTION

# 7.1 NOTICE OF MOTION - MUNICIPAL ASSOCIATION OF VICTORIA STATE COUNCIL MOTION - REVIEW OF THE RATING SYSTEM

Go to 00:04:15 in the meeting recording to view this item.

The Notice of Motion was put forward by Cr Brian Hood on 15 January 2024.

#### INTRODUCTION

A meeting of the Municipal Association of Victoria (MAV) State Council will be held on Friday 17 May 2024. Motions can be put forward by an individual Council to be considered by the State Council.

The MAV Rules 2022 (the Rules) require motions to be of strategic relevance to the MAV or of such significance to local government that they ought to be considered at the State Council meeting.

The proposed motion seeks to require the Victorian State Government to under a comprehensive, independent review of the workings of the rating system, specific to the rate cap provisions. Such as review has not been undertaken since the introduction of the Fair Go Rates System in 2015.

#### **MOTION AS PROPOSED**

That Council resolves to submit the following motion to the May 2024 MAV State Council meeting:

"That the MAV calls upon the Victorian State Government to undertake a comprehensive, independent review of the workings of the rating system, specific to the rate cap provisions. While acknowledging the State Government's policy to apply a rate cap, that the MAV seeks review of the application of the system – with the objective of improving its effectiveness and supports long term sustainability for rural, regional and metropolitan municipalities."

#### **MOTION**

That Council resolves to submit the following motion to the May 2024 MAV State Council meeting:

"That the MAV calls upon the Victorian State Government to undertake a comprehensive, independent review of the workings of the rating system, specific to the rate cap provisions. While acknowledging the State Government's policy to apply a rate cap, that the MAV seeks review of the application of the system – with the objective of improving its effectiveness and supports long term sustainability for rural, regional and metropolitan municipalities."

# 7.2 NOTICE OF MOTION - NATIONAL GENERAL ASSEMBLY OF LOCAL GOVERNMENT - ANNUAL LOCAL GOVERNMENT COST INDEX

Go to 00:08:28 in the meeting recording to view this item.

The Notice of Motion was put forward by Cr Brian Hood on 26 February 2024.

#### INTRODUCTION

The Australian Local Government Association is calling for councils to submit motions for the 2024 National General Assembly of Local Government (NGA), which will be held from 2 - 4 July 2024 in Canberra.

The NGA is the premier national gathering of local governments, and provides councils with the opportunity to come together, share ideas, debate motions, and most importantly unite and further build on the relationship between local government and the Australian Government.

Many States across Australia currently have a Local Government Cost Index (LGCI). A LGCI is designed to better reflect the cost increases associated with the delivery of local government services, recognising that the CPI alone does not reflect cost increases across the range of council services. Victoria does not currently have a LGCI, and there is no national index. The proposed motion seeks to require the establishment of a National Local Government Cost Index, which could be considered for annual movement to recurrent funding and would assist Councils in budget planning and State Governments in the consideration of applications rate caps.

#### **MOTION AS PROPOSED**

That Council resolves to submit the following motion to the 2024 National General Assembly of Local Government:

"The National General Assembly urgently calls on the Australian Government to provide funding for the establishment and ongoing update of an annual Local Government Cost Index, given that the Consumer Price Index (CPI) issued by the Australian Bureau of Statistics (ABS) measures household inflation, which is not a true indication of the cost factors impacting on Local Governments. The Local Government Cost Index could be used to assess annual adjustments to recurrent grant funding."

#### **MOTION**

That Council resolves to submit the following motion to the 2024 National General Assembly of Local Government:

"The National General Assembly urgently calls on the Australian Government to provide funding for the establishment and ongoing update of an annual Local Government Cost Index, given that the Consumer Price Index (CPI) issued by the Australian Bureau of Statistics (ABS) measures household inflation, which is not a true indication of the cost factors impacting on Local Governments. The Local Government Cost Index could be used to assess annual adjustments to recurrent grant funding."

#### 9 COUNCILLOR AND CEO REPORTS

#### 9.1 MAYOR'S REPORT

Go to 00:12:53 in the meeting recording to view this item.

#### **Councillor Brian Hood, Coliban Ward**

Councillors and Community,

The past month has featured a number of signature events for our Shire.

We celebrated International Women's Day by inducting five worthy nominees into the Heather Mutimer Honour Roll, acknowledging their wonderful contributions to our communities over many years, and enjoyed another fantastic Chillout festival. The second sustainability fair was held last weekend, showcasing all things sustainability.

The community support for those three events was wonderful and I also thank Council's hardworking staff who staged those events so professionally.

Three important announcements were made in the past month. Local State MP and Minister for Ambulance Services Mary-Anne Thomas announced the creation of a new ambulance station for the shire, located in Trentham. This critically important function will serve local communities well and take some pressure off existing facilities. This welcome step forward again illustrates the effectiveness of advocacy from community groups and Council.

A second announcement was the impending temporary closure of Daylesford Town Hall for much-needed renovations, including a new roof and electrical systems. Council is doing the right and respectful thing by restoring this historic building. Through the period of these works the opportunity will be taken to explore how the functionality of the building can be optimised for the community's benefit, possibly encompassing the inclusion of the Daylesford library into this site. That will depend on expert advice. Tonight's agenda will consider the formation of a PAG to help steer that important project.

Thirdly, the state government announced the outcome of the electoral review conducted late last year. For Hepburn Shire the October 2024 election will be based on an unsubdivided model, meaning the seven councillors will come from anywhere across the shire and will not represent a ward. Ahead of the election Council will, in conjunction with the VEC, provide information to the community on the workings of this model and some broader information on the role of a councillor.

Finally, tonight's agenda also includes the half-year financial report and mid-year budget review.

In the context of compiling a fresh 10-year financial plan the financial position at December again discloses a tightly constrained cash position. There are no surprises there. Sector-wide challenges, and some challenges specific to Hepburn Shire, focus attention on diligent cost control and the setting of affordable strategic priorities. That is the context in which councillors will be setting the long-term direction. Looking ahead....I encourage community members to attend the festivities at Clunes Booktown this coming weekend and Cresfest in a couple of weeks.

#### 9.2 COUNCILLOR REPORTS

# Councillor Tessa Halliday, Cameron Ward

The Clunes PAG for our recreation facilities met on 22 February and 15 March 2024 and are solidifying feedback on the masterplan for the existing site and investigating the possible Greenfields sites.

Councillors have been working hard with extra workshops to review and discuss the township masterplans and we are looking forward to it being released for public comment in April.

I was honoured to be an MC at the IWD event this year alongside Cr Jen Bray. It was a wonderful evening as always and congratulations to the inductees.

Chillout was really enjoyable as always, I marched in the parade with council as part of their fun FOGO entry, a stand out was Cr Tim Drylie with his very animated raking and Cr Lesley Hewitt with her very blinged outfit. I also marched with Trentham Playgroup and their little train.

I attended Gender equity training run by MAV last week which was very informative and gave me a lot of ideas to bring back to the council group and knowledge to bring to my role as councillor.

# **Councillor Don Henderson, Creswick Ward**

Sustainable Hepburn was cause for me to do some research. Some years ago our company Tripstop did gather data when discussing road maintenance issues with concrete roads in The United States. The discovery that uneven and rough roads had an impact upon car maintenance and also a very big effect upon fuel consumption, and at that time it was not on my mind to consider the greenhouse gas issue.

Research shows that up to 15 % more fuel is used and added to tyre wear this has a huge impact globally on greenhouse gas emissions.

The manufacture and disposal of tyres is a huge impost on the environment.

I really believe Mayor that we should take a deep dive into this issue instead of tinkering around with small feel good projects that whilst they are important do little to address the pollution problem over all.

There can be a win for the environment by concentrating our efforts on fixing and maintaining our roads. There is an ever increasing cost in attempting to reduce our carbon footprint so why not make our shire the one with the best fuel saving rate in the country. By default this will save our ratepayers and residents not only on fuel but also on vehicle maintenance and tyre replacement.

A search of the internet will lead anyone interested in this subject to the very well regarded data from eminently qualified researchers.

Back to more local matters I attended a function recently where the Creswick and District Community Bank handed over a cheque to a community organisation that took the total

funds from the bank back to the community over \$2m. A great achievement and a return shown to the community who bank there.

I also joined the Clunes Agricultural Society for their AGM. This show has been going for 164 years. At a time when these shows are declining the Clunes Show is getting stronger.

I also dropped in to the Sustainable Hepburn day and others will no doubt have plenty to say about the event. To me it showed the will of small producers to make their best effort to help the environment but as the centrepiece of our Council plan we will have to broaden the focus to include all of our primary producers as well as residents.

Others will have plenty to say about International Women's Day and to me it was great to catch up with our fabulous guest speaker Professor Paula Gerber who I worked with on women's issues and had not seen for around 30 years.

# **Councillor Tim Drylie, Creswick Ward**

This month has been one of festivals, community celebrations and a lot of consolidated work internally within Council as we head into the final stages of the important township structure plans with councillor workshops and feedback from the community being considered. We also discussed finalising the draft of our highly anticipated Arts & Culture Strategy and have been engaged in working through our long term financial plans and reviewing our more immediate constrained budgetary environment. The implementation of our Food and Organics green bins is just around the corner in early April and it will be an important step to reduce the large amount of organic waste currently going to landfill and that contributes to global warming. Make sure you get along to Clunes Booktown this weekend and the amazing CresFest on the first weekend in April.

Last weekend, I was very pleased to attend and participate in the Sustainable Hepburn Day Out at Victoria Park in Daylesford. It was a lovely celebration of local community initiatives helping to heal our environment, addressing habitat loss and biodiversity, tackling waste and recycling and addressing the tricky issue of climate change and how we adapt at a local level. I'm glad we were able to launch our Circular Economy Tool Kit at the event and I was impressed at the supper effort our staff, Sustainable Hepburn Advisory Committee members and community members went to make this such a successful and enjoyable day. I had so many inspiring conversations and interactions with stallholders and visitors alike.

During the month, I also attended the Chillout Festival parade with councillor colleagues and great number of staff who made themselves available on a Sunday to celebrate and support our valued LGBTIQA+ community. The theme 'Boots and Bling' was well represented with a great deal of flair and flamboyance and our earthy FOGO compost theme was also pleasingly received by the crowd. It is such a fun and important festival for our shire on so many fronts.

A few days before that we celebrated International Women's Day with the extremely well attended and organised Heather Mutimer Women's Honour Roll event at the Daylesford Town Hall. Congratulations to Anne Bremner, Nikki Marshall, Marj Green, Michelle Clifford, Yvonne Sillett for being inducted onto the honour roll and thanks to everyone who spoke so eloquently and passionately on the night, including the young women from Daylesford Secondary College, guest speaker Professor Paula Gerber, and DJAARA elder Peta Hudson for her moving Welcome to Country.

I was also pleased to attend the Creswick Community Bank celebration which was also incredibly well attended by local community groups who have all benefited from the \$2 million dollars the bank has contributed to the Creswick and district community over the past few years. I'd like to thank them for their continuing good work.

Lastly, I'd just like to express by gratitude for having the opportunity to attend the Circular Economy Summit in Sydney, where industry experts, sustainability professionals, and government leaders convened to explore innovative strategies and best practices for transitioning towards a circular economy model. The summit provided a valuable platform for delving into approaches for reducing waste, optimising resource utilisation, and enhancing product life cycles. Embracing circular economy principles not only demonstrates environmental responsibility but also presents opportunities for cost savings and revenue generation through product redesign, reuse, recycling and regenerative models for business and governments.

# Councillor Juliet Simpson, Holcombe Ward

Presented a verbal report.

# Councillor Jen Bray, Birch Ward

Activities since Tuesday 20 February 2024

22 February

Sustainable Hepburn Day planning session with HSC staff and community members 26 February and 4 March

Council Strategic Planning Workshop

Attended presentation from various departments and consultants to look at the detail in the proposed structure plans for all townships. A very thorough piece of work involving many technical studies into bushfire, biodiversity, waterways, heritage, walking cycling and transport, urban design, commercial and industrial, development and whole town boundary planning. This will be presented to the community for their feedback in coming months. This work will inform the future development and preservation of our towns for the next 30 years.

29 February

Ribbon making with community members for International Women's Day. The three colours were worn by Suffragettes: purple for dignity and loyalty, white for purity, green for hope.

7 March

Heather Mutimer Honor Roll and International Women's Day

It was an honour to be able to MC the International Women's Day Celebration in the Daylesford Town Hall along with Cr Tessa Halliday. It's the day when we recognise the incredible role women play in all our lives, reflect on the achievements women have made in the past, and acknowledge the work ahead of us to achieve equity and justice for women all over the world

Our Guest Speaker, Professor Paula Gerber, addressed the challenges of working in a male-dominated work environment in Construction Law. We also heard inspiring stories and performances from Daylesford College students.

It was a proud moment to induct five women onto the Heather Mutimer Honor Roll for 2024. whose contributions, courage and examples have led to significant social

change for women and act as inspiring role models and leaders in our community. The Heather Mutimer Honour Roll inductees for 2024 are:

Anne Bremner

Nikki Marshall

Marj Green

Michelle Clifford

**Yvonne Sillett** 

9 March

ChillOut Festival

I attended the ChillOut Youth Muster at Victoria Park and heard some outstanding performances by our young local talent on the big stage. A great safe space for our young Rainbow crew to get together and celebrate. Congrats to ChillOut organisers for another wonderful festival, celebrating pride in our LGBTIQA+ community.

16 March

Sustainable Hepburn Day Out

I was excited to be part of the team presenting Sustainable Hepburn Day Out at Victoria Park.

There was such a buzz in the air, a fun festive vibe with so many local community groups and businesses presenting sustainable solutions to waste, energy, housing, clothing, food, repair, transport and caring for nature. We heard rockin' tunes by local bands, watched an Up Cycle Fashion show and saw no disposable food packaging on site, thanks to our busy team at the dishwashing station. I had fun creating and presenting a display of "What goes in what bin" by arranging recycling materials in the yellow bin, rubbish in the red landfill bin and green and organic waste in the green FOGO bin. It can be confusing and slightly complicated to get your head around what goes where and I learnt a lot from doing this exercise. Our website has a full list of what can and can't go into each coloured bin which is very helpful. Thanks to all the hardworking team of staff from Hepburn Shire who planned this day, and made it happen on the ground, thanks to all the groups and businesses who shared the vision and participated, and to all those who came along to learn, share and enjoy the day.

Radius Arts Sustainability Festival

#### **Councillor Lesley Hewitt, Birch Ward**

We held our annual International Women's Day event on 7 March (IWD is held annually on 8 March) inducting five women onto the Heather Mutimer Women's Honor Roll. Congratulations to Anne Bremmer, Michelle Clifford, Marj Green, Nikki Marshall and Yvonne Sillett. All these women have, over many years, made a great contribution to our community life. It was a celebratory event with an inspiring address by Associate Professor Paula Gerber and performances and speeches by several young women from the Daylesford Secondary College. For me however there

were sombre undertones to reflect on – coincidentally it was also the day that a young man was charged with the murder of Samantha Murphy, a local Ballarat woman who had been missing for over a month. For me, this was a poignant reminder that whilst we celebrate women's achievements and contributions there is still work to be done to address violence against women and to ensure gender equity.

The Gender Equity Committee met during the month and an item on the agenda was the Fair Access to All policy, required by the state government and aimed at ensuring all Council buildings are safe accessible places for all genders. It was noted by the Committee that an audit of Council facilities re gender accessible sporting facilities was the number one priority for the Women and Girls Sporting strategy developed in the previous Council and was still needed now. A timely reminder, given the Shire's current financial position, that strategies are important to guide direction, but that without funding, actions do not happen.

Well done to the Hepburn Shire librarians who again organized Rainbow Story Time at the library as part of the Chill Out celebrations. Thank you also to the Rainbow Community Angels who turned up to support the event in the face of a small protest. We pride ourselves on being an inclusive community – it is one of our values, but the protest was a reminder that we cannot take that inclusivity for granted and we all need to stand up and ensure that the things we value are maintained.

Since the last Council meeting Councillors, along with planning staff have focused on getting the draft structure plans for the five main teams ready for public exhibition. This will happen shortly and will help guide development in the Shire for the next thirty years.

I also attended the MAV Regional Meeting. Small rural Councils in the Mallee Wimmera Central Zone all have the same issues – the potential negative impact of the Western Renewable Link on our farming community, increased costs of Council projects and financial sustainability and managing the impact of the outcome of the recent electoral structure reviews and Ministerial guidelines on waste. All relevant concerns that also underpin Agenda Items 7.1, 7.2 (Notices of Motion) 13.1 Quarter 2 2023/2024 (Finance Report) and 13.3 (Mid-Year Budget Review)

A list of diary activities for the month is below.

# **Councillor Diary Activities**

Council Meeting – 20/2/24, 19/12/23

Councillor Briefings - 27/2/24, 5/3/24, 12/3/24

Councillor Strategic Planning Workshop - 26/2/24, 27/2/24, 4/3/24

Victoria Park Lighting DFNC – 1/3/24

Gender Equity Advisory Committee – 6/3/24

Highland Gathering AGM - 6/3/24

Heather Mutimer IWD Honour Roll Event - 7/3/24

Library Rainbow Storytime - 9/3/24

Chill Out Parade - 10/3/24.

Daylesford/Hepburn Springs Structure plan Meeting 4/3/24

Wimmera Southern Mallee, Central Highlands MAV Regional meeting - 14/3/24

Sustainable Hepburn Day – 16/3/24

#### 9.3 CHIEF EXECUTIVE OFFICER'S REPORT

Go to 00:36:06 in the meeting recording to view this item.

The Chief Executive Officer Report informs Council and the community of current issues, initiatives and projects undertaken across Council.

#### **CHIEF EXECUTIVE OFFICER UPDATE**

Late last month, some of our neighbouring Councils were impacted by the Bayindeen fire. The potential impact area was also forecasted to include Clunes, and Clunes residents were issued with a leave early message. Council enacted its emergency management plans and worked closely with agencies on the risk to Clunes and other parts of our Shire. Our thoughts and best wishes go out to everyone impacted by the fires, including the many people working around the state and country to extinguish blazes.

Thankfully our Shire wasn't impacted by the fire and Clunes residents were able to return home, however it serves as an important reminder to have an emergency plan prepared, including for your pets and livestock. In emergency events, it's important to keep informed and follow directions issued by VicEmergency and download the VicEmergency app or listen to ABC radio.

On Tuesday 5 March I attended a Mayors and CEOs event at Parliament House in Melbourne, coordinated by Rural Councils Victoria. This was an excellent opportunity to gain insights on government policy and departmental changes. We discussed how to best manage relations with government, opposition and crossbench MPs. The Premier, The Hon Melissa Horne MP (Local Government Minister), local Macedon MP Mary-Anne Thomas and many other MPs were hosted by our Ripon member Martha Haylett MP. It was an excellent opportunity to meet and discuss issues impacting Councils with MPs from across Victoria.

Council is pleased to have secured a funding grant to have lighting installed at Victoria Park Daylesford so you can play and practice into the evening. This is fantastic news for all users of Victoria Park and compliments the previously announced funding for Newlyn Recreation Reserve. Sport and Recreation Victoria's Country Football and Netball Program will contribute \$250,000 to light up the netball court and football oval, with works completed in time for next years' sporting season.

Kathie Schnur (Council), Cr Jen Bray, Bradley Thomas (Council), Mary-Anne Thomas MP, Cr Lesley Hewitt and Carson White (Daylesford Football Netball Club)

We have announced to staff and community we anticipate that the Town Hall will close later this year and will need to be shut for approximately 18 months. During this time the office will relocate to temporary accommodation at 24 Vincent Street, Daylesford. Priority works to protect the significant heritage building include extensive repairs to the roof, parapets and chimneys, with electrical upgrades to commence once the roof is replaced.

We will also assess the feasibility of consolidating and upgrading the Town Hall so it could act as a community hub for Daylesford and surrounds. The project will look at whether the building could be refurbished to include a library along with multipurpose community spaces to cater for meetings, functions, performances and events.

There are many steps required before this kind of project would proceed. In order to assess the feasibility of the project we need to obtain architectural advice on the suitability of the site, receive community input and consider concept designs. We will establish an eight-member Project Advisory Group (PAG) made up of community members in April to guide discussions on how the proposal would best meet the community's needs.

On Thursday 7 March, Council hosted the Heather Mutimer International Women's Day Honour Roll event. Hepburn Shire Council inducted Anne Bremner, Nikki Marshall, Marj Green, Michelle Clifford and Yvonne Sillett to the honour roll, which was established in 2005 to pay tribute to the women in Hepburn Shire whose contributions, courage and efforts have led to significant social change for women.

IWD event - Cr Jen Bray, Michelle Clifford, Helen Hogg (wife of Yvonne Sillett), Anne Bremner, Nikki Marshall, Marj Green (front), Heather Mutimer and Cr Brian Hood.

The same evening, I attended the ChillOut Opening event at the Masonic Lodge in Daylesford. It was a hot weekend for ChillOut (Australia's largest and most popular regional LGBTIQA+ pride event) – congratulations to the Committee, local businesses, and our wonderful community.

Councillors, staff and Advisory Committee members at ChillOut parade.

This month we have been incredibly busy with multiple workshops with Councillors being undertaken in relation to the draft five Township Structure plans. An incredible

amount of work has been put in to date and we expect the drafts will be released for community comment in April 2024.

On Saturday 16 March Council are hosting the Sustainable Hepburn Day Out from 10am-3pm at the Victoria Park Showgrounds in Daylesford. There will be workshops, exhibits, games, live music, local food, and stallholders in attendance. I encourage you to attend.

A highlight this month, Council was recognised for significant progress in building a positive health and safety culture, taking out the OHS Leadership/Achievement award at last night's Victorian WorkSafe Awards.

Council was one of eight winners across a number of categories, representing the healthcare, emergency services, agriculture, transport and local government sectors that were honoured for their commitment to preventing workplace harm or improving outcomes for injured workers.

The award is recognition of the commitment to safety shown over the last 12 months and we are incredibly proud as an organisation with this award. We have made significant improvements to our workplace health and safety culture, including recognising the critical role our health and safety representatives play in building positive engagement with staff and encouraging a safety mindset.

We've worked hard to increase the number of health and safety representatives to 20 across different departments. We have also developed health and safety policies and practices that address workplace hazards. Training has also been a key to improving the safety culture and our staff have been amazing in driving the improvements.

#### RECOMMENDATION

#### 10 PUBLIC PARTICIPATION TIME

This part of the Ordinary Meeting of Council allows for the tabling of petitions by Councillors and Officers and 30 minutes for the purposes of:

- Tabling petitions
- Responding to questions from members of our community
- Members of the community to address Council

Community members are invited to be involved in public participation time in accordance with Council's Governance Rules.

Individuals may submit written questions or requests to address Council to the Chief Executive Officer by 10:00am the day before the Council Meeting.

Some questions of an operational nature may be responded to through usual administrative procedure. Separate forums and Council processes are provided for deputations or for making submissions to Council.

Questions received may be taken on notice but formal responses will be provided to the questioners directly. These responses will also be read out and included within the minutes of the next Ordinary Meeting of Council to make them publicly available to all.

#### BEHAVIOUR AT COUNCIL MEETINGS

Council supports a welcoming, respectful and safe environment for members of the community to participate at Council Meetings regarding issues that are important to them. Council's Governance Rules sets out guidelines for the Mayor, Councillors, and community members on public participation in meetings. It reinforces the value of diversity in thinking, while being respectful of differing views, and the rights and reputation of others.

Under the Governance Rules, members of the public present at a Council Meeting must not be disruptive during the meeting.

#### Respectful behaviour includes:

- Being courteous when addressing Council during public participation time and directing all comments through the Chair
- Being quiet during proceedings
- Being respectful towards others present and respecting their right to their own views

# Inappropriate behaviour includes:

- Interjecting or taking part in the debate
- Verbal abuse or harassment of a Councillor, member of staff, ratepayer or member of the public
- Threats of violence

#### MOTION

That Council approves an extension of public participation time of 15 minutes.

Moved: Cr Jen Bray

Seconded: Cr Juliet Simpson

Carried

**Voted for:** Cr Brian Hood, Cr Don Henderson, Cr Jen Bray, Cr Juliet Simpson, Cr Lesley

Hewitt, Cr Tessa Halliday and Cr Tim Drylie

Voted against: Nil Abstained: Nil

#### 10.1 PETITIONS

No petitions were tabled.

#### 10.2 PUBLIC QUESTIONS

The CEO read questions received in accordance with Council's Governance Rules and the Mayor responded on behalf of Council.

#### Question 1 - Ms Jeanean Pritchard

We (The Creswick Brass Band) would like to establish a lease agreement to use the Senior Citizen's Club rooms permanently. We have been using the clubrooms since our band room was deemed unsafe. Can we establish a lease agreement that outlines clear requirements?

# Response – Mayor Brian Hood

The Senior Citizens Club is currently operating under a lease arrangement however, officers are meeting with the current lessee in April to discuss the future use and occupancy arrangements.

As a lease provides exclusive use, there is no opportunity for council to enter into multiple leases for the same facility. If multiple agreements were to be considered by Council, each user would need to consider a license agreement which is non-exclusive use which allows multiple parties to share a space.

Any changes to the current lease will be advertised and communicated appropriately.

#### Question 2 – Ms Jeanean Pritchard

We previously requested (October and December 2023) via email, permission to use the "unusable dressing room" and cage space at the rear of the Town Hall for storage, but have not heard back from you other than to say you will get back to us. Can we please utilize this space to store the excess chairs from the Senior Citizen's clubrooms? The Senior Citizens have said if we can organize this with the Council, then they can provide us more storage for our instruments.

# Response - Mayor Brian Hood

We apologise if you have not received a response previously and officers are following this up for you.

I note the dressing room has been restored and its use as a dressing room as part of the facility has been reinstated which will likely preclude this space from being available as a storage area.

With regards to the caged space, this is currently used for Container Deposit Scheme bin storage. Officers will review what space may also be available for storage as you have requested and will be in contact directly with you.

#### Question 3 - Mr Dean Hurlston OBO Council Watch

What amount of waste enforcement costs in the current financial year (2023/2024) has Council included in its waste levies charged to residents (if any)?

# Response - Mayor Brian Hood

Council did not include any costs for enforcement in the waste charge.

# Question 4 - Mr Dean Hurlston OBO Council Watch

What amount of revenue has Council included in the current financial year (2023/2024) from waste enforcement actions?

#### Response – Mayor Brian Hood

No revenue has been received in the current 2023/2024 financial year from waste enforcement actions.

#### Question 5 - Ms Gloria Marcell

The [financial] statement shows that the Shire is owed \$4.6 million from both federal and state governments, pertaining to the storm incidents going back some years. There is obviously a significant and disappointing delay from both the federal and state governments in relation to the \$4.6 million owed to the shire for storm funding. When is that \$4.6 million expected to hit the shire's bank account?

If you are happy to provide me the amounts owed from each, as it isn't listed in the statement, I am more than happy to write to our federal and state members to put some pressure on them so the shire can get what it's rightly owed.

# Response – Mayor Brian Hood

All claims for reimbursement for storms and floods are expected to be finalised by 30 June 2024. After submission, assessors from Department of Transport (Regional Roads Victoria) and Emergency Management Victoria on behalf of the commonwealth, work through each claim. Reimbursements have begun and will continue as claims are assessed and approved. While we appreciate your offer of assistance, Council has established a strong and positive relationship with state and federal funding bodies and continues to advocate to local Ministers for timely payment of these claims, also noting the significant impact from multiple large events (Victoria and nationally) in recent times.

#### Question 6 and 7 - Mr Andrew Robertson

What capital works projects have been scrapped or cut back in order to make savings of \$717,000, what do the cutbacks entail and why was this necessary?

# Response – Mayor Brian Hood

The majority of the capital works projects are forecast to be completed with savings against the allocated budget with no cutbacks on the scope of the projects. One project has been deferred to next financial year due to availability to deliver in the current year. A further two projects have been identified as being eligible to be funded from discretionary reserve funds.

Capital Works Projects and associated savings:

Capital Works Project	Net Saving (\$)		
Cambridge St – Kerb & Channel (deferral)	264,000		
Capital Projects allocated to Reserves *	187,600		
Mechanics at Trentham	100,000		
Bullarto Station Project	78,600		
Newlyn Sports Ground Lighting Upgrade	52,500		
Creswick Bowls Club - Green	50,600		
Chatfield Reserve Upgrade (overspend)	(37,600)		
Clunes Pedestrian Crossing Point	14,500		
Road Rehabilitation – Forward Design	7,000		
Forecast Movement on Capital	717,200		

<sup>\*</sup>Discretionary Reserves:

- Mechanics at Trentham – Landscaping \$150,000

- Chatfield Reserves Landscape Works – Additional Scope \$37,600

# Questions 8 and 9 – Dr Mary-Faeth Chenery

What actions have been taken to date to implement the Council's Affordable Housing Strategy? When does Council anticipate being able to engage a staff member to coordinate and drive the delivery of the Affordable Housing Strategy and Action Plan?

# Response - Mayor Brian Hood

Officers regularly meet with community-led housing groups and housing organisations, and Council continues to be represented at State housing forums, and involved in local government peak body initiatives.

More recently, Council has nominated Hepburn Shire housing groups to be specifically involved as part of the State Government's engagement on the proposed Plan for Victoria.

Furthermore, through Council's Future Hepburn initiative and structure planning program, significant work is being undertaken to implement Theme 3 - Land Use Planning and Regulation of 'A Home in Hepburn Shire — Strategy and Action Plan'. Specifically, this will underpin Actions 3.1 and 3.3. Separately, Council's Statutory Planning Office is currently undertaking a process improvement program, which will deliver Action 3.2.

'A Home in Hepburn Shire – Strategy and Action Plan' contains action 4.4 which seeks to create a role to coordinate and drive the delivery of the Strategy and Action Plan and support a proposed Housing Working Group. Council has called on both the State and Federal Governments to support the creation of this role through grant funding, but has not yet received a favourable response. In the absence of grant funding support, this role will be considered as part of Council's annual budget process and weighed against a number of Council priorities.

# Question 10 – Ms Krystyna Croft

Can Council provide the community of Glenlyon with the proposed dates of use of the Glenlyon Recreation Reserve by the Daylesford Field and Game Club for the year of 2024?

#### Response – Mayor Brian Hood

In accordance with the Daylesford Field and Game Association's Licence for the use of Glenlyon Recreation Reserve, the permitted standard use for shoot days is the first Saturday of each month between 9am to 5pm. No shooting is to be scheduled between 17 December to the 2 January or the Easter long weekend in any year.

If the Association conducts any extra shoot days (a maximum of 2 per year) they must give at least one month's written notice to Glenlyon residents.

Standard shoot days will be included in the Glenlyon Recreation Reserve Community Asset Committee's monthly calendar published in the Glenlyon District News. Any special event days will be provided to the Glenlyon residents in accordance with the Association's Licence Agreement.

No special events days have been requested by the Daylesford Field and Game Association for 2024 at this stage.

#### Question 11 - Mr Ken Warren

Is the confidential agenda item listed at 14.1 and headed 'Lake Daylesford Property Boundary Encroachment and Lease Agreement' an action or response to Council's motion passed at the 21 July 2020 Ordinary Meeting relating to item 12.8 'Review of Lake House Title Boundary'? Specifically, at 12.8.25 the Council "Recognises the seriousness of encroaching on public land, and taking this into account, authorises officers to negotiate a lease agreement with the proprietors of the Lake House to formalise the occupancy of the encroached area of approximately 4m2, and bring this report to the Council by 30 June 2021".

# Response – Mayor Brian Hood

Yes, agenda item 14.1 is in response to Council's motion at the 21 July 2020 Ordinary Meeting.

# Question 12 - Mr Ken Warren

If Council's answer to question 1 is that the confidential agenda item relates solely to the lease agreement as stated in the motion at 12.8.25, then what is the process and timeline for dealing with the further encroachments and issues outlined in the 3 June 2022 submission by Dallas Kinnear, Ross Ulman, Heather Mutimer and Ken Warren? This submission was requested by Councillors at the conclusion of the boundary walk in May 2022.

# Response – Mayor Brian Hood

A formal title boundary survey has confirmed there is only one incursion onto the public reserve by part of the building structure being a timber deck. We note that landscaping does seek to beautify this area for everyone's mutual benefit and is located on public and private land. Council will be looking to enforce all aspects of the planning permit.

# Question 13 - Dr Ross Ulman

A 28 November 2023 email from Council CEO Bradley Thomas titled 'Lake House Boundary Incursions' included this sentence: 'As per the Council resolution this item will be considered by Council in early 2024'. The said resolution passed at the July

2020 Council Ordinary Meeting as minute item 12.8.25, concerns a 4m2 incursion by the Lake House's garage and deck over the boundary on to Lake Daylesford Reserve. The resolution does not concern several other incursions by Lake House onto the Reserve. This being so, will Council please confirm that agenda item 14.1 of this evening's meeting, which Council will consider in closed session, is confined to the said 4m2 incursion? And if not then why not given Mr Thomas's email wording, and the total lack of Council engagement and consultation with interested members of the public, including me, regarding the several other boundary incursions by Lake House – which is clearly a matter of public interest?

# Response - Mayor Brian Hood

A formal title boundary survey has confirmed there is only one incursion onto the public reserve by part of the building structure being a timber deck and this is the subject of a report being considered by Council this evening. We do also note that the landscaping does seek to beautify this area for everyone's mutual benefit. Councillors and officers have been engaging with you on this matter for several years now and we look forward to the matter being resolved.

# Question 14 – Dr Ross Ulman

In the interests of Council transparency and accountability, community engagement, the public interest and good governance, as item 12.8.25 on the minutes of the July 2020 Ordinary Meeting was considered and adopted in open session, why is the follow up to this resolution – item 14.1 on the agenda for the meeting this evening – not being held in open session whilst keeping only the financial aspects of the agenda item for closed session?

#### Response – Mayor Brian Hood

The decision of 21 July 2020 was considering options and authorising officers to progress a preferred resolution with no commercially sensitive content.

Tonight's agenda item is different as it relates to a legally binding lease agreement which is private commercial information and part of commercial negotiations and Council business information.

Council consideration of the Clunes Caravan Park Lease as a confidential item at the November 2023 is a similar recent example.

# The following impromptu question from Dr Ross Ulman was taken on notice:

What can members of the public who have got an interest in this matter do following tonight's meeting?

# Response – Mayor Brian Hood

This question has been taken on notice and a written response will be provided to Dr Ulman.

#### Question 15 - Ms Dallas Kinnear

As lead Applicant in the VCAT order May 2000, what is the current status of compliance and enforcement of all the VCAT orders, e.g. the clear delineation of the boundary between Lake House land and the Lake Daylesford Reserve, and the provision of seats on the boundary to be used by both Lake House clients and by the public?

# Response – Mayor Brian Hood

Many of the small bollards that delineated the boundary have disappeared since being installed many years ago and Council has been in discussions with yourself and others about their replacement. It has been previously agreed that this would be addressed following the resolution of the boundary encroachment which is being considered in tonight's agenda. While at the time of issuing the planning permit it appears there was some reference to seats, the VCAT orders and the issued planning permit do not specifically require the provision of seats. However there is an enforced landscape plan which must be adhered to.

# The following impromptu question from Ms Dallas Kinnear was taken on notice:

Will the correct position of encroachments be included in [tonight's motion] because there's been no negotiation with us on what to do about those?

# Response – Mayor Brian Hood

This question has been taken on notice and a written response will be provided to Ms Kinnear.

# Question 16 - Ms Dallas Kinnear

As any decision involves one of the most valuable pieces of public land in our Shire, even if discussed in camera, will Council make public the negotiated agreement with Lake House excluding only the standard financial details?

#### Response – Mayor Brian Hood

Lease negotiations with any third party are confidential and would only be made public with the explicit consent of all parties to the lease agreement. Council will consider this matter in the agenda of tonight's meeting, including communicating the effect of the resolution.

#### Question 17 – Ms Chris Clare

When will the Glenlyon Recreation Reserve Masterplan be submitted to Council? It has been stalled and needs to be completed so the allocated Budget 2023/2024 can be used.

# Response – Mayor Brian Hood

Following the public exhibition period of the Glenlyon Recreation Reserve Masterplan, more detailed investigation to confirm the pavilion location and review

some of the proposed development priorities to provide more detailed masterplan documentation has been undertaken.

It is anticipated that the Glenlyon Recreation Reserve Masterplan will be considered for adoption at the April 2024 Council Meeting.

# Question 18 - Ms Chris Clare

This is the only Major Project for Holcombe Ward for many years, and this needs to be a top priority. When will the project start?

# Response - Mayor Brian Hood

Council is currently tendering for architectural services for the design of the community pavilion. Officers will work through the design of the pavilion in 2024, construction of the facility could be expected to commence in 2025 subject to external funding being secured.

#### Question 19 and 20 – Mr John Goudie

An operating surplus of over \$9m for the six months is largely due to a \$3.4m underspend on storm recovery works. Given that the roads are still in disrepair and the countryside is still littered with fallen tree debris from the June 2021 storm, questions would be: Why aren't those works being undertaken? Do they remain a Council priority?

#### Response – Mayor Brian Hood

Storm and Flood recovery works remain a Council priority. Council continues to remove debris and finalise storm recovery works where Council is the responsible authority and seeks reimbursement of costs for 'declared emergency events'.

Other storm clean-up and removal is part of normal Council operations on Council land and roads. For declared emergency events, strict eligibility criteria determine what costs are eligible for reimbursement and is separated from general maintenance and the additional works associated with the more rapid deterioration that might be evident from the wetter periods of 2023. Council continues to address the increased degradation of the road network and also supports our community in advocating to Regional Roads Victoria for the arterial road repairs managed by state Government. This includes the fallen tree debris on arterial roads and land managed by State government agencies.

Council officers work with state agencies to clear areas on state or crown land. Tree debris is also an ongoing challenge from trees weakened by the 2021 storm that may have been structurally compromised by high winds across the shire in 2022 and 2023.

If you have any specific locations of concern, Council would welcome details of these locations so we can review these and provide some further action or explanation.

#### Question 21 - Mr Ian MacBean

Council appears to have cash of \$8.8m as at December 2023 (only half of what it had last December) and Table 3.1 (Restrictions on Cash and Investments) says it has unrestricted cash of negative \$574,000. What does 'negative cash' mean?

#### Response – Mayor Brian Hood

The cash and investments balance as at December 2023 is negatively impacted due to outstanding reimbursements for storm recovery, funding not received for Roads to Recovery works, and using working capital to fund Creswick Trails project that is identified in the adopted budget as having borrowings drawn down to fund it. The unrestricted cash position is at a point in time and will improve as funds are received to Council.

Council is working within a tight financial position and is currently reviewing Council's Long Term Financial Plan with this in mind.

# Question 22 - Mr Ian MacBean

I note also, the following section (3.2 Unrestricted cash [VAGO ratio]) indicates a negative ratio and this consistently (except for one anomalous year) falling well below the target 50-100%. Considering both indicators, what is Council's financial outlook?

### Response – Mayor Brian Hood

As with the majority of public sector bodies, resources are becoming more constrained with an increasing need to provide for a strong focus on the financial sustainability of Council. A review is currently underway on Council's 10-year long term financial plan effective for financial year 2024-25 onwards.

# Question 23 and 24 – Mr Tim Bach

Why has the Solucio report (Hepburn Shire Indoor Aquatics Provision Feasibility Study and Business Case) been delayed and when is it expected to be made public? When will the results of the community survey be made available to the community?

#### Response – Mayor Brian Hood

A conditions audit of the outdoor pool shells is required to be undertaken to better understand the structural integrity and lifespan of the existing pools infrastructure and to provide further evidence-based information to inform the consideration of the Indoor Aquatics Provision Feasibility Study and Business Case.

Due to nature of the structural audits this can only be undertaken once the pools had closed for the 2023/2024 pool season.

It is anticipated that a further update on the progress of this project will be provided in mid 2024.

# Question 25 - Mr Damian Leonard

When will the Masterplan for the Glenlyon Recreation Reserve be completed and has an architect been found to do the work? We note that it has been delayed and it would be appreciated if the new timeframe could be advised.

# Response - Mayor Brian Hood

Following the public exhibition period of the Glenlyon Recreation Reserve Masterplan, more detailed investigation to confirm the pavilion location and review some of the proposed development priorities to provide more detailed masterplan documentation has been undertaken.

It is anticipated that the Glenlyon Recreation Reserve Masterplan will be considered for adoption at the April 2024 Council Meeting.

# 10.3 REQUESTS TO ADDRESS COUNCIL

No requests to address Council were received.

# 11 A HEALTHY, SUPPORTED, AND EMPOWERED COMMUNITY

**11.1** CLUNES MASTERPLANNING PROJECT - QUEENS PARK AND PIONEER PARK Go to 01:10:00 in the meeting recording to view this item.

#### **DIRECTOR COMMUNITY AND CORPORATE**

In providing this advice to Council as the Sport and Recreation Project Officer, I Justyne Carr have no interests to disclose in this report.

#### **ATTACHMENTS**

#### **EXECUTIVE SUMMARY**

The purpose of the report is to present Council with the Clunes Masterplans Report – Queens Park and Pioneer Park for adoption.

The Queens Park and Pioneer Park Masterplans aim to inform a long-term vision for the future planning and enhancement of Queens Park and Pioneer Park. Refer to attached Clunes Masterplans Report – Queens Park and Pioneer Park.

The Masterplans underwent a final round of community consultation through a fiveweek public exhibition period during September and October 2023, to inform the development of the final Masterplans.

Refer to attached Clunes Masterplan Public Exhibition Summary Report – Queens and Pioneer Park.

The key themes identified through the consultation process for Queens Park include:

- Connectivity, including enhancing safety by improving pedestrian connectivity.
- Protecting the environmental value and identity of trees within the park.
- Key infrastructure improvements, including community advocacy for the provision of a public toilet.

The final Queens Park Masterplan includes a total of 33 development recommendations with an initial estimated cost of \$2,530,686.

The key themes identified through the consultation process for Pioneer Park include:

- The skate facility to remain within Pioneer Park, including investigation of required future upgrades.
- Connectivity including enhancing safety by improving car parking provision.
- Creating a sense of site identity by improving the quality of signage.
- Parklands infrastructure improvements, including shelters and seating.

Not a preferred location for the Baden Powell Cannon.

The final Pioneer Park Masterplan includes a total of 18 development recommendations with an initial estimated cost of \$951,411.

The Queens Park and Pioneer Park Masterplans are being presented for consideration for adoption.

#### **BACKGROUND**

Originally constructed from earth removed from the adjacent Creswick Creek to prevent flooding, Queens Park was created in the 1870s with European elms and silver trees. The park features a playground, BBQ, a picnic table, water fountain and is a short walk from the Clunes town centre and Bull Milgate Reserve (Clunes Recreation Reserve). The Clunes Bowling Club is also located within Queens Park.

Pioneer Park is located on Ballarat-Maryborough Road, Clunes and has a unique mix of key infrastructure, including a monument constructed of quartz stones which signifies the 150th anniversary of the naming of Clunes by Donald Cameron, as well as a skate park and the Lunaris – an interactive public art piece.

The Queens Park and Pioneer Park Masterplans aim to inform the long-term vision for the future planning and enhancement of Queens Park and Pioneer Park. The development of the Masterplans has sought to identify and address gaps in infrastructure requirements, as well as to improve accessibility and safety environments, and increase participation, visitation and reserve connection opportunities for the local community.

The development of the Queens Park and Pioneer Park Masterplans commenced in 2020 and have been informed through two rounds of community and stakeholder engagement.

The Masterplans underwent a five-week public exhibition period during September and October 2023, to gather feedback on the working draft Masterplans to determine if community needs had changed since the project had commenced. Engagement activities included key stakeholder meetings, a community drop-in session, community survey, phone conversations and internal staff workshop. Feedback received during this phase of consultation coupled with the previous working draft of the Masterplans has informed the development of the Queens Park and Pioneer Park Masterplans.

#### **KEY ISSUES**

Following the public exhibition engagement for the Queens Park and Pioneer Park Masterplans, several key themes, insights and opportunities were identified.

The key themes, insights and opportunities arising from the final round of engagement are consistent with the earlier community engagement undertaken during January and April 2021 and January 2022.

The key themes and all engagement undertaken throughout the project have been used to inform the development of the Queens Park and Pioneer Park Masterplans.

#### **Queens Park Masterplan**

The key themes include:

- Connectivity, including enhancing safety by improving pedestrian connectivity.
- Tree management by protecting their environmental value and identity.
- Key infrastructure improvements, including advocacy for the provision of a public toilet within the park.

The key aspects and priorities include:

#### Pedestrian Connectivity and Safety

Addressing pedestrian connectivity and safety was identified as a key priority through the engagement. The final Queens Park Masterplan addresses these priorities through several methods including, but not limited to, accessible pathways, renewal of the picket fence along Ligar Street, installation and upgrading of way finding signage and investigation of traffic calming, upgrading of car park and pedestrian crossing options at various identified points.

#### Trees and Environmental Values

Throughout the consultation to inform the Queens Park Masterplan, protecting the environmental value and identity of the trees within the park was identified as a key priority.

The proposed management of trees within the park is proposed to be addressed through several methods including, but not limited to, additional tree planting in accordance with the Hepburn Shire Tree Management Plan, consideration of incorporating water sensitive urban design treatment within the carpark and completion of an arborist assessment report for the northern end of Queens Park.

#### Key Infrastructure Improvements

The identified infrastructure priorities proposed to be included within the Masterplan includes the upgrade of the existing playground, the provision of a drinking fountain to be located near the playground, additional picnic settings and investigating the provision of power to a performance space to accommodate small community events.

Throughout the engagement of the Queens Park Masterplan, the provision of a public toilet within Queens Park has been identified as a key priority.

A preliminary investigation on the provision of a single accessible unisex public toilet with baby change table facilities within the park located close to the playground has been undertaken including an estimated construction cost and annual maintenance cost. Following consultation with the

In consideration of the community feedback received through the public exhibition, the following table provides the recommended amendments to the final draft Queens Park Masterplan.

Masterplan Explanatory Notes	Recommended Changes to Explanatory Notes (in bold)
Note 1  Upgrade the existing gravel track through Queens Park to a paved, shared DDA compliant path. Consider installing solar powered lighting on the Creek Walk in a thoughtful manner to increase safety and usability.	Upgrade the existing gravel track through Queens Park to a paved, shared <b>2m</b> DDA compliant path <b>and include park infrastructure such as a drinking fountain</b> . Consider installing solar powered lighting on the Creek Walk in a thoughtful manner to increase safety and usability.
Note 3  Upgrade existing gravel carpark and provide asphalt re-surfacing.	Upgrade existing gravel carpark, provide asphalt re-surfacing, accessible parking bays and consider incorporating Water Sensitive Urban Design (WSUD) treatments.
Note 5 Upgrade existing playground and provide natural and built shade structures.	Upgrade existing playground incorporating accessible and inclusive equipment and provide natural and built shade structures in line with the Hepburn Shire Playspace Strategy.
Notes 6/26 Provide additional picnic settings.	Provide additional picnic settings on concrete pads with the provision of continuous pathway surfaces from main paths to picnic seating and BBQs.
Note 18  A new note to be included to address provision of public toilet facilities.	Consider provision of a unisex public toilet with baby change table.
Note 19 Upgrade the existing gravel track through Queens Park to a paved, shared 2m DDA compliant path. Consider installing solar powered lighting on the Creek Walk in a thoughtful manner to increase safety and usability.	Upgrade the existing gravel track through Queens Park to a paved, shared 2m DDA compliant path and consider the provision of park infrastructure such as a drinking fountain. Consider installing solar powered lighting on the Creek Walk in a thoughtful manner to increase safety and usability

#### Note 25

Provide additional large canopy tree planting. Consider a native planting palette and some deciduous trees. Avoid planting deciduous trees within 20m of Creswick Creek.

Provide additional large canopy tree planting in accordance with the Hepburn Shire Tree Management Plan.

#### Note 30

Consider transforming the existing open drains into a vegetated water retention area to discourage pedestrian access to the drains resulting in increased safety, filter storm water run-off, increase biodiversity and increase visual amenity. Provide additional large canopy tree planting and vegetation in and around the retention area. Plant indigenous species to promote the establishment of a native landscape. Avoid planting deciduous trees.

Consider transforming the existing open drains **retaining bluestone** into a vegetated water retention area to discourage pedestrian access to the drains resulting in increased safety, filter storm water run-off, increase biodiversity and increase visual amenity. Provide additional large canopy tree planting and vegetation in and around the retention area. Plant indigenous species to promote the establishment of a native landscape. Avoid planting deciduous trees.

#### Note 32

New note to be included addressing pedestrian safety treatments on Ligar Street.

Investigate traffic calming and pedestrian crossing options at Ligar Street to allow for safe pedestrian crossing and pedestrian access along either Cameron Street or Ligar Street. Investigate wayfinding options.

The Queens Park Masterplan includes a total of 33 development recommendations with an initial estimated cost of \$2,530,686.

#### **Pioneer Park Masterplan**

The key themes identified:

- The skate facility to remain within Pioneer Park, including the investigation of required upgrades.
- Connectivity enhancing safety by improving pathway and car parking provisions.
- Creating a sense of identity by improving the quality of signage.
- Infrastructure improvements, including shelters and seating.
- Proposed location for the Baden Powell Cannon was not preferred through consultation.

The key aspects and priorities:

#### Skate Park

The skate park was identified as a key priority throughout all stages of consultation with the current skate park nearing 'end of life'. Following the first consultation, the proposed recommendation was to investigate the feasibility to relocate the skate park to an alternate location, in line with the Hepburn Shire Playspace Strategy adopted in 2020. However, through the recent public exhibition consultation a preference for the skate park to be upgraded and remain within Pioneer Park was strongly demonstrated.

## Connectivity, including enhancing safety by improving car parking and pathway provisions

Car parking was identified as a key theme due to the lack of identified car parking facilities available and the busy roadway of the Ballarat-Maryborough Road.

The feedback received from the consultation felt that the provision of car parking would encourage more visitors to the park and enhance the safety for the users of the park, particularly those with children.

The final Masterplan proposes off-street car parking to increase accessibility in addition to the installation of safety treatment along the roadside and carpark edge to enhance safety for park users. Other features include ambulance access and accessible pathways with night lighting.

Creating a sense of identity by improving the quality of signage

Creating a sense of identity for the park and improvement of informal signage incorporating First Nations peoples' history and culture was another key theme, particularly in the final round of the community consultation.

The final Masterplan addresses these priorities through several methods, including but not limited to, consideration of additional sculptural installations to enhance identity, provision of identity and wayfinding signage and relocation of Lunaris signage.

Infrastructure improvements including shelters and seating

Infrastructure improvements were identified as a key priority providing further activation and connection opportunities within Pioneer Park. The final Masterplan has included the provision of a sheltered picnic area, relocation of existing park furniture along proposed pathways and the removal of the existing shelter and picnic setting.

#### Baden Powell Cannon

In early 2023, the working draft Masterplan was amended to include the proposed placement of the Baden Powell Cannon. At the time, Pioneer Park was identified as a proposed location for the cannon due to its links to the park's historical assets. As

such, the provision of a built shelter and concrete pad to display the Baden Powell Cannon was added to the final draft Masterplan.

However, the recent public exhibition engagement identified a strong community preference for the cannon not to be located within Pioneer Park. Most recently, Council has received a further proposal from the Clunes Museum Committee for the Baden Powell Cannon to be located in Collins Place. Following the recent consultation, the Baden Powell Cannon has been removed from the Pioneer Park Masterplan.

Moving forward, the placement of the Baden Powell Cannon will be further investigated by the Facilities Management team including community and stakeholder engagement currently being undertaken.

In consideration of the community feedback received through the public exhibition, the following table provides the recommended amendments to the Pioneer Park Masterplan.

Masterplan Explanatory Notes	Recommended Changes to Explanatory Notes (in bold)
Note 1 Investigate the feasibility to relocate the skate park to an alternate location, in line with the Hepburn Shire Playspace Strategy.	Investigate upgrades required to skatepark in line with the Hepburn Shire 2020 Play Space Strategy.
Note 3  Provide 2m wide DDA compliant concrete paths to increase access into and around the site. Consider organic shapes for the pathway alignment to reflect Lunaris and establish an aesthetic identity for Pioneer Park.	Provide 2m wide DDA compliant concrete paths to increase access into and around the site. Consider organic shapes for the pathway alignment to reflect Lunaris and establish an aesthetic identity for Pioneer Park.  Consider installing lighting on the paths in a thoughtful manner to increase safety and usability.
Note 18 Provide a built shelter structure and concrete pad to display the Baden Powell Cannon which is to be funded by others. The size required is 3000 x 3000 x 3000mm.	Has been removed from the Masterplan.
New Addition - Note 18	Install safety treatment along roadside

and	l car	parl	k ed	lge
-----	-------	------	------	-----

The Masterplan for Pioneer Park includes a total of 18 development recommendations with an initial estimated cost of \$951,411.

#### COUNCIL POLICY AND LEGISLATIVE IMPLICATIONS

#### Council Plan 2021-2025

A healthy, supported, and empowered community

2.3 Optimise the use of public spaces to increase participation and community connection.

Embracing our past and planning for the future

3.3 Build and maintain quality infrastructure that supports and promotes liveability and active living in the community.

#### FINANCIAL IMPLICATIONS

The Queens Park Masterplan includes a total of 33 development recommendations with an initial estimated cost of \$2,530,686. (Incl. of GST where applicable).

The Pioneer Park Masterplan includes a total of 18 development recommendations with an initial estimated cost of \$951,411. (Incl. of GST where applicable).

The estimated implementation costs are based on current industry costs for qualified contractors to complete all works, including all labour and supply of materials. The costs take into consideration the current demand and supply constraints. Exclusions include service alterations, design and consultant fees, building or planning permits, removal of rock, removal of any contaminated soil or excavated material off-site and works outside the extent of works.

Taking into consideration the current demand and supply constraints, increased cost escalation associated with other exclusions and escalating costs, there was the opinion that the estimated costs could be increased by up to 50%. Therefore, moving forward at an appropriate time, a verified QS Cost Plan will need to be undertaken.

Council does not have allocated funds in the current budget, nor set aside in the Long-term Financial Plan for these recommendations. Council will need to actively seek funding opportunities from external partners as part of the implementation of the Masterplans, should they be endorsed by Council. However, it should be noted that within the Queens Park and Pioneer Park Masterplans several proposed recommendations would be considered an operational budget expense. Moving forward, this will need to be taken into consideration when informing future budget considerations.

Council has recently submitted a grant submission through the Tiny Towns Grant Program as part of the proposed Queens Park Implementation of providing a shade structure over the Queens Park Playspace.

The works would need to be prioritised with other competing open space, sport and active recreation infrastructure priorities, resulting from the Hepburn Shire Aquatics Strategy and Sports Lighting Audit implementation and the pending Clunes Future Provision of Sport and Recreation Project, Glenlyon Recreation Reserve Masterplan and pavilion development as well as other Council priorities and expenditure.

#### **COMMUNITY AND STAKEHOLDER ENGAGEMENT**

In line with Council's Community Engagement Policy, the Clunes Masterplan Project is considered a high-level of engagement with a matrix score of 19.

The final Masterplans underwent a final round of community and stakeholder engagement through a five-week public exhibition period during September and October 2023.

Engagement activities included:

- key stakeholder meetings
- email correspondence with key stakeholders
- community drop-in session
- community survey
- phone conversations
- internal staff workshop
- posters
- media release

Throughout this phase of community and stakeholder engagement the following stakeholders were given the opportunity to provide their feedback via the various engagement activities:

- Clunes Landcare and Waterway Group
- Clunes Museum
- Clunes Bowling Club
- Clunes Tourist and Development Association
- Lee Medlyn Home of Bottles Community Asset Committee
- Clunes Neighbourhood House
- Clunes District and Agricultural Society
- Clunes Primary School
- Wesley College
- Clunes Football and Netball Club
- Clunes Cricket Club
- Clunes Monday Night Netball

- Clunes Basketball Association
- Lily Mason Yoga (Clunes)
- Asking For Trouble (Clunes Indoor Circus)
- Clunes Golf Club
- Clunes Field and Game
- Clunes Angling Club
- Clunes Warehouse
- Heritage Victoria
- Hepburn Shire Disability Advisory Committee
- Hepburn Shire Gender Equity Advisory

Final Masterplan consultation also included a discussion with the Hepburn Shire Gender Equity Advisory Committee (Advisory Committee) on 6 March 2024. The Advisory Committee were supportive of both Masterplans. A suggestion was made to consider the inclusion of a shower as part of the Queens Park Masterplan recommendation 18, Consider provision of a unisex toilet with baby change table. The provision of a shower will be considered when the recommendation is implemented in future years. No change was made to the Queens Park Masterplan. Feedback received during the final phase of consultation has informed the development of the final Masterplans for Queens Park and Pioneer Park.

#### RISK AND GOVERNANCE IMPLICATIONS

Project governance seeks to ensure that the project adheres to the relevant legislative and regulative requirements.

#### **ENVIRONMENTAL SUSTAINABILITY**

Economic, social and environmental sustainability of Hepburn Shire were key considerations in the development of the Queens Park and Pioneer Park Masterplans.

#### **GENDER IMPACT ASSESSMENT**

As per Council's Gender Impact Assessment Matrix this project required a gender impact assessment to be undertaken, as the project has a direct and significant impact on the public.

The Queens Park and Pioneer Park Masterplans align with and draw on actions from the Municipal Public Health and Wellbeing Plan, Reconciliation Action Plan, Disability Access and Inclusion Plan, Youth Strategy and Gender Equality Action Plan to ensure the actions acknowledge and reflect these priority groups' needs.

The Masterplans' actions are to be delivered in line with the abovementioned plans and strategies and will meet universal design requirements to remove barriers that

traditionally prevent female and gender-diverse people from participating in community sport and active recreation and in public places and spaces.

## **ABOUT THE PROJECT**

The Clunes Master Planning Project establishes the long-term vision for the future planning and development of facilities and amenities at Queens Park and Pioneer Park.

The Final Master Plans have been adopted based on the feedback received from stakeholder and community consultation regarding the recommended vision and future development of both sites.

#### Community and Stakeholder Engagement

The development of the Master Plans for Queens Park and Pioneer Park provided a range of opportunities for community and stakeholder input.

Initial community engagement commenced in early 2021, with a community conversation session held at Collins Place and a survey released seeking site planning and development ideas.

Further input into the development of the Master Plans continued across 2022 and 2023, with several project meetings, staff workshops, advisory committee presentations and stakeholder interviews delivered.

The Draft Master Plans were on public exhibition throughout September 2023. Interested residents, stakeholders and community members were invited to attend a community pop in session and provide feedback via a survey.

The Clunes Master Planning Project report builds on the analysis and planning undertaken during the development of the Issues and Opportunities Report (October 2022).

An Issues and Opportunities Report outlined initial community aspirations and stakeholder preferences for both sites and provided an options assessment for Council's consideration. These insights were used to inform the development of Draft Master Plans for Queens Park and Pioneer Park.

It is important to note the initial project scope included the development of a Master Plan for the Clunes Recreation Reserve (Bull Milgate Reserve). Following the completion of draft options for this site, Council resolved to withdraw it from the master planning process and establish the Clunes Recreation Provision Advisory Group.

The Project Advisory Group will further investigate and consider the feasibility of the future sport and active recreation in Clunes. The group will also advise Council on the provision of infrastructure that promotes community connection and active participation in Clunes.

#### Acknowled ATETA @HMEN out 11:1/.1

Hepburn Shire Council acknowledges the Dja Dja Wurrung as the Traditional Owners of the lands and waters on which we live and work. On these lands, Djaara have performed age-old ceremonies of celebration, initiation and renewal.

We recognise their resilience through dispossession and it is a testament to their continuing culture and tradition, which is strong and thriving.

We also acknowledge the neighbouring Traditional Owners, the Wurundjeri to our South East and the Wadawurrung to our South West and pay our respect to all Aboriginal peoples, their culture, and lore.

We acknowledge their living culture and the unique role they play in the life of this region.

## BACKGROUND AND CONTEXT

## The Master Plans were developed in collaboration with the community and relevant stakeholder groups and involved a detailed analysis of community needs.

The aim of the Master Plans was to assist in guiding the community's vision for each site and to provide strategic direction for future investment and development.

Queens Park and Pioneer Park are centrally located in Clunes. Both have unique characteristics and individual issues and opportunities that will look to be addressed as part of the Master Plan project.

The Master Plans have been developed to enable the appropriate use, improved functionality and activation at each site.

The implementation plan for each site provides a proposed priority for the delivery of Master Plan recommendations.

#### Site details

#### Queens Park

- Owned by the Victorian Government and managed by Environment, Land, Water and Planning (DWELP). Zoned Public Park and Recreation.
- A site of historical and environmental significance.
- Offers a play space, BBQ, park furniture, walking paths and seating areas.
- The Clunes Bowling Club is in Queens Park but is not part of this study.

#### Pioneer Park

- Owned by the Victorian Government and managed by Environment, Land, Water and Planning (DWELP). Zoned Public Park and Recreation.
- Cultural significant site. Under Aboriginal Heritage Regulations (2018), a Cultural Heritage Management Plan (CHMP) may be required for the delivery of infrastructure developments
- Located close to Collins Place with views of the township and surrounding Goldfields region.
- Contains a monument constructed of quartz stones, a skate park, historical markers and an interactive art piece titled Lunaris.

#### Community stakeholders

The following information provides further detail on the consultation process and the community stakeholder groups engaged in the development of the Draft Master Plans for Queens Park and Pioneer Park.

The community engagement commenced in early 2021 with a Community Conversation session at Collins Place with approximately 40 people. The survey that followed attracted 121 responses, 50% of which were for the Recreation Reserve Master Plan.

The Draft Master Plans were on public exhibition throughout September 2023 and involved a drop-in session, stakeholder interviews and a survey.

#### Key community stakeholder groups involved

- Clunes Museum
- Clunes Bowling Club
- Clunes Landcare and Waterway Group
- Clunes Neighbourhood House
- Clunes Agricultural Society
- Clunes Football Netball Club

The following page provides a summary of the key themes and priorities from stakeholders regarding the Draft Master Plans for Queens Park and Pioneer Park.

## CONSULTATION THEMES & PRIORITIES

#### ATTACHMENT 11.1.1

Feedback on the Draft Master Plans were provided from the following sources during the consultation period.

- 17 community survey responses
- 4 individual stakeholder meetings
- Staff internal workshop (9 attendees)

A summary of the likes, dislikes and priorities for the Draft Queens Park Masterplan is provided below.

#### Likes

- Recognition from Council that the park requires attention and is a valuable community asset.
- Safety and appropriateness of the heritage trees and landscape management to protect environmental values.
- Improvements to the existing path network and addressing DDA access issues.
- Protecting and preserving the fountain and improved signage on its history.
- Fencing and picket replacement along Ligar Street and asphalting the car park to be shared between the bowling club and park users.
- The introduction of shade for the playground and additional bbq areas and picnic tables.
- Retention of the shed for Clunes Landcare and Waterway Group.

#### Dislikes

- No toilet included in the plan to support enhancement of the playground and enhancement of picnic.
- Replacement of exotic trees with natives along the creek.
- Ignoring the history and aesthetics of the park.
- Climate adaption has been excluded, Little emphasis on the importance of trees to provide shade, offset the carbon footprint and provide permanent environmental enhancement.
- No safe walking path or road crossing from the main street shops to the park.

#### Priorities

- · Playground upgrade.
- Toilet.
- Tree planting.
- Park signage.
- Upgrading the footpath and car park.
- Restoration of historic items.

A summary of the likes, dislikes and priorities for the Draft Pioneer Park Masterplan is provided below.

#### Likes

 Viewing platform that takes in the view of the Goldfields.

- There is a strategy and vision behind any future development.
- Keeping the current aesthetic values of the park.
- Tree planting and path upgrades.
- Art walk, lookout and historic markers.
- · Removal of the old picnic table.
- · Off-street parking.

#### Dislikes

- No specific plan for the skate park.
- Not the place for the Baden Powell Cannon.
- Investment in a park that rarely gets used.
- Circular parking proposal requires further thought as it takes up green space. Parallel parking may be a more suitable option.
- · No toilet facility proposed.

#### **Priorities**

- Retain and upgrade the skate park (80% of survey respondents would like the skate park to remain at the site).
- Viewing platform with interpretive signage.
- · Walking paths, shelters and seating.
- Native plants
- Further community consultation is required on the proposed introduction of the Baden Powell Cannon in Pioneer Park.

## MASTER PLANS

## **VISION & PRINCIPLES**

#### Vision

Queens Park and Pioneer Park are welcoming, attractive and sustainable open spaces that connect and empower the Clunes community, whilst preserving and enhancing the sites heritage and environmental values.

#### **Principles**

The following principles will guide the future planning and development of Queens Park and Pioneer Park. These principles consider the five focus areas identified in the Council Plan and the key pillars that guide Council's Recreation and Open Space Strategy.

#### 1. Participation

Facilities and infrastructure will be developed to prioritise participation and utilisation across a broad range of active recreation, sport, play, leisure and community activities.

#### 2. Activation

Provide opportunities to activate the open spaces and engage the community in both structured and unstructured activities.

#### 3. Sustainability

Future development is delivered in a sustainable way - prioritising and protecting landscape character, biodiversity, habitat, heritage and water management.

#### 4. Connection

Connect the open spaces to the surrounding community and improve accessibility and integration with other facilities and services in Clunes.

#### 5. Community

Develop the open spaces as a place for the community to connect, with a priority on safe, welcoming and accessible facilities and services.

#### **EXPLANATORY NOTES**

- Upgrade the existing gravel track through Queens Park to a paved shared poundary of the park infrastructure such as a drinking foundain. Consider installing solar powered lighting to the Creek Walk in a thoughtful manner to increase safety and usability.
- Provide Clunes Creek Walk wayfinding signage to assist with navigation of the Walk including directions to the Town Centre and public toilets at Bull Milgate Reserve. Provide Queens Park identity signage at main entry point.
- Upgrade existing gravel carpark, provide asphalt re-surfacing, accessible parking bays and consider incorporating Water Sensitive Urban Design (WSUD) treatments.
- Refurbish existing perimeter picket fence along Ligar Road in line with Heritage Overlay.
- Upgrade existing playground incorporating accessible and inclusive equipment and provide natural and built shade structures inline with the Hepburn Shire Playspace Strategy 2020.
- Provide additional picnic settings on concrete pads with the provision of continuous pathway surfaces from main paths to picnic seating and barbecues.
- Provide additional seats with back and arm rests along the shared path.
- Consider providing a small gravel open performance space, Investigate feasibility of providing power to the performance space to accommodate markets, small events and live music. Retain open grass space opposite

- Refurbish the existing Queens Park Fountain and check for any damages, leaks or blockages. Provide feature paving around the fountain which is consistent with the post-contact heritage aesthetic.
- Refurbish the existing timber arbour and consider incorporating a trellis and climbing plants along the sides.
- Provide feature tree planting along the shared path to increase shade and contribute to the heritage and ornamental aesthetic of the northern end of Queens Park.
- Provide a modern hedgerow along the existing picket fence to contribute to the heritage and ornamental aesthetic of the northern end of Queens Park. Consider planting ornamental shrubs, tuffles/fillies and groundcovers.
- Retain existing storage shed. Consult with volunteer groups and replace at the end of its useful life.
- Investigate the feasibility of providing irrigation to the existing lawn to encourage growth under existing mature trees.
- Investigate the health of existing mature trees. Complete an arborist's assessment report and use this information to develop a strategy to progressively remove trees at the end of their life and replace with large canopy trees which reflect the post-contact heritage of the northern end of Queens Park. Avoid planting deciduous trees within 20m of Creswick Creek. Explore opportunities to recycle removed trees through storytelling and re
- Complete a vegetation survey along a section of Creswick Creek and use this information to identify and prioritise areas for revegetation. Assess exotic and weed species and outline a succession stategy for their gradual removal and replacement with indigenous species. Plant dense patches of riparian and emergent species along creek edges to provide habitat for aquatic species, and plant the banks of creeks with shrubs and eucalypts to provide overhanging shade and habitat for brids and small reammals. Consult the relevant management authorities before commencing works along the Creek. Support the existing volunteer groups and continuation of volunteer-led reveeletation works.
- Investigate traffic calming and pedestrian crossing options at the intersection of Cameron Street and Ligar Street to allow for safe pedestrian crossing to Bull Migate Reserve and continuation of the Clunes Creek Walk. Investigate wayfinding options. This will facilitate a safe connection to restroom facilities at Bull Migate Reserve.
- Consider provision of a single unisex public toilet with baby changing table.

THIS MASTERPLAN SETS THE LONG- TERM VISION FOR QUEENS PARK AND HAS BEEN PRODUCED TO ALLOW FOR FLEXIBILITY OVER TIME.

#### **EXPLANATORY NOTES**

- Upgrade the existing gravel track through Queens Park to a paved shared DDA compliant ath and consider the provision of park infrastructure such as a drinking fountain. Consider installing solar powered lighting to the Creek Walk in a thoughtful manner to increase
- Provide Clunes Creek Walk wayfinding and directional signage to assist with navigation of the Walk.
- Provide 2m wide DDA compilant paths to increase access into the site and linkages to the Clunes Creek Walk. Coordinate proposed path locations with Explanatory Note 24 regarding assessment and removal of existing mature trees. Proposed paths to avoid existing trees and tree protection zones where possible.
- Refurbish existing perimeter picket fence along Ligar Road and southern boundary fence of the Bowls Club in line with Heritage Overlay.
- Investigate the feasibility of altering the existing kerb alignment to allow for a path width of at least 1.5m along Ligar Street.
- investigate the health of existing mature trees. Complete an arborist's assessment report and use this information to develop a strategy to progressively remove trees nearing the end of their life and replace with large-canopy indigenous trees. Avoid planting exotic trees to promote the establishment of a native landscape. Explore opportunities to recycle removed trees through storytelling and re purposing into play and art elements or mulch.
- Complete a vegetation survey along a section of Creswick Creek and use this information identify and prioritise areas for revegetation. Assess exotic and weed species and outline a succession strategy for their gradual removal and replacement with indigenous species. Plant dense patches of riparian and emergent species along creek edges to provide habitat for aquatic species, and plant the banks of creeks with shrubs and eucalypts to provide overhanging shade and habitat for birds and small mammals. Consult the relevant management authorities before commencing works along the Creek. Support the existing volunteer groups and continuation of volunteer-led revegetation works.

- Provide additional large canopy tree planting in accordance with Hepburn Shire Tree Management Plan.
- Where opportunity allows and as existing trees are progressively removed, provide accessible picnic areas with the provision of continuous pathway surfaces from main paths to picnic seating and barbecues. Investigate the feasibility of supplying power to the barbecues and consider solar-powered options.
- Where opportunity allows and as existing trees are progressively removed, provide garden bed planting adjacent picnic areas, along fence lines and to batters. Consider a native/ indigenous planting palette.
- Utilise existing open space and provide open lawn area. As existing trees are progressively removed, provide additional lawn areas.
- Retain vehicle access to existing shed from Ligar Street.
- Consider transforming the existing open drains and retaining bluestone into a vegetated Consider transforming the existing open users and the drains resulting in increased water retention area to discourage pedestrian access to the drains resulting in increased. safety, filter storm water run-off, increase biodiversity and increase visual amenity. Provide additional large canopy free planting and vegetation in and around the retention area in accordance with Hepburn Shire Tree Management Plan.
- 22 Extend the existing footpath along the northern side of Ligar Street from Cameron Street to
- nvestigate traffic calming and pedestrian crossing options at Ligar Street to allow for safe pedestrian crossing and pedestrian access along either Cameron Street or Ligar Street. Investigate wayfinding options.

## IMPLEMENTATION PLAN

Recommendations for the Queens Park and Pioneer Park Master Plans have been identified based on the assessment of need, community consultation findings and the review of planning and technical information.

Each recommendation aims to create a balanced approach to development and respond to the needs of the community effectively.

The following Implementation Plan details how recommendations align to the Master Plan's key principles (see page 7) including:

Participation

Activation

Sustainability

Connection

Community

Each recommendation is supported by a proposed priority for implementation. A high (H), medium (M) or low (L) rating has been assigned to each recommendation to guide Council through the next phase of the project.

Master Plan recommendations are subject to Hepburn Shire Council budget processes and the availability of external funding opportunities. Hepburn Shire Council will lead the delivery of identified recommendations and continue to seek external funding opportunities where available.

Recommendations within the Implementation Plan include reference numbers which correspond to the Master Plans on pages 8 to 10 of this document.

# Clunes Masterplan Public Exhibition Summary Report - Queens Park and Pioneer Park

December 2023

#### **Contents**

Introduction	2
Engagement Methodology	3
Key Issues Identified	
Next Steps	
Next Steps	11

#### Introduction

Council is developing a long-term vision for the future planning and enhancement of Queens Park and Pioneer Park.

Originally constructed from earth removed from the adjacent Creswick Creek to prevent flooding, Queens Park was created in the 1870s with European elms and silver trees. The park features a playground, BBQ, a picnic table, water fountain and is a short walk from the Clunes town centre and Bull Milgate Reserve (Clunes Recreation Reserve). The Clunes Bowling Club is also located within Queens Park.

Pioneer Park is located on Ballarat- Maryborough Road, Clunes and has a unique mix of key infrastructure, including a monument constructed of quartz stones which signifies the 150th anniversary of the naming of Clunes by Donald Cameron, as well as a skate park and the Lunaris – an interactive public art piece.

In 2020 Council engaged a consultant to develop the Queens Park and Pioneer Parks Masterplan and a working draft Masterplan was developed after undertaking the initial community engagement phase of the project.

Across September and October 2023, the draft Masterplans for Queens Park and Pioneer Park was open for Public Exhibition to gather further feedback on themes and to determine if the priorities had changed since the project had commenced.

Engagement activities undertaken in this phase of consultation included:

- Key stakeholder meetings
- Email correspondence with key stakeholders
- Community drop-in session
- Community survey
- Phone conversations
- Council staff workshop
- Posters
- Media Release

In addition to engagement with the broader community, the following stakeholders were given the opportunity to provide their feedback during this phase of engagement.

- Clunes Landcare and Waterway Group
- Clunes Museum
- Clunes Bowling Club
- Clunes Tourist and Development Association
- Lee Medlyn Home of Bottle Community Asset Committee
- Clunes Neighbourhood House
- Clunes District and Agricultural Society
- Clunes Primary School
- Wesley College

- Clunes Football and Netball Club

It is important to note that the Draft Queens Park and Pioneer Park Public Exhibition Summary Engagement Report is to be read in conjunction with the Clunes Master Plans Report Queens Park and Pioneer Park.

#### **Engagement Methodology**

Engagement activities in this phase of community engagement included:

- **17** Community survey respondents
- 9 Council staff at one workshop
- 4 Key stakeholder meetings

### **Key Issues Identified**

Several key issues were raised during the public exhibition period. These have been categorised under infrastructure, connectivity, tree management and vegetation, other.

#### **Queens Park Masterplan**

INFRASTRUCTURE			
KEY ISSUE	SUBMITTER	OFFICER RESPONSE	DRAFT MASTERPLAN IMPLICATIONS
There was strong support to upgrade the existing playground incorporating accessible and inclusive equipment.	Various	Agree	The Masterplan was updated to include the following:  Upgrade existing playground incorporating accessible and inclusive equipment and provide natural and built shade structures in line with the Hepburn Shire Playspace Strategy.
There was support for the provision of a drinking fountain to be located near the playground.	Key stakeholder feedback, drop- in session attendees	Agree	The Masterplan was updated to include the following:  Upgrade the existing gravel track through Queens Park to a paved, shared 2m DDA compliant path and consider the provision of park infrastructure such as a drinking fountain. Consider installing solar powered lighting on the Creek Walk in a thoughtful manner to increase safety and usability

There was strong support for the inclusion of public toilet facilities within Queens Park to be located near the playground.	Various	This has been considered with a preliminary investigation undertaken following feedback from the Public Exhibition.	The Masterplan was updated to include the following:  Consider provision of a single unisex public toilet with baby change table.
Ensure picnic settings both tables and park benches are accessible and functional for All Abilities e.g. wheelchairs/ mobility scooters	Drop-In session attendees, Survey respondent and Hepburn Shire Disability Advisory Committee,	Agree with feedback. Feedback to be taken into consideration during implementation.	No modification made to the Masterplan.
Provision of EV Charging Station	Drop-in Session and Staff Workshop	Feedback to be taken into consideration as part of the Integrated Transport Strategy	No modification made to the Masterplan.
CONNECTIVITY			
Provide additional picnic settings- The Masterplan should ensure that a continuous pathway surface is provided from the pathway to the picnic settings and BBQ's to ensure ease of access.	Drop-In session attendees and Hepburn Shire Disability Advisory Committee	Agree	The Masterplan was updated to include the following:  Provide additional picnic settings on concrete pads with the provision of continuous pathway surfaces from main paths to picnic seating and BBQs.
Pedestrian Safety There was strong support for the traffic calming and pedestrian crossing options at Ligar Street to allow for safe pedestrian crossing and pedestrian access along either Cameron Street or Ligar Street.	Drop-in Session attendees and Staff Workshop, Hepburn Shire Disability Advisory Committee	Agree	The Masterplan was updated to include the following:  Investigate traffic calming and pedestrian crossing options at Ligar Street to allow for safe pedestrian crossing and pedestrian access along

			either Cameron Street or Ligar Street. Investigate wayfinding options.
Path Surfaces Upgrading of Gravel track was seen as a priority due to park users including mums with strollers, elderly walkers and those with mobility scooters.	Drop-In session Attendee, Hepburn Shire Disability Advisory Committee	Agree	The Masterplan was updated to include the following:  Upgrade the existing gravel track through Queens Park to a paved, shared 2m DDA compliant path and consider the provision of park infrastructure such as a drinking fountain. Consider installing solar powered lighting on the Creek Walk in a thoughtful manner to increase safety and usability.
Path Surfaces Consideration of a looped walking track.	Clunes Waterway & Landcare Group	Feedback was considered. Queens Park is a lineal Park and provides an existing lineal pathway through the Park that links to other opportunities to undertake a walking loop.	No modification made to the Masterplan.
Park User Safety- Concerns raised in relation to Queens Park entrance corner of Ligar and Cameron Streets due to steepness.	Staff Workshop and Hepburn Disability Advisory Committee	Feedback to be taken into consideration as part of the Integrated Transport Strategy	No modification made to the Masterplan.

TREE MANAGEMENT & VEGETATION			
Conservation: The consideration of the incorporation of water sensitive urban design treatment within carpark to protect the platypus population and creek	Clunes Landcare and Waterway Group	Agree	The Masterplan was updated to include the following:  Upgrade existing gravel carpark, provide asphalt re-surfacing and consider incorporating Water Sensitive Urban Design (WSUD) treatments.
Conservation – Heritage Tree Protection and World Heritage Consideration.	Drop-in Session Attendees and Staff Workshop, Survey Respondents	Feedback to be taken into consideration as part of the Hepburn Shire Tree Management Plan.	No modification made to the Masterplan.
Tree Planting - Additional Shade around carpark	Drop-in Session Attendees and Staff Workshop, Survey Respondents	Feedback to be taken into consideration as part of the incorporation of Water Sensitive Urban Design (WSUD) treatments and Hepburn Shire Tree Management Plan.	No modification made to the Masterplan.
Tree Planting- There was strong feedback in relation to the consideration of planting of natives and some deciduous trees.	Drop-in Session Attendees and Staff Workshop, Survey Respondents	This was considered with the Masterplan wording modified with the below wording:  planting in accordance with the Hepburn Shire Tree Management Plan.	The Masterplan wording was modified.

#### **Pioneer Park Masterplan**

Several key issues were raised during the public exhibition period. These have been categorised under infrastructure, connectivity, tree management and vegetation and other.

INFRASTRUCTURE			
KEY ISSUE	SUBMITTER	OFFICER RESPONSE	DRAFT MASTERPLAN IMPLICATIONS
The Masterplan should include the provision of a skatepark.	Various	Agree	The Masterplan was updated to include the following:  Investigate upgrades required to skatepark in line with the Hepburn
			Shire 2020 Play Space Strategy.
Provision of a Public Toilet	Drop-in Session, Survey Respondent and Staff Workshop	The township of Clunes is well serviced by Public Toilets. There are existing public toilets located nearby in Collins Place. Provision of an additional public toilet will be considered as part of the Queens Park Master Plan.	No modification made to the Masterplan.
EV Charging Station	Drop-in Session and Staff Workshop	Feedback to be taken into consideration as part of the Integrated Transport Strategy	No modification made to the Masterplan.

CONNECTIVITY			
Park User Safety- Increase visitation, safety and improve access for all.	Drop-in Session and Staff Workshop and Hepburn Disability Advisory Committee	Agree	Provide 2m wide DDA compliant concrete paths to increase access into and around the site. Consider organic shapes for the pathway alignment to reflect Lunaris and establish an aesthetic identity for Pioneer Park.  Consider installing lighting on the paths in a thoughtful manner to increase safety and usability.
Car Parking - As an alternative parallel parking be provided in the side verge of Ballarat Maryborough Road, easier for vehicle with children and no reversing.	Drop-in Session and Staff Workshop	Car parking has been considered and will be provided as part of the Masterplan. Carparking on the verge can be considered at the time of detailed design.	No modification made to the Masterplan.
Car Parking Safety- consideration of fencing or similar at edge of park to stop children etc running onto road.  TREE MANAGEMENT &	Drop-in Session and Staff Workshop	Agree	The Masterplan was updated to include the following:  Install safety treatment along roadside and carpark edge.
VEGETATION  Tree Planting – I would like to see planting of native trees.	Survey Respondent	Feedback to be taken into consideration with tree planting to be undertaken in accordance with the Hepburn Shire Tree Management Plan.	No modification made to the Masterplan.

OTHER			
Incorporation of Traditional	Drop-in Session Attendees and	Agree with Council's adopted	No modification made to the
owners' acknowledgment:	Staff Workshop and Survey	acknowledgement to country	Masterplan.
	respondents.	statement and artwork to be	
		implemented on the Pioneer	
		Park identity signage and further	
		engagement with Djaara during	
		implementation.	

### **Next Steps**

The information collected from the various engagement activities undertaken during the public exhibition period have been used to inform the final draft Queens Park and Pioneer Park Masterplans.

The final draft Queens Park and Pioneer Park Masterplans are to be presented at a Council Meeting for adoption. Should the draft Masterplans be endorsed by Council, further scoping work would need to be undertaken as part of the Masterplan implementation. This work would identify the associated detailed design and capital costs which would need to be further considered by Council at the appropriate time. As part of this process Council would actively seek funding opportunities from external partners. Should the draft Masterplans be endorsed, the works are to be implemented in a staged approach, subject to funding. Future works would need to be considered with other Council priorities and expenditure.

#### 12 EMBRACING OUR PAST AND PLANNING FOR OUR FUTURE

#### 12.1 DAYLESFORD COMMUNITY FACILITIES - PROJECT ADVISORY GROUP

Go to 01:17:36 in the meeting recording to view this item.

#### **DIRECTOR INFRASTRUCTURE AND DELIVERY**

In providing this advice to Council as the Manager, Projects, I Ben Grounds have no interests to disclose in this report.

#### **ATTACHMENTS**

- 1. Terms of Reference Daylesford Community Facilities Project Advisory Group [12.1.1 3 pages]
- 2. Expression of Interest Daylesford Community Facilities Project Advisory Group [12.1.2 6 pages]

#### **OFFICER'S RECOMMENDATION**

#### That Council endorses:

- 1. the establishment of the Daylesford Community Facilities Project Advisory Group;
- 2. the Daylesford Community Facilities Project Advisory Group Terms of Reference; and,
- 3. the Daylesford Community Facilities Project Advisory Group Expression of Interest.

#### **MOTION**

#### That Council endorses:

- 1. the establishment of the Daylesford Community Facilities Project Advisory Group;
- 2. the Daylesford Community Facilities Project Advisory Group Terms of Reference; and,
- 3. the Daylesford Community Facilities Project Advisory Group Expression of Interest.

**Carried** 

**Voted for:** Cr Brian Hood, Cr Don Henderson, Cr Jen Bray, Cr Juliet Simpson, Cr Lesley Hewitt, Cr Tessa Halliday and Cr Tim Drylie

Voted against: Nil Abstained: Nil

#### **EXECUTIVE SUMMARY**

To assist in the delivery of the Daylesford Community Facilities project, Council seeks to appoint a Project Advisory Group (PAG). The PAG is a reference group consisting of community members and is not a decision-making body. The PAG will assist in successfully delivering the project by constructively informing the concept design process and the community engagement activities for the project.

#### **BACKGROUND**

The Daylesford Community Facilities project will see the design and development of a contemporary library and multi-function assembly hall at the Daylesford Town Hall site. The provision of a dedicated/exclusive cinema or gallery space is not within the scope of the project.

Project delivery is to be dependent on feasibility of delivering the project scope within the confines of the site. Project construction is subject to external funding availability.

To assist the project, Council seeks to appoint a PAG consisting of community members. The PAG is a reference group and not a decision-making body and is intended to represent community need and help develop high quality community engagement for the project.

PAG membership will comprise of between four and eight community members (not including the chairs and Council officers) who are committed to working positively to see this project completed successfully.

The PAG will assist in successfully delivering the project by initially informing the concept design process for the project. Areas of responsibility are:

- Representing broad community interests and needs, to help the Daylesford Community Facilities project realise the vision and community needs.
- Engaging in the concept design process and providing input and ideas to the designers.
- Providing advice about how to effectively engage the broader Daylesford community on the project design.
- Sharing information about the project to the community through various community channels and groups.

If the project proceeds to the detailed design and construction phases, the PAG will continue to aid with project delivery until project completion.

#### **KEY ISSUES**

The establishment of a PAG has been a successful model of community engagement in other projects (including the Mechanics at Trentham), and will be complemented by a broader community engagement process.

The membership of the PAG will be sought via a public Expression of Interest process, which will seek membership from a variety of people representing broad community interests.

The membership of the PAG will be appointed by a Council resolution.

#### **COUNCIL POLICY AND LEGISLATIVE IMPLICATIONS**

#### **Council Plan 2021-2025**

A healthy, supported, and empowered community

2.2 Increase the availability and accessibility of services in the Hepburn Shire area to support liveability, health, and wellbeing.

Embracing our past and planning for the future

3.3 Build and maintain quality infrastructure that supports and promotes liveability and active living in the community.

#### FINANCIAL IMPLICATIONS

The costs associated with this element of the project will be covered within the existing project budget.

#### **COMMUNITY AND STAKEHOLDER ENGAGEMENT**

The proposed PAG is intended to implement the principles set out in the Hepburn Shire Community Engagement Policy.

The PAG allows community members to be involved in the design, construction and occupation phases of the project. PAGs provide a forum where questions from the community can be raised and answered.

The PAG will complement the other planned community and stakeholder engagement activities for this project, as set out in the project Community Engagement Plan and Communications Plan.

#### RISK AND GOVERNANCE IMPLICATIONS

The implications of this report have been assessed in accordance with the requirements of the Victorian Charter of Human Rights and Responsibilities.

#### **ENVIRONMENTAL SUSTAINABILITY**

There are no environmental implications associated with this report.

#### **GENDER IMPACT ASSESSMENT**

A gender impact assessment has been completed for this PAG. In order to address the diverse needs of women, men, and gender-diverse individuals, the membership of the PAG shall reflect the wide range of interests and requirements within the Shire.

This diversity encompasses various factors such as cultural background, age, gender, accessibility and inclusivity, employment status, life stage, and affiliation with community groups. Additionally, PAG membership will strive to encompass individuals possessing a diverse array of skills. These skills may pertain to community engagement, marketing and communication, tourism and economic development, community program design, as well as technology and innovation.

To ensure compliance with these criteria, they have been explicitly outlined in the PAG Terms of Reference.

The PAG will assist in developing a Gender Impact Assessment for the broader design stages and objectives of the project once appointed.

#### ▶ TERMS OF REFERENCE

#### 1. INTRODUCTION

The Daylesford Community Facilities project will see the design and development of a multi-function assembly hall and contemporary library.

Project delivery is to be dependent on feasibility of delivering the project scope within the confines of the site. Project construction is subject to external funding availability.

The Project Advisory Group is a reference group and not a decision-making body.

#### 2. PROJECT OBJECTIVES

The project aims to:

- Undertake feasibility to develop a new Daylesford Library on the Daylesford Town
   Hall site
- Upgrade the existing assembly hall to be a high quality, multi-purpose performance and events space.
- By executing the above, create a community hub in the historic site, in the centre of Daylesford.
- Maximise the activation of the Daylesford Town Hall site by community.

#### 3. PROJECT ADVISORY GROUP

#### 3.1 Roles and Responsibilities

The Project Advisory Group (PAG) will assist in successfully delivering the project by constructively informing the concept design process and possible future stages of the project. Areas of responsibility are:

- 1. Representing broad community interests and needs, to help the Daylesford Community Facilities project realise the vision and community needs.
- 2. Engaging in the concept design process and providing input and ideas to the designers.
- 3. Providing advice about how to effectively engage the broader Daylesford community on the project design.
- 4. Sharing information about the project to the community through various community channels and groups.

#### 3.2 Membership

The membership of the Project Advisory Group aims to ensure there is representation of broad community needs relevant to this facility.

Membership will comprise of between four (4) and eight (8) community members (not including the chairs and Council officers) who are committed to working positively to see this project completed successfully.

Membership shall represent the range of interests and needs of people in Daylesford. Such diversity may include cultural, age, gender, access and inclusion, employment, life stage, and community groups.

#### ▶ TERMS OF REFERENCE

Membership will also aim to include people who bring a range of skills to the group. Such skills may include community engagement, marketing and communication, tourism and economic development, community program development, and technology and innovation.

The Project Advisory Group will be co-chaired by the Birch Ward Councillors. A decision on chairing of the group post-2024 local government elections will be made by the new Council as part of the determination of committee membership.

Membership will be invited by way of an expression of interest and members will be appointed by Council resolution.

Members should notify Council in writing if they intend to rescind their membership. If membership numbers fall below four (4), Council may seek to increase membership through another Expression of Interest process. Council will otherwise not accept membership Expressions of Interest after the initial membership has been appointed.

#### 4. HEPBURN SHIRE COUNCIL

#### 4.1 Role and Responsibilities

Council will have accountability for management of the contract with the architect and ensuring satisfactory achievement of key deliverables for each of the project stages. Council will be required to approve any significant or material changes to scope, budget, or timelines.

Council is committed to working co-operatively with community organisations and the community in the development of the Daylesford Community Facilities project.

#### 5. ADMINISTRATION AND CONDUCT

#### **5.1 Administration**

- The Project Advisory Group will be co-chaired by both Birch Ward Councillors, with each undertaking chairing duties at alternate meetings.
- The Project Advisory Group will be administered and supported by Hepburn Shire Council. Council will be responsible for calling meetings and circulating minutes and written material as required.
- Minutes will be utilised only for the purpose of the PAG managing the project and will not be routinely published.
- Meetings of the Project Advisory Group are planned to occur monthly.
- A review period will apply to the Project Advisory Group at the end of Stage 1 (concept design complete, approximately 6-12 months) and will be undertaken by Council.
- A quorum will be a majority of the group present at a Project Advisory Group meeting.

#### 5.2 Conduct

All members of the Daylesford Community Facilities Project Advisory Group will work in a co-operative and positive manner. Members are expected to:

#### ▶ TERMS OF REFERENCE

- Actively participate in Project Advisory Group meetings, offer opinions and views, and attend a minimum of 50% of meetings.
- Treat all persons with respect and have due regard to the opinions, rights, and responsibilities of others.
- Declare any conflicts of interest or perceived conflicts of interest.
- Act with integrity and not release confidential information.
- Adhere to the principle of clear and open communication.
- Where issues of conflict arise, parties will be encouraged to discuss issues openly and clearly in a respectful manner.
- Where there is difficulty in resolving issues of conflict, Council will make a final decision on any matter.

Breaches of the Terms of Reference may result in removal from the Project Advisory Group.

### ▶ EXPRESSION OF INTEREST

Please review the Daylesford Community Facilities – Project Advisory Group – Terms of Reference, prior to submitting an Expression of Interest.

Expressions of Interest close on (insert date) and members will be appointed at the Council Meeting on (insert date).

Complete your Expression of Interest by responding to the following questions online at (insert Participate Hepburn link) or via hard copy. Hard copy Expressions of Interest are to be submitted via email to <a href="mailto:shire@hepburn.vic.gov.au">shire@hepburn.vic.gov.au</a> or dropped into a Council customer service centre.

1.	Name
2.	Phone Number
3.	Email Address

	communities, as described in Terms of Reference Section 3.2	

### 12.2 AWARD OF TENDER HEPBU.RFT2023.182 – SUPPLY OF QUARRY MATERIALS, GRAVEL & RECYCLED CONSTRUCTION MATERIALS

Go to 01:28:27 in the meeting recording to view this item.

#### **DIRECTOR INFRASTRUCTURE AND DELIVERY**

In providing this advice to Council as the Project Engineer – Infrastructure, I Paul O'Leary have no interests to disclose in this report.

#### **ATTACHMENTS**

CONFIDENTIAL - HEPBU RFT2023 182 Tenders Evaluation Report [12.2.1 - 7 pages]

#### OFFICER'S RECOMMENDATION

#### That Council:

- 1. Awards Contract Number HEPBU.RFT2023.182 for the Supply of Quarry Materials, Gravel & Recycled Construction Materials to the six conforming tenderers, including:
  - a. AllStone Quarries Pty Ltd;
  - b. Butler Excavations Pty Ltd;
  - c. Fulton Hogan Quarries Pty Ltd;
  - d. Hanson Construction Materials Pty Ltd;
  - e. Log Hut Quarries Pty Ltd; and,
  - f. McClure Resources Pty Ltd.
- 2. Delegates authority for the Chief Executive Officer to sign the contract documents on behalf of Council; and
- 3. Resolves that the attached Tender Evaluation Report remains confidential.

#### **MOTION**

#### That Council:

- 1. Awards Contract Number HEPBU.RFT2023.182 for the Supply of Quarry Materials, Gravel & Recycled Construction Materials to the six conforming tenderers, including:
- a. AllStone Quarries Pty Ltd;
- b. Butler Excavations Pty Ltd;
- c. Fulton Hogan Quarries Pty Ltd;
- d. Hanson Construction Materials Pty Ltd;
- e. Log Hut Quarries Pty Ltd; and,
- f. McClure Resources Pty Ltd.
- 2. Delegates authority for the Chief Executive Officer to sign the contract documents on behalf of Council; and
- Resolves that the attached Tender Evaluation Report remains confidential.

**Moved:** Cr Lesley Hewitt **Seconded:** Cr Tessa Halliday

Carried

**Voted for:** Cr Brian Hood, Cr Don Henderson, Cr Jen Bray, Cr Juliet Simpson, Cr Lesley

Hewitt, Cr Tessa Halliday and Cr Tim Drylie

Voted against: Nil Abstained: Nil

#### **EXECUTIVE SUMMARY**

The purpose of this report is for Councillors to consider the award of a supplier panel contract HEPBU.RFT.2023.182 Supply of Quarry Material, Gravel and Recycled Construction Materials.

Council utilises a panel of suppliers for the procurement of quarry materials, gravel and recycled construction materials to be utilised in both the capital and operational programs.

These programs are varied and include crushed rock for road reconstruction, gravel for the gravel road resheet program plus a variety of quarry materials for both sealed road and unsealed road maintenance and drainage programs. This contract also

supplies rates for crushed concrete and recycled materials which Council encourage the use of.

This Tender is to meet the requirements of the procurement policy in relation to the procurement of these services and will supersede the previous quarry materials panel contract.

#### **BACKGROUND**

Council use panel suppliers for the procurement of quarry materials, gravel and recycled construction materials. It is proposed that while the primary user of the panel will be the Infrastructure and Delivery Services department, the panel will be available for use to all departments of Council.

A probity officer was not required for this tender as the cumulative spend on the contract is not anticipated to meet the threshold of the procurement policy.

#### **KEY ISSUES**

A total of six submissions were received, of which all were deemed conforming.

As there was no "natural break" in the scoring of tenderers, the panel recommended putting all six conforming tenderers on the panel.

Council set a procurement limit of within 50km of the Shire boundary to minimise the cost and environmental impact of transporting material from collection to site.

The panel acknowledged that one supplier, AllStone Quarries Pty Ltd, main collection point is outside this 50km radius but the specialist materials and services provided by the tendered made them a suitable addition to the panel.

#### **COUNCIL POLICY AND LEGISLATIVE IMPLICATIONS**

#### Council Plan 2021-2025

Embracing our past and planning for the future

3.3 Build and maintain quality infrastructure that supports and promotes liveability and active living in the community.

A dynamic and responsive Council

5.5 Strong asset management and renewal.

#### FINANCIAL IMPLICATIONS

There are no negative financial implications associated with this report.

Risk is mitigated by using a schedule of rates contract for an initial period of 2 years plus two optional extensions of one year each by mutual agreement.

Appointment to the panel does not guarantee a package of work and any package will be funded from approved capital and operational budgets.

#### COMMUNITY AND STAKEHOLDER ENGAGEMENT

All relevant community and stakeholder engagement will take place as part of the scoping and award of packages of work under this contact.

#### RISK AND GOVERNANCE IMPLICATIONS

There are no governance and risk implications associated with this report.

#### **ENVIRONMENTAL SUSTAINABILITY**

All relevant specific environmental impact assessments will take place as part of the scoping and award of packages of work. Although, more broadly for this panel contract officers have:

- limited the reach of this contract to suppliers within 50km of the Shire boundary (with the one notable exception) to minimise cost and environmental impact of transport of material.
- Included recycled products in the tender with the aim of reducing the reliance on virgin material used through operations maintenance and construction practices.

#### **GENDER IMPACT ASSESSMENT**

There are no gender equity implications associated with this report. A gender impact assessment was assessed as not required for this panel contract.

Gender Impact Assessments will be undertaken as required when awarding packages of work under this panel contract.

#### 13 A DYNAMIC AND RESPONSIVE COUNCIL

#### 13.1 QUARTERLY FINANCE REPORTS – QUARTER 2 2023/2024

Go to 01:33:11 in the meeting recording to view this item.

#### **DIRECTOR COMMUNITY AND CORPORATE**

In providing this advice to Council as the Acting Manager Financial Services, I Natalie Martin have no interests to disclose in this report.

#### **ATTACHMENTS**

- 1. Financial Report for the Period Ending 31 December 2023 [13.1.1 28 pages]
- 2. Capital Projects Portfolio December 2023 [13.1.2 5 pages]
- 3. Operating Projects Portfolio December 2023 [13.1.3 4 pages]

#### OFFICER'S RECOMMENDATION

That Council notes the financial position and performance for six months ending 31 December 2023, including the special and capital projects.

#### **MOTION**

That Council notes the financial position and performance for six months ending 31 December 2023, including the special and capital projects.

Moved: Cr Lesley Hewitt Seconded: Cr Tessa Halliday

Carried

Hewitt, Cr Tessa Halliday and Cr Tim Drylie

Voted against: Nil
Abstained: Nil

#### **EXECUTIVE SUMMARY**

The December 2023 Quarterly Finance Report outlines the financial results for the six months ended 31 December 2023, along with a comparison to the amended budget adopted by Council (inclusive of carry forwards from 2022/2023 and additional funding identified to complete projects).

It includes a summary of Council's financial performance and position for the 2023/2024 financial year up until 31 December 2023, and an update on each special and capital project as at 31 December 2023.

The current financial position needs to be read in the context of Council's financial plan contained within the 2023/2024 Budget.

#### **BACKGROUND**

This report provides information on Council's financial performance for the period 1 July 2023 to 31 December 2023 and compares the Income Statement to the amended budget, the Balance Sheet and Statement of Cash Flows to the prior year.

The results in the first six months of the financial year have continued to be impacted by current cost inflations, high CPI and contractor availability, as well as natural disaster recovery. These impacts will continue to be felt and reflected in future reports during the 2023/2024 financial year.

The December 2023 Quarterly Finance Report along with the special and capital project reports have been prepared in comparison to the amended budget being the original adopted budget and carry-forward budget combined that was adopted at the Ordinary Meeting of Council on 19 September 2023.

#### **KEY ISSUES**

The financial report and attachments provide a comprehensive overview of Council's financial performance and current financial state, for the first six months of the 2023/2024 financial year up until 31 December 2023, and an update on the status and progress of each special and capital project.

The main items to note at the end of Quarter 2, with further details and explanation provided in the attached report, are as follows:

- The operating surplus for the six months ended 31 December 2023 was \$9.4M, which is \$3.8M (or 67%) favourable to the amended budgeted surplus of \$5.6M. This is primarily driven by materials and services expenditure budget being favourable by \$3.4M. This is due to lower than expected expenditure on storm recovery projects during the six months ended 31 December 2023.
- Year-to-date Capital works expenditure for the six months ended 31
   December 2023 was \$7.4M, which is 28% of the \$25.9M full year amended budget.
- Cash holdings as at 31 December 2023 are \$8.3M lower than the same time last year, this is due to increased expenditure on capital works, special projects and storm recovery in the previous financial year.
- Trade and other receivables as at 31 December 2023 are \$1.6M higher than the same time last year. This is due to a combination of the annual rate cap rise together with increased offerings of support packages relating to payment extensions on rates instalments.

Council officers will remain flexible and agile in the management of their forecasts while responding in the best interests of the community.

#### **COUNCIL POLICY AND LEGISLATIVE IMPLICATIONS**

#### **Council Plan 2021-2025**

A dynamic and responsive Council

5.3 A sustainable and agile organisation with strong corporate governance that supports excellent operations

#### FINANCIAL IMPLICATIONS

This report and associated attachments provide the opportunity for review of Council's financial position and forecasts.

#### **COMMUNITY AND STAKEHOLDER ENGAGEMENT**

There are no community or stakeholder engagement implications associated with this report.

#### **RISK AND GOVERNANCE IMPLICATIONS**

There are no risk implications associated with this report, and it has been assessed in accordance with the requirements of the Victorian Charter of Human Rights and Responsibilities.

#### **ENVIRONMENTAL SUSTAINABILITY**

There are no sustainability implications associated with this report.

#### GENDER IMPACT ASSESSMENT

There are no gender equity implications associated with this report.

### Overview

The December Quarterly Finance Report outlines the financial results for the six months ended 31 December 2023, along with a comparison to the amended budget (as adopted by Council in August 2023). This report includes the following:

- Income Statement;
- Statement of Capital Works;
- Balance Sheet:
- Statement of Cash Flows;
- · Cash, investments and financial reserve schedules;
- Key performance indicators;
- Rates and other debtors; and
- Councillor expenditure.

The current financial position needs to be read in the context of Council's financial plan contained within the 2023/2024 Budget.

The ongoing impacts of COVID-19 on operational costs and recovery support for the community will be monitored throughout the 2023/2024 financial year, as well as natural disaster recovery, current cost inflations, high CPI and contractor availability. The Australian Bureau of Statistics noted that the year-on -year CPI increase effective end of November fell to 4.3 per cent from 4.9 per cent in October.

This report represents six months of business in the 2023/2024 financial year.

The main items to note at the end of the second quarter are:

- The operating surplus for the six months ended 31 December 2023 was \$9.4 million, which is \$3.8 million (or 67%) favourable to the amended budgeted surplus of \$5.6 million. This is primarily driven by materials and services expenditure budget being favourable by \$3.4 million. This is due to lower-thanexpected expenditure on storm recovery projects during the six months ended 31 December 2023. Excluding storm recovery projects from the report would see the \$3.8 million favourable surplus reduce to \$651k (or 7%).
- Year-to-date Capital works expenditure for the six months ended 31 December 2023 was \$7.35 million which is 28% of the \$25.85 million amended budget. This level of expenditure is \$1.7 million ahead of this time last year.
- Cash holdings as at 31 December 2023 are \$8.3 million lower than the same time last year, this is due to increased expenditure on capital works, special projects and storm recovery in the previous year.
- Trade and other receivables as at 31 December 2023 are \$1.6 million higher than the same time last year. This is due to a combination of the annual rate cap rate rise together with increased offerings of support packages relating to payment extensions on rates instalments.

### 2. Financial Statements

The adjusted underlying result calculated in the Income Statement is the net surplus/(deficit) for the year adjusted for non-recurrent capital grants, monetary contributions (open space contributions) and capital contributions from other sources. It is a measure of financial sustainability and Council's ability to achieve its service delivery objectives as it is not impacted by non-recurrent capital income items, which can often mask the operating result.

### 2.1. Income Statement for six months ending 31 December 2023

# Hepburn Shire Council Comprehensive Income Statement For the Period Ended 31 December 2023

	Note	YTD Budget 2023/24	YTD Actual 2023/24	YTD Variance		FY Budget 2023/24

Total underlying adjustment		(1,819)	(1,154)	(665)		(8,504)	
Adjusted underlying surplus/deficit		3,804	8,236	(4,432)		(12,495)	

Commentary is provided for variances greater than \$100,000 and 10%.

#### Note 1 – Operating Grants

Operating grants are favourable \$1,271k due in the main to the advanced funding of grants ahead of the budgeted period in relation to storm recovery and the digital planning project.

#### Note 2 – Capital Grants

Capital grants are unfavourable to budget due to the timing of the receipt of grants predominately for infrastructure projects (\$722k) with this funding to be received throughout the year. There are no concerns these grants will not be received.

#### Note 3 – Other Income

Other income is favourable to budget with much of the movement due to additional interest being received on money invested \$196k due to higher-than-expected interest rates which is offset by a slight decrease in rental income received (\$36k) against the ytd budget.

#### Note 4– Materials and Service

Materials and services expenditure is favourable to YTD budget by \$3.4M. This is primarily due to lower than anticipated expenditure on storm recovery projects during the first six months of the year. Excluding storm recovery projects from the report would see the current favourable movement reduce to a \$1.412k (or 16%). Additional disclosure has been provided in relation to legal fees as per the table below:

#### Legal Fees additional disclosure

Legal Fees	Actuals 31-Dec-22 \$'000	Actuals 31-Dec-23 \$'000	
General Advice Freedom of Information S173 Legal Fees	102,664 55,419 11,737	256,390 28,707 19,459	
Legal Fees	169,820	304,556	

#### Storm Impact

Council has been impacted by three significant storm events during the previous financial years. The result of these storms was significant damage to property and infrastructure across the areas.

The table below outlines the total financial impact to Council including previous financial years to 31 December 2023. The impact of the three storm events on the current financial year for the period ending 31 December 2023 is shown separately.

Total Financial Impact of Storm Events on Council to 31 December 2023 (across multiple financial years)

	Storm Event Trentham June 2021	Storm Event Creswick January 2022	Storm Event October 2022	Total Costs
	\$'000's	\$'000's	\$'000's	\$'000's
Claims Received	4,380	423	5,532	10,335
Costs

		% Spent YTD	Original Budget	38%	

#### Capital Works Expenditure

Capital works expenditure for the six months ended 31 December 2023 was \$7.35M or 38% of the \$19.37M original adopted budget. In addition to the original adopted budget, a carry forward of \$6.48M has been approved for the capital works program in 2023/24 with the percentage spend against the \$25.85M being 28%. Capital expenditure through the first half of 2023/24 has increased on the previous four years as a percentage of the original budget including carry forwards and in actual spend as can be seen in the table below.

Year	Original Budget (inc. Carry Forwards)		Percentage delivery in first quarter		
2023/24	\$25,846,745	\$7,353,558	28.5%		
2022/23	\$22,155,778	\$5,622,569	25.4%		
2021/22	\$23,313,092	\$4,395,576	18.9%		
2020/21	\$23,265,773	\$3,754,038	16.1%		
2019/20	\$19,324,713	\$3,589,159	18.6%		

In addition to the actual expenditure of \$7.35M, Council has committed capital expenditure of \$7.87M as at 31 December 2023.

Increased spending has been driven by Council's investment in infrastructure projects, including Mechanics at Trentham (\$1,707k), Creswick Trails (\$1,895k), Bullarto Station (\$329k), and Creswick Bowls Club (947k).

Despite positive results in the first six months, conditions in the building construction sector remain challenging. Council has major projects where tender submissions have not been received and projects where tender submissions that have been received have been significantly over budget and with long delivery timelines. High inflation has also placed additional pressure on project budgets.

Further details relating to individual capital and special project status can be found in the attachments.

#### 2.2. Balance Sheet as at 31 December 2023

Commentary is provided for variances greater than \$100,000 and 10%.

TOTAL EQUITY		384,540	366,835	17,705	5%	360,344

# Note 5 – Cash and cash equivalents

Cash and cash equivalents are lower than at the same time last year. This is primarily due to grant funding received in the prior year being utilised on capital projects being delivered in 2023/24. Section 3 of the report provides additional information in relation to the cash holding and position of Council.

# Note 6 – Other financial assets

Other financial assets are lower than at the same time last year, this is due to investments maturing and resulting cash being utilised to fund council operations.

# Note 7 – Trade and other payables

Trade payables are higher than the previous year due to a larger volume of accrued expenses outstanding that were processed at year end. All suppliers and commitments are being met on time (or earlier) by Council.

# Note 8 – Trust funds and deposits

Trust funds and deposits are higher than the previous year due to an increased fire services levy balance (\$201k) together with increases in other retentions and deposits received being contractor retentions (\$331k) and deposits for subdivision works (\$151k).

# Note 9 – Interest-bearing liabilities

Current and non-current interest-bearing loans have decreased in comparison to last year as a result of Council repaying a loan.

# Note 10 - Other liabilities

Other liabilities are lower than prior year due to Income in advance (capital grants) being recognized during the year rather than at year end.

# Note 11 – Reserves

Reserves are \$26.83M higher than at the same time last year. This movement is the result of a \$23.95M revaluation of assets last year, along with a transfer of \$2.88M from other reserves. The majority of reserve accounting occurs as part of the year-end processing.

# 2.3. Statement of Cash Flows as at 31 December 2023

Commentary is provided for variances greater than \$100,000 and 10%.

# Hepburn Shire Council Statement of Cash Flows For the Period Ended 31 December 2023

		Current Year Actual	Prior Year Actual	Variance ` Yea		FY Original Budget 2023/24

Cash and cash equivalents at the beginning of the financial year		14,274	6,579	(7,695)	-54%	10,631
Cash and cash equivalents at the end of the period		2,657	4,975	2,318	87%	2,687

#### Note 12 – User Fees

User fees are lower than the prior year due to the payment of larger historical balances in 2022/23 that were raised in 2021/22 financial year.

# Note 13 - Grants Operating

Operating grants are lower than prior year as higher amounts for storm recovery were received in the prior year, as well as the majority of financial assistance grants being received in 2022/23 for the current financial year.

#### Note 14 – Contributions - monetary

Monetary contributions are lower due to additional community contributions received for capital projects being completed in the prior financial year.

#### Note 15 - Interest received

High cash balances during the first six months and an increase in interest rates has resulted in an increase in interest received on investments.

# Note 16 – Trust funds and deposits taken

Trust funds and deposit receipts vary year-on-year, and items such as contractor retentions often vary in their timing throughout the year based on completion of capital works projects.

# Note 17 – Materials and services

Outflows from materials and services have decreased compared to the same point last year due to a reduction in storm expenditure for the current financial year.

# Note 18 – Payments for property, infrastructure, plant and equipment

Payments for property, infrastructure, plant and equipment relate to payments made to suppliers and contractors in relation to capital works. Section 2.1 above and its associated attachment provides detailed commentary on capital works projects.

# Note 19 – Proceeds from sale of property, infrastructure, plant and equipment

Proceeds from the sale of property, infrastructure, plant and requirement relate to the sales of land, plant and fleet. This has decreased in comparison to last year by \$171k due to additional investment in new plant and fleet vehicles that was delayed from prior years given worldwide plant shortages.

# Note 20 – Payments for investments

Council has redeemed \$1.98M of cash to short-term investment, during this current financial year. During the same period last year, Council had redeemed \$5.00M of short-term investment back to cash.

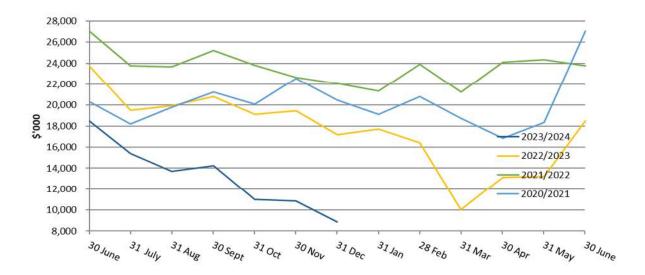

# Note 21 – Repayment of borrowings

Repayment of borrowings is lower as Council repaid a loan in the prior year and any new borrowings during the current financial year are scheduled from quarter three onwards.

# 3. Cash Holdings

The following graph shows the monthly balances of cash and investments combined over time. Cash and term deposits held at 31 December 2023 were \$8.8m. Cash holdings in the 2021/2022 financial year were above normal levels due to COVID and challenges completing projects, cash holdings have decreased primarily due to increased capital project expenditure and additional costs from increased inflation.

The table below shows the balances of cash and investments as at 31 December 2023.

Cash and investments	Amount \$'000	%
Cash and cash equivalents		
Cash on hand	4	0.0%
Cash at Bank	575	6.5%
At call funds	2,064	23.3%

Total Other financial assets	6,186	70.0%
Total Cash and investments	8,843	100.0%

 $<sup>{\</sup>bf 1.}\ \ Council incorporates investments\ held\ on\ behalf\ of\ Community\ Asset\ Committees\ into\ our\ financial\ position.$ 

# 3.1. Restrictions on Cash and Investments

Council's working capital (current assets / current liabilities) and unrestricted cash to current liabilities are measures of Council's liquidity. Restrictions on cash and investments does not account for cash liabilities.

The table below should be considered in the context of Council's 2022/2023 financial results and financial plan contained within the 2023/2024 Budget.

The unrestricted cash will be continually monitored and is expected to improve towards the end of the financial year.

The cash and investments balance as at December 2023 is impacted negatively due to outstanding reimbursements for storm recovery, funding not received for Roads to Recovery works and using working capital to fund Creswick Trails project which is identified in the budget as having borrowings drawn down to fund it.

We are budgeted to have \$962k unrestricted cash at 30 June 2024.

	Actuals 31-Dec-22 \$'000	Actuals 30-Jun-23 \$'000	Actuals 31-Dec-23 \$'000

Trust Funds and Deposits	2,390	1,496	1,276
Statutory Reserves	2,007	1,842	1,842
Other Restrictions <sup>2</sup>	12,007	11,715	6,299
Total Restricted Cash and Investments	16,404	15,053	9,417
Total Unrestricted Cash and Investments	773	3,423	(574)

<sup>1.</sup> A statutory requirement for Council to hold in trust. This includes bond payments, development contributions toward Public Open Space and grant income received in advance for future year projects.

<sup>2.</sup> Other restrictions.

Other Restrictions	\$'000	\$'000	\$'000
Cash held to fund carry forward projects	6,139	5,040	1,434
Grants and other income received in advance	4,389	2,151	341
Discretionary Reserves	1,479	4,524	4,524
Total other restricted amounts	12,007	11,715	6,299

# 3.2. Unrestricted cash (VAGO ratio)

#### Measure:

unrestricted cash / current liabilities

# 2023/24 Budget Calculation:

\$962K / \$8,556K = 11.2%

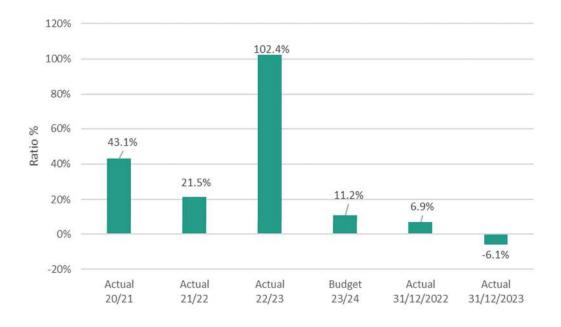

# 31 December 2023 Actual Calculation:

\$-461K / \$7,582K = -6.1%

# Purpose of ratio:

To assess if Council has enough cash, that is not tied to a reserve or trust account, to meet its obligations for the financial year.

The current forecasted KPI of -6.1% sits below the target of between 50-100%. This will be a consideration in the setting of the 2024/25 budget and will also be a factor in the Long-Term Financial Plan (Financial Plan).

# 4. Financial Reserves

The below table shows reserve balances expected as at 30 June 2024.

Reserve Balances	Actual 30 June 2023 \$'000	Forecast 30 June 2024 \$'000
Statutory Reserves		
Open Space Recreation Reserve *	1,842	2,111
Discretionary Reserves		
Mineral Springs Financial Reserve	1,485	961
Clunes Caravan Park	7	7
Heritage Advisory Fund Reserve	20	20
Mt Beckworth Pit Reserve	28	28
Smeaton Hill Pit Reserve	74	74
Waste Management Reserve	801	583
Staff Accommodation & Community Facilities	2,109	2,045
Total Discretionary Reserves	4,524	3,718
Total Reserves	6,366	5,829

# **Public Open Space Reserve**

The Public Open Space Reserve is used to hold developer contributions towards public open space infrastructure arising from property developers undertaking property subdivisions. These funds are then used to expand and upgrade Council's public open space facilities. Use of the funds in the Public Open Space Reserve are restricted by legislation.

# **Clunes Caravan Park Reserve**

The Clunes Caravan Park Reserve contains funds reserved for future capital works projects at the Clunes Caravan Park. The use of funds in this reserve is not restricted by legislation and is at the discretion of Council.

# **Heritage Advisory Reserve**

The purpose of this reserve is to provide low interest loans for heritage renovations. The use of funds in this reserve is not restricted by legislation and is at the discretion of Council.

# **Mineral Springs Financial Reserve**

The purpose of this reserve is to fund future works associated with mineral springs across the municipality and the refurbishment of the spa complex. The annual operating surplus of the Hepburn Mineral Springs Reserve is transferred to this reserve each year. Reserve funds are then used for capital projects at the Hepburn Mineral Springs Reserve. The use of funds in this reserve is not restricted by legislation and is at the discretion of Council.

#### **Smeaton Hill Pit Reserve**

The Smeaton Hill Pit Reserve contains funds reserved for future gravel pit restoration works at the Smeaton Hill gravel pit. The use of funds in this reserve is not restricted by legislation and is at the discretion of Council.

#### Mt Beckworth Pit Reserve

The Mt Beckworth Pit Reserve contains funds reserved for future gravel pit restoration works at the Mt Beckworth gravel pit. The use of funds in this reserve is not restricted by legislation and is at the discretion of Council.

# **Waste Management Reserve**

The annual operating surplus of Council's waste management function is transferred to the Waste Management Reserve each year. Reserve funds are then used for waste management capital projects. Council is continuing with the Waste Strategy during 2023/2024 which will inform future waste management capital projects required by the shire. The use of funds in this reserve is not restricted by legislation and is at the discretion of Council.

# Staff Accommodation and Community Facilities Reserve

This reserve is the surplus from the sale of The Rex and the repayment of the loan drawn down to purchase The Rex. This reserve is to be allocated to projects associated with accommodation for Hepburn Shire Staff and Community Facilities within the Birch Ward.

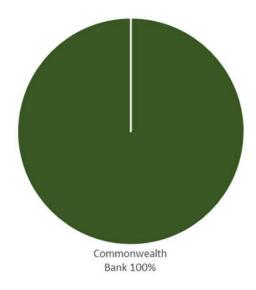

# 5. Investment Mix

Council invests funds held in Trust and Reserves in short to medium term investments such as term deposits. All investments are made in accordance with the *Local Government Act 2020* and are made with APRA (Australian Prudential Regulation Authority) approved financial institutions.

The table below shows a comparable interest rate per investment for the majority. Interest rates have historically been lower, however due to the higher rates being available these have been captured and utilised for the maximum allowable investments with financial institutions as per Council's policy. It is expected that Council will continue to invest at higher interest rates as we move through the new calendar year.

As at 31 December 2023 investments consisted of the following term deposits and are non-compliant based on the short-term investments as over 80% are invested with one institute. This will be rectified as investments mature.

Institution	Maturity Date	Interest Rate	Term (months)	Amount \$'000
Commonwealth Bank	08-Jan-24	5.14%	5	1,000
Commonwealth Bank	23-Feb-24	5.31%	6	1,000
Commonwealth Bank	26-Feb-24	5.26%	6	1,000
Commonwealth Bank	26-Feb-24	5.30%	6	1,000
Commonwealth Bank	29-Feb-24	5.25%	6	1,000
Total Investments				5,000

# 6. Financial Performance Indicators

# 6.1. Adjusted underlying result

#### Measure:

adjusted underlying surplus (deficit) / adjusted underlying revenue

# 2023/24 Budget Calculation:

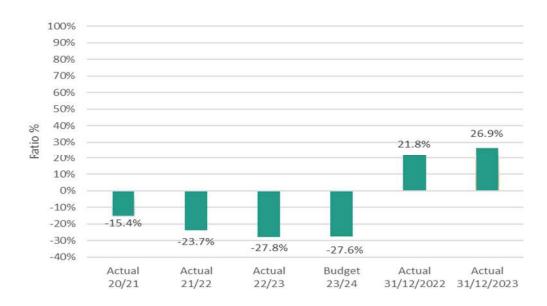

\$-10,463K / \$37,892K = -27.6%

# 31 December 2023 Actual Calculation:

\$8,236K / \$30,671K = 26.9%

# Purpose of ratio:

This ratio measures Council's ability to meet operating expenditure with operating revenue. The current budget of -27.6% sits below the State Government target of between 0-10%.

Actual calculation is outside the State Government target, and as expenditure increases throughout the year this percentage is expected to decrease.

# 6.2. Obligations

# **Borrowing Ratio**

# Measure:

interest bearing loans and borrowings / rate revenue

# 2023/2024 Budget Calculation:

\$8,825K / \$26,159K = 33.7%

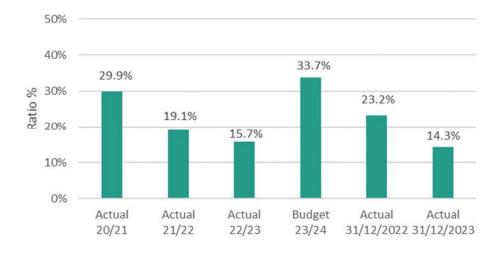

# 31 December 2023 Actual Calculation:

\$3,700K / \$25,849K = 14.3%

# Purpose of ratio:

To assess the utilisation of debt to fund Council's intergenerational works projects, relative to rates and charges revenue.

The budget ratio of 33.7% and the actual ratio as at 31 December 2023 of 14.3% sits well within State Government target of between 0-60%.

# **Debt Commitment**

#### Measure:

interest and principal repayments on interest bearing loans and borrowings / rate revenue

# 2023/2024 Budget Calculation:

\$1,165K / \$26,159K = 4.5%

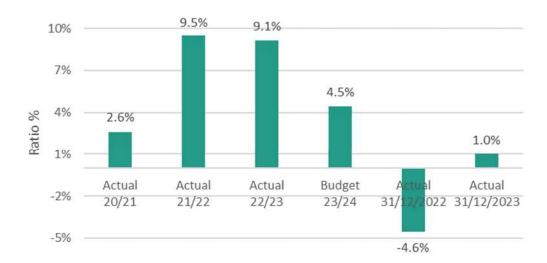

# 31 December 2023 Actual Calculation:

\$263K / \$25,849K = 1.0%

# Purpose of ratio:

To assess how reliant Council is on rates and charges revenue to meet interest and principal loan repayments.

The budget ratio of 4.5% and the actual ratio as at 31 December 2023 of 1.0% sits within the State Government target of between 0-5%.

# Indebtedness

#### Measure:

non-current liabilities / own source revenue

# 2023/2024 Budget Calculation:

\$8,703K / \$29,876K = 29.1%

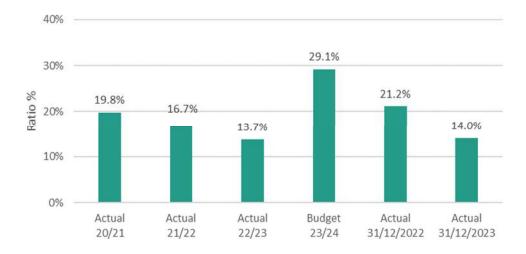

# 31 December 2023 Actual Calculation:

\$3,874K / \$27,683K = 14.0%

# Purpose of ratio:

To assess Council's ability to cover its medium to long-term liabilities with revenue not sourced by grants, monetary contributions, or non-monetary contributions.

This measure is relatively static over time and remains in the lower half of the State Government target of between 0-40%.

#### 6.3. Rates and charges

#### Rates concentration

## Measure:

rates and charges / adjusted underlying revenue

# 2023/2024 Budget Calculation:

\$26,159K / \$37,892K = 69.0%

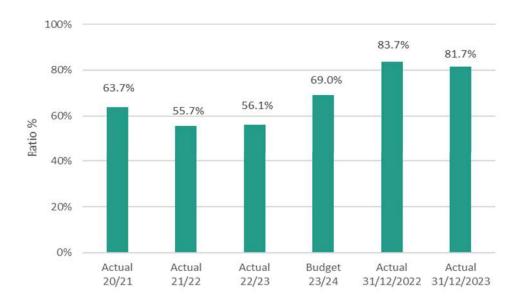

# 31 December 2023 Actual Calculation:

\$25,849K / \$31,640K = 81.7%

# Purpose of ratio:

This ratio measures Council's reliance on rates and charges to fund operating services.

Sitting within the KPI range (30-80%) means that Council is less reliant on operating grants and user fees to fund operating expenditure. This measure is generally higher early in the financial year as rates revenue has already been recognised, as other user fees and charges are received during the year the actual result is expected to decrease and be within the State Government target by year end, which is consistent with prior years.

# 7. Rates and Other Debtors

As at 31 December 2023, Council's debtors are summarised below:

Debtor	December 2022 \$'000	December 2023 \$'000	Current \$'000	> 30 Days \$'000
Rates (including FSL debtors) <sup>1</sup>	16,492	17,699	14,785	2,914
Sundry	1,371	1,408	848	560
Other Debtors	287	867		
-GST	352	207		
-Pension Concession	317	208		
Less: provision for doubtful debts	(110)	(16)		
TOTAL	18,710	20,372	15,633	3,474

<sup>1.</sup> Any payments made on rates and charges are applied to prior year outstanding balances first. Rates are classified as overdue when payment is not received by instalment date.

Overdue rates debtors were \$2.91M (including Fire Services Levy collected on behalf of the State Government) at 31 December 2023. At the same time last year overdue rates were \$2.71M, and the increase of \$200K in overdue rates debtors is an increase of 7%. This is due to a combination of the annual rate cap rate rise, the impacts of increased inflationary pressures and offering a support package of payment extensions on instalments.

An engagement campaign has commenced this year to improve the collection rates for overdue rates with 980 records totalling \$2.9M being transferred to a third-party agency. From commencement of this campaign, early returns show arrears of \$966k having been receipted being the equivalent of 33% collected on the overdue amounts.

Outstanding sundry debtors of \$1,408k comprise the following:

Debtor Details	December 2022 \$'000	December 2023 \$'000
Government Grants	909	907
Leases	172	63
Planning	5	5
Environmental Health	37	40
Contract Services	1	-
Building	4	2
Fire Hazards	3	14
Local Laws	171	202
Other	70	175
Total	1,371	1,408

# **Councillor Expenses** 8.

Councillor Expenses for the six months ended 31 December 2023.

Councillor	Councillor Allowance	Mobile and Data	Conferences and Training	Travel and Accom	Mayoral Car Allowance	Childcare	Total
Cr Bray	12,839	504	-	-	-		13,343
Cr Drylie	12,839	504	-	546	-		13,889

Cr Hewitt	18,025	504	1,553	218	-		20,300
Cr Hood	39,757	504	1,795	391	6,482		48,929
Cr Simpson	14,092	504	-	-	-		14,596
Total	123,230	3,528	3,548	6,627	6,482	1,884	145,299

# **Councillor Allowances and Expenditure**

The Victorian Government sets upper and lower limits for all allowances paid to Councillors and Mayors. Hepburn Shire Council is classified as a category one Council and allowances are paid in accordance with section 39 of the Local Government Act 2020. These allowances increased on 1 July 2023 with a further increase from 18 December 2023.

#### Mobile and Data

The provision of telecommunications services, including phones and laptop/tablet, are paid for by Council.

#### **Travel and Accommodation**

This category covers expenses associated with attendance by Councillors at approved short-term training, conferences and/or functions. The travel costs associated with the Mayor are associated with the provision of a council vehicle.

# **EXECUTIVE SUMMARY**

In conjunction with half-yearly reporting, a review is completed for all capital and operating projects as well as the operating budgets to identify any changes that need to be adopted by Council.

These changes will become a revised forecast for 30 June 2024.

A range of forecast variations to budget have been managed to ensure an overall forecast position favourable to budget.

#### **BACKGROUND**

Each year an analysis of the adopted budget occurs at mid-year to quantify changes to income and expenditure forecasts. These changes may be as a result of additional grants received, formal advice of budgeted grant allocations, or project activities reflecting priorities that Council has responded to as a result of events or information obtained after the budget was adopted.

The review provided for changes for operating budgets as well as Capital and Operating Project budgets.

A review has not been completed to determine if any of the Capital and Operating projects can be deferred to the 2024/2025 financial year or cancelled.

#### **KEY ISSUES**

Council reported an unrestricted cash balance of negative \$574K at 31 December 2023. The unrestricted cash balance at 30 June 2024 is budgeted to be positive \$962K.

The unrestricted cash balance is at a point in time and has a number of factors that can impact it. The cash balance is still being impacted by the outstanding reimbursements for storm recovery works and Council have not drawn down any loans this year for Creswick Trails or Town Hall projects (approx. \$2.5M) – these have been funded from working capital at this stage.

# Summary of proposed budget changes

<b>Total Savings</b>	\$132,800	
Capital Work Projects	\$717,200	Savings
Non-Recurrent Project	\$449,000	Additional Costs
Operational Budget	\$135,400	Additional Costs

A detailed breakdown of the proposed budget changes is shown below together with key reasons for these movements:

# 1. Operational Budget

Service Area	Impacts	Variance (\$)
Planning & Building	Fee Income	(280,000)
Planning & Building	Legal Costs	(270,000)
Infrastructure & Delivery	Other Income	(161,000)

All Services	Utilities	(68,000)
Resource Recovery	Consultants/Contractors	200,000
Financial Services	Interest Income	190,000
All Services	Staff	119,600
All Services	Other Expenses	103,000
Local Laws	Income - Fines	31,000
Forecast Movement on Operatin	(135,000)	

<sup>\*() =</sup> Unfavourable

Reasons relating to the high dollar impacted service areas are provided as follows:

- Decrease in application numbers for planning and building applications that have declined following government stimulus packages post COVID
- High profile legal matters relating to planning and in particular, Charlies; Dan Murphy's; Main Road
- Numerous substantive positions vacant throughout the year that have been offset in part by the use of temporary contracted staff
- Cash balances invested in high interest return accounts allowing for maximum return on interest income
- Savings from other expenses due to loans not yet drawn down (interest expense) and consultants
- Additional income recovered from fines relating to domestic animal charges

# 2. Non-Recurrent Projects

Special Operating Projects	Net Variance (\$)
Settlement Strategy – Structure Plans	(494,000)
Cyber Security Augmentation (salaries)	25,000
New Office Accommodation Planning	20,000
Forecast Movement on Special Operating Projects	(449,000)

<sup>\*() =</sup> Unfavourable

Reasons relating to the high dollar impacted service areas are provided as follows:

- Strategic Planning scope and costs expanded beyond budgeted expenditure
- Variety of smaller projects where scope of works has been completed this year with savings

# 3. Capital Work Projects

Capital Work Projects	Net Saving (\$)
Cambridge St – Kerb & Channel (deferral)	264,000
Capital projects allocated to Reserves *	187,600
Mechanics at Trentham	100,000
Bullarto Station Project	78,600
Newlyn Sports Ground Lighting Upgrade	52,500
Creswick Bowls Club - Green	50,600
Chatfield Reserve Upgrade (overspend)	(37,600)
Clunes Pedestrian Crossing Point	14,500
Road Rehabilitation – Forward Design	7,000
Forecast Movement on Capital Work Projects	717,200

<sup>\*</sup>Discretionary Reserves:

- Mechanics at Trentham Landscaping \$150,000
- Chatfield Reserves Landscape Works Additional Scope \$37,600

The majority of the capital work projects are forecast to be completed with savings against the allocated budget. This has been achieved with no cutbacks on the scope of the projects. One project has been deferred to next financial year due to availability to deliver in the current financial year whilst a further two projects have been identified as being eligible to be funded from discretionary reserve funds.

# 4. Additional Capital Works

As part of the Mid-Year review, consideration has been given to Smeaton Bowling Club to provide one-off monies of \$35,000 to assist with the replacement of the bowling facility surface for the current financial year only.

It is important that the unrestricted cash position is carefully managed and maintained at a surplus. This requirement can be managed through the mid-year budget, the setting of the 2024/2025 budget and further planning within Councils Long Term Financial Plan (ten-year plan).

# **COUNCIL POLICY AND LEGISLATIVE IMPLICATIONS**

**Council Plan 2021-2025** 

A dynamic and responsive Council

- 5.3 A sustainable and agile organisation with strong corporate governance that supports excellent operations
- 5.5 Strong asset management and renewal.

# **FINANCIAL IMPLICATIONS**

Financial implications associated with this report will be discussed during the meeting.

# **COMMUNITY AND STAKEHOLDER ENGAGEMENT**

There are no community or stakeholder engagement implications associated with this report.

# **RISK AND GOVERNANCE IMPLICATIONS**

The implications of this report have been assessed in accordance with the requirements of the Victorian Charter of Human Rights and Responsibilities.

# **ENVIRONMENTAL SUSTAINABILITY**

There are no sustainability implications associated with this report.

# **GENDER IMPACT ASSESSMENT**

There are no gender equity implications associated with this report.

# 13.3 COUNCIL PRIORITIES UPDATE

Go to 02:12:28 in the meeting recording to view this item.

## **CHIEF EXECUTIVE OFFICER**

# OFFICER'S RECOMMENDATION

That Council notes the progress update provided in relation to Council Priorities as adopted at the Council Meeting on 20 December 2022.

#### **MOTION**

That Council notes the progress update provided in relation to Council Priorities as adopted at the Council Meeting on 20 December 2022.

**Moved:** Cr Lesley Hewitt **Seconded:** Cr Don Henderson

Carried

Voted for: Cr Brian Hood, Cr Don Henderson, Cr Jen Bray, Cr Juliet Simpson, Cr Lesley

Hewitt, Cr Tessa Halliday and Cr Tim Drylie

Voted against: Nil Abstained: Nil

# **EXECUTIVE SUMMARY**

The purpose of this report is for Council to receive an update on the progress and action in relation to the adopted Councillor priorities as required by the Council resolution from previous Council Meetings.

Significant progress has been made against all identified priorities.

### **BACKGROUND**

At the Council Meeting on 20 December 2022, the following motion was passed by Councillors:

While noting its obligations and community commitments as articulated in the Council Plan 2021-2025, Council resolves to request the Chief Executive Officer to prepare a report, for tabling no later than the March 2023 Council Meeting, that outlines current progress and an action plan to respond to a number of emerging priority items as identified by Councillors and Executive. The priorities include:

- Financial sustainability;
- Staff accommodation, community facilities and existing land and building assets;
- Governance, compliance and workplace health and safety;
- Customer service;
- ICT capability;
- Statutory and Strategic Planning;
- Emergency Management and Storm Recovery including road maintenance;
- Sustainable Hepburn Strategy implementation; and
- Commonwealth Games

Updates were provided in March and August 2023.

#### **KEY ISSUES**

A whole range of actions have been undertaken in response to the identified priorities, these include but are not limited to:

- 2023/2024 financial statements completed, with a clean audit opinion issued. Annual Report adopted by Council in October.
- Review of Financial Plan (ten-year long term plan) and Service Review Project remains on track for completion in this term of Council, with multiple workshops already undertaken and others planned with Councillors.
- Various briefings held with Councillors, Executive and project lead in regard to staff accommodation needs and Daylesford (Birch Ward) community facilities – Council decisions communicated in February Options considered while Town Hall temporarily closes from September Hepburn Shire Council.
- An amended, full day staff induction program is now in place and occurring each fortnight inducting new and returning staff.
- The Planning Systems Improvement Project (\$260,000 state government grant) has kicked off and is designed to increase the digital maturity of the Hepburn Shire Council planning process by implementing automation, improving online services uptake, and upgrading the IT landscape, data, and reporting capabilities.
- Various community engagement activities to date in relation to Future
  Hepburn (Strategic Planning) have been undertaken. Multiple workshops with
  Councillors have been undertaken and the draft five Township Structure
  plans are expected to be released for community comment in April 2024.
- Hepburn Shire Council was recognised for significant progress in building a
  positive health and safety culture, taking out the OHS
  Leadership/Achievement award at the Victorian WorkSafe Awards.

- Overall improvements in the results of the Community Satisfaction Survey, especially when compared to statewide trends.
- A Customer Service Strategy has been adopted, and currently rolling out customer service training to all staff, and Councillors.
- Created a dedicated Emergency Management team, with increased resources. Multiple briefings for bushfire readiness occurred with Councillors, and the organisation responded extremely well to emergency situations include the tragic traffic incident in Daylesford and late summer fires.
- ICT improvements are being made across the organisation including moving our major software system (TechnologyOne) to the cloud to ensure improved security and the implementation of a new GIS software systems.
- Multiple actions of the Sustainable Hepburn Strategy implemented, including the creation of The Sustainable Hepburn Advisory Committee (SHAC), including community members.
- FOGO roll out has been actioned and goes live on 8 April 2024.
- Continue to work with and advocate to State Government about ensuring Council receives a fair share of allocated funding post-the Commonwealth Games cancellation. A number of government grant opportunities are now available, and submissions have been made.
- Since the storms of June 2021 Council has incurred \$14.97 million in storm recovery activity (as at 31 December 2023), through the three major storm events of June 2021, January 2022 and October 2022. \$10.4 million in State and Federal Government reimbursement has been received in the same time period. It is expected all storm recovery works will be completed by June 2024, and the majority of reimbursements received.
- \$14.97 million of storm recovery expenditure is the equivalent of 74% of one year's rates showing the size and significant work undertaken across the organisation to respond to the various storm events.

# **COUNCIL POLICY AND LEGISLATIVE IMPLICATIONS**

# Council Plan 2021-2025

A dynamic and responsive Council

5.3 A sustainable and agile organisation with strong corporate governance that supports excellent operations

# FINANCIAL IMPLICATIONS

There are no specific financial implications from this report – the individual programs and projects occur financial costs.

# **COMMUNITY AND STAKEHOLDER ENGAGEMENT**

There are no specific financial implications from this report – the individual programs and projects occur financial costs. Addressing the priorities will improve the financial capacity and position of Council to provide services.

# **RISK AND GOVERNANCE IMPLICATIONS**

Addressing the priorities will enable Council to adequately remedy existing weaknesses in governance, mitigate risks and improve its financial capacity to provide community services.

# **ENVIRONMENTAL SUSTAINABILITY**

There are no direct sustainability implications associated with this report. However, note that the implementation of the Sustainable Hepburn strategy is a key priority as adopted by Council.

# **GENDER IMPACT ASSESSMENT**

There are no gender equity implications associated with this report – any gender implications will be considered as part of the implementation and response to each priority.

# 13.4 CEO ANNUAL REPORT TO COUNCIL ON THE ACTIVITIES AND PERFORMANCE OF COMMUNITY ASSET COMMITTEES 2023/2024

Go to 02:17:45 in the meeting recording to view this item.

#### **EXECUTIVE SUMMARY**

This report provides an update to Council on the operations, successes and challenges of Council's Community Asset Committees over the past 12 months, as required by the *Local Government Act 2020*.

#### **BACKGROUND**

A community asset committee is a committee established by Council, with members appointed by the CEO, for the purposes of managing a community asset in a municipal district (s65(2)).

Council has six Community Asset Committees:

- Creswick Museum Community Asset Committee
- Dean Recreation Reserve and Tennis Courts Community Asset Committee
- Drummond Hall and Tennis Courts Community Asset Committee
- Glenlyon Recreation Reserve Community Asset Committee
- Lee Medlyn Home of Bottle Community Asset Committee
- Lyonville Recreation Reserve Community Asset Committee

Under the *Local Government Act 2020*, the CEO is required to submit a report to Council each year on the activities and performance of Community Asset Committees.

#### **KEY ISSUES**

This report covers the September 2022 – January 2024 period.

#### **Creswick Museum Community Asset Committee**

Purpose of the Committee

The Committee has operational oversight of the Creswick Museum, the former Infant Welfare Centre, Cambridge Street, Creswick and the Museum Collection including, but not limited to, the following:

- Dr. E.J. Semmens Collection;
- Lindsay Family Collection;

- T.G. Moyle Collection;
- W. Tibbits Collection;
- Victor Litherland Collection;
- Creswick Council Chamber Collection;
- H.H. Pearce Collection;
- Sir Alexander and Lady Peacock Collection;
- H. Burkitt Collection;
- The New Australasian No. 2 Mine Disaster Collection;
- Alexander T Evans Collection;
- Jean Baker Collection; and
- Heather Lay Collection
- (being collections held in trust for Creswick & District residents)

The Committee also manages opening the museum to the public, undertakes research on request, manages inventory of the collection and acquisition of the new items for the collection, and arranging loan of items from other collections to make them available to the community. The Committee also manages a group of volunteers who staff the Museum and support the work of the Committee.

#### Governance

The Committee was first established in 1997 as a Special Committee of Council under the *Local Government Act 1989*. The current Instrument of Delegation was authorised by the CEO on 28 February 2021 after the Committee was established under the *Local Government Act 2020*.

The Committee is required to have at least 7 voting members under their Instrument of Delegation, with a current membership of 6. Overall, the Committee is diligent in operating in line with the terms of their Instrument and regularly files minutes and financial returns as required.

The Committee has approximately \$55,000 in cash reserves, including term deposits.

Relevant Plans and Strategies

Future development of the Arts and Culture Strategy.

Maintenance and Improvements

The committee has provided essential support to Council in guiding the restoration of the Creswick Town Hall.

Council officers are also working in co-operation with the Museum Group in restoration of a piece known as Berry No. 1 model. This is being undertaken by an independent conservator.

Community Engagement

Council's Creative Communities Officer commenced in November 2023 and is engaging with the Committee on how to best support them and the management of the collection.

#### **Dean Recreation Reserve and Tennis Courts Community Asset Committee**

#### Purpose of Committee

The Committee has operational oversight of the Dean Recreation Reserve and Tennis Courts including the soccer pitches, pavilion, toilet block and storage shed, Tennis Courts, shelter and fencing.

#### Governance

The Committee was first established in 1997 as a Special Committee of Council under the *Local Government Act 1989*. The current Instrument of Delegation was authorised by the CEO on 21 September 2020 after the Committee was established under the *Local Government Act 2020*.

The Committee is required to have at least five voting members under their Instrument of Delegation, with a current membership of seven. There are a number of members listed in the Committee minutes who have not been appointed by Council. Officers have reminded the Committee of the requirement to have all members formally appointed, and continue to work with the Committee to rectify this.

The Committee is currently meeting quarterly and have filed minutes for their meetings over the last 12 months. The Committee's annual financial audit for the 2022/2023 financial year has not yet been provided to Council, and the Committee have been reminded of their obligation to obtain this audit at the conclusion of each financial year.

The Committee has approximately \$17,000 in cash reserves.

#### Relevant Plans and Strategies

Nil

#### Maintenance and Improvements

Council assisted with repairing the public toilet cisterns in time for the kite festival after they were damaged in an act of vandalism.

#### Community Engagement

Sport and Recreation officers have met with the Committee in relation to potential renewal works to the existing aged and disused tennis courts. Officers commissioned a hard-court specialist audit for further discussion with the Committee. The Committee has been made aware that any works to these courts are unfunded and

would be required to be considered with other Council priorities and long-term financial planning.

#### **Drummond Hall and Tennis Courts Community Asset Committee**

#### Purpose of Committee

The Committee has operational oversight of the Drummond Hall consisting of Drummond Hall, including timber building, brick toilet block and tennis courts.

#### Governance

The Committee was first established in 1997 as a Special Committee of Council when it was established under the *Local Government Act 1989*. The current Instrument of Delegation was authorised by the CEO on 21 September 2020 after the Committee was established under the *Local Government Act 2020*.

The Committee is required to have at least five voting members under their Instrument of Delegation, with a current membership of six. After struggling in the past to attract and retain members, the Committee now has relatively stable membership.

The Committee is diligent in operating in line with the terms of their Instrument and regularly files minutes and financial returns as required.

The Committee has approximately \$3000 in cash reserves.

#### Relevant Plans and Strategies

Nil

#### Maintenance and Improvements

Council is undertaking 2023/2024 funded renewal works to the hard courts surfacing of the tennis courts. Project is on track to be completed by 30 June 2024.

Facilities Department completed capping works to the internal chimney in the Hall. Council's works team provided assistance to ensure the hall met the requirements to continue to be used as a Voting Centre in state and federal elections.

Lighting fixtures replaced and plumbing fixture renewal are planned to be undertaken within the Public Toilet amenities program.

Various requests raised by the Committee are to be considered in future building renewal programs.

#### Community Engagement

Projects and Sport and Recreation officers are liaising with the Committee in relation to Council's 2023/2024 funded tennis court resurfacing works currently being undertaken.

#### **Glenlyon Recreation Reserve Community Asset Committee**

#### Purpose of Committee

The Committee has operational oversight of the Glenlyon Recreation Reserve.

#### Governance

The Committee was first established in 1997 as a Special Committee of Council when established under the *Local Government Act 1989*. The current Instrument of Delegation was authorised by the CEO on 21 September 2020 after the Committee was established under the *Local Government Act 2020*.

The Committee is required to have at least five voting members under their Instrument of Delegation, with a current membership of ten, and due to the Committee's high membership, new appointments to the Committee have been paused until a vacancy arises.

The Committee regularly files minutes and financial returns as required.

The Committee has approximately \$22,000 in cash reserves.

#### Relevant Plans and Strategies

Glenlyon Recreation Reserve Masterplan (in progress)

#### Maintenance and Improvements

The Committee is managing several maintenance issues, including:

- Fencing repair
- Replacement of the horse yards
- Control of blackberry, thistles and gorse

Council completed soil contamination investigation at the reserve working with Environmental Protection Agency and Department of Environment, Land Water and Planning (DELWP). Septic pump works in relation to the public conveniences were completed by Council over the 2023 Christmas holiday period.

Council's Facilities Department replaced the oven in November and painting of the Public Reserve toilets was completed in April 2023.

Assistance with cleaning and making sure the septic system was ready for the Glenlyon Sports Day, 1 January 2024 was also undertaken in both 2023 and 2024.

#### Community Engagement

Throughout the reporting period, Sport and Recreation officers have liaised with the Glenlyon Recreation Reserve Community Asset Committee on the progress of the development of the Glenlyon Recreation Reserve Masterplan, development, potential external funding opportunities for reserve enhancement works, recommencement of the Daylesford Field and Game Club's activities at the reserve,

potential reserve signage renewal works. Council's Events Officer provides support to the committee regarding major events, such as the NYD Sport Day event, Antiques Swap Meet and Regional Equestrian Event annually.

#### Lee Medlyn Home of Bottles Community Asset Committee

#### Purpose of Committee

The Committee has operational oversight of the Lee Medlyn Home of Bottles consisting of the Former School Building, Factory and Public Toilet Block at 70 Bailey Street, Clunes and the Lee Medlyn Home of Bottles Collection including, but not limited to, the following:

- Lee Medlyn Bottle Collection
- Eberhard Factory (soft drink display), and
- other collectables and displays currently at the Home of Bottles, and as the committee obtains.

The Committee also manages opening the museum to the public, acquisition of the new items for the collection, and arranging loan of items from other collections to make them available to the Hepburn Shire community.

#### Governance

The Committee was first established in 1997 as a Special Committee of Council when established under the *Local Government Act 1989*. The current Instrument of Delegation was authorised by the CEO on 21 September 2020 after the Committee was established under the *Local Government Act 2020*.

The Committee is required to have at least seven voting members under their Instrument of Delegation, with a current membership of seven.

The Committee meets monthly and is diligent in operating in line with the terms of their Instrument and regularly files minutes and financial returns as required.

The Committee has approximately \$14,000 in cash reserves.

#### Relevant Plans and Strategies

Future development of the Arts and Culture Strategy.

#### Maintenance and Improvements

The committee has approved plans for window and roof remediation as well as an accessibility entry upgrade, to be completed by Council. Assistance with pothole maintenance has been completed with Council.

#### Community Engagement

Council's Creative Communities Officer commenced in November 2023 and is working with the Committee to support management of the collection.

#### **Lyonville Hall Community Asset Committee**

#### Purpose of Committee

The Committee has operational oversight of the Lyonville Hall consisting of a timber hall, outside toilets and reserve land.

#### Governance

The Committee was first established in 1997 as a Special Committee of Council when it was established under the *Local Government Act 1989*. The current Instrument of Delegation was authorised by the CEO on 21 September 2020 after the Committee was established under the *Local Government Act 2020*.

The Committee is required to have at least five voting members under their Instrument of Delegation, with a current membership of eight.

The Committee is currently meeting monthly and has regularly filed minutes and financial statements as required.

The Committee has approximately \$87,000 in cash reserves. The Committee has done considerable work in recent years to establish the Hall as a hub for the community, including the operation of a weekly cafe. Proceeds are directed towards the use and maintenance of the Hall. Officers will work with the Committee to update governance arrangements as required to minimise risk associated with the operation of the food premise, and support the cafe in continuing.

#### Relevant Plans and Strategies

Nil.

#### Maintenance and Improvements

The Committee has managed or commenced planning for several maintenance issues over the year, including:

- Purchased a good quality piano.
- Upgraded the external lighting and improved lighting near the stage.
- Installed a mobile phone booster to improve phone coverage.
- Received a donated cake display case from Daylesford Bowls Club.
- With funding from Council, painted the exterior of the Hall and installed two picnic tables in the grounds.
- Applied for and were successful in getting a grant of \$7,057 for a generator for the Hall.
- Built a woodshed to store the free wood provided by Council following the June 2021 storm.
- Progressed planning and approvals for construction of a covered area near the pizza oven.

Council is prioritising fixture renewal within the public toilet amenities before 30 June 2024.

#### Community Engagement

Officers from the Parks, and Open Spaces and Sport and Recreation teams have met the Lyonville Hall Community Asset Committee to discuss renewal of the Hall playspace. The Committee has been requested to forward a proposal of playspace renewal scope for officers to consider further.

Most recently Council's Grants Specialist has collaborated with the Lyonville Hall Community Asset Committee to support the preparation of their community led Tiny Towns Fund submission. Council has also agreed to auspice the funding application and will undertake financial management of the project if funding is successful.

#### **COUNCIL POLICY AND LEGISLATIVE IMPLICATIONS**

#### **Council Plan 2021-2025**

A healthy, supported, and empowered community

2.2 Increase the availability and accessibility of services in the Hepburn Shire area to support liveability, health, and wellbeing.

A dynamic and responsive Council

5.3 A sustainable and agile organisation with strong corporate governance that supports excellent operations.

#### FINANCIAL IMPLICATIONS

Most Committees continue to struggle with financial sustainability, and Council is working with Committees to explore options for improving financial sustainability.

#### **COMMUNITY AND STAKEHOLDER ENGAGEMENT**

Engagement has been undertaken with the Council staff regularly working with and supporting Community Asset Committees throughout their functions. As support to these Committees stretches across many functions within Council, a collaborative approach in the preparation of the report was taken.

The Committees are invited to provide a report to Council.

#### RISK AND GOVERNANCE IMPLICATIONS

During the preparation of this Annual Report, a number of governance issues were identified, such as:

- Some committees not advertising their meetings publicly,
- Some committees not providing copies of their minutes to Council, and

• Some committee members who have not been appointed by Council. Officers have contacted the relevant Committees to remind them of their requirements under their Instrument of Delegation and provide guidance on rectifying these issues.

#### **ENVIRONMENTAL SUSTAINABILITY**

There are no sustainability implications associated with this report.

#### **GENDER IMPACT ASSESSMENT**

There are no gender equity implications associated with this report.

Go to 02:21:31 in the meeting recording to view this item.

#### **DIRECTOR COMMUNITY AND CORPORATE**

In providing this advice to Council as the Coordinator Governance, I Dannielle Kraak have no interests to disclose in this report.

Voted for: Cr Brian Hood, Cr Don Henderson, Cr Jen Bray, Cr Juliet Simpson, Cr Lesley

Hewitt, Cr Tessa Halliday and Cr Tim Drylie

Voted against: Nil Abstained: Nil

#### **EXECUTIVE SUMMARY**

The purpose of this report is for Council to receive and note Records of Councillor Attendance.

#### **BACKGROUND**

Council's Governance Rules, chapter 6 section 102.1, require that:

If there is a meeting of Councillors that:

- 1. is scheduled or planned for the purpose of discussing the business of Council or briefing Councillors;
- 2. is attended by at least one member of Council staff; and
- 3. is not a Council meeting, Delegated Committee meeting or Community Asset Committee meeting

the Chief Executive Officer must ensure that a summary of the matters discussed at the meeting are:

- a. tabled at the next convenient Council meeting; and
- b. recorded in the minutes of that Council meeting.

To fulfill this requirement and promote transparency, Records of Councillor Attendance are kept where the above definition is met and brought to Council for noting, as attached.

#### **KEY ISSUES**

The following Records of Councillor Attendance are reported:

Date	Meeting/Committee Name	Location
5 December 2023	Councillor Briefing	Council Chamber
12 December 2023	Councillor Briefing	Council Chamber

#### **COUNCIL POLICY AND LEGISLATIVE IMPLICATIONS**

The report fulfills Council's requirements under the Governance Rules.

#### FINANCIAL IMPLICATIONS

There are no financial implications associated with this report.

#### **COMMUNITY AND STAKEHOLDER ENGAGEMENT**

Using Council's adopted Community Engagement Framework, International Public Participation Consultation, this report presents information via the Council Agenda.

#### **RISK AND GOVERNANCE IMPLICATIONS**

If Records of Councillor Attendance are not included in the Public Agenda at a Council Meeting, Council would be in breach of its Governance Rules as adopted on 16 August 2022.

#### **ENVIRONMENTAL SUSTAINABILITY**

The inclusion of the attached Records of Councillor Attendance in the Council Agenda and their availability to the public will increase awareness of the activities of Council and promote community involvement in decision making at Council level.

#### **GENDER IMPACT ASSESSMENT**

There are no gender equity implications associated with this report.

# CONFIDENTIAL AGENDA COUNCILLOR BRIEFING TUESDAY 5 DECEMBER 2023

Tuesday 5 December 2023 Council Chamber, 76 Vincent Street Daylesford VIC 3460 9:00am – 4:30pm

Councillors, I advise that I have assessed the following information in the briefing papers and associated attachments as being confidential information.

The information is considered to be confidential information under section 3(1) of the Local Government Act 2020 because it is Council business information, being information that would prejudice Council's position in commercial negotiations if prematurely released (Section 3(1)(a)).

# CONFIDENTIAL AGENDA COUNCILLOR BRIEFING TUESDAY 27 FEBRUARY 2024

Tuesday 27 February 2024
Daylesford Town Hall, 76 Vincent Street Daylesford
9:00am – 4:30pm

Councillors, I advise that I have assessed the following information in the briefing papers and associated attachments as being confidential information.

The information is considered to be confidential information under section 3(1) of the Local Government Act 2020 because it is Council business information, being information that would prejudice Council's position in commercial negotiations if prematurely released (Section 3(1)(a)).

#### 14 CONFIDENTIAL ITEMS

#### 14.1 CLOSURE OF MEETING TO MEMBERS OF THE PUBLIC

Go to 02:22:40 in the meeting recording to view this item.

Pursuant to section 66(1) of the *Local Government Act 2020* (the Act) Council or delegated committee must keep a meeting open to the public unless the Council or delegated committee considers it necessary to close the meeting to the public because a circumstance specified in subsection (2) applies.

The circumstances detailed in section 66(2) of the Act are:

- a) the meeting is to consider confidential information; or
- b) security reasons; or
- c) it is necessary to do so to enable the meeting to proceed in an orderly manner.

#### RECOMMENDATION

That in accordance with sections 66(1) and 66(2)(a) of the Local Government Act 2020, the meeting to be closed to members of the public for the consideration of the following confidential items:

## 1.1 LAKE DAYLESFORD PROPERTY BOUNDARY ENCROACHMENT AND LEASE AGREEMENT

- Because it is it is Council business information, being information that would prejudice Council's position in commercial negotiations if prematurely released (section 3(1)(a)); and,
- Because it is private commercial information, being information provided by a business, commercial or financial undertaking that— (i) relates to trade secrets; or (ii) if released, would unreasonably expose the business, commercial or financial undertaking to disadvantage (section 3(1)(g)).
- These grounds apply because the agenda item concerns the progress of ongoing contractual negotiations that would, if prematurely released, diminish the strength of Council's position in those negotiations.

#### **MOTION**

That in accordance with sections 66(1) and 66(2)(a) of the Local Government Act 2020, the meeting to be closed to members of the public for the consideration of the following confidential items:

## 1.1 LAKE DAYLESFORD PROPERTY BOUNDARY ENCROACHMENT AND LEASE AGREEMENT

 Because it is it is Council business information, being information that would prejudice Council's position in commercial negotiations if prematurely released (section 3(1)(a)); and,

- Because it is private commercial information, being information provided by a business, commercial or financial undertaking that— (i) relates to trade secrets; or (ii) if released, would unreasonably expose the business, commercial or financial undertaking to disadvantage (section 3(1)(g)).
- These grounds apply because the agenda item concerns the progress of ongoing contractual negotiations that would, if prematurely released, diminish the strength of Council's position in those negotiations.

Moved: Cr Juliet Simpson Seconded: Cr Don Henderson

**Carried** 

Voted for: Cr Brian Hood, Cr Don Henderson, Cr Jen Bray, Cr Juliet Simpson, Cr Lesley

Hewitt, Cr Tessa Halliday and Cr Tim Drylie

Voted against: Nil Abstained: Nil

The meeting closed to the public at 7:55pm for the hearing of the confidential item and did not reopen to the public. The Confidential Meeting opened at 7:57pm. The Council determined to release the following information to the public on this items as detailed below.

#### That Council:

- Endorses the proposed Lease;
- 2. Authorises officers to finalise negotiations at the highest possible rate and the preparation of the new Lease Documents;
- 3. Authorises officers to seek DEECA and Ministerial approval;
- 4. Authorises the Chief Executive Officer to sign the new Lease on behalf of Council;
- 5. Acknowledges that there are minor encroachments, that the landscaping and paths are on private and public land, and acknowledges the landscaping does have mutual benefit, and therefore no further action will be taken by Council;
- 6. Confirms its commitment to replacing the missing bollards and installing at least one additional seat on public land at Council's cost, and;
- 7. Resolves that, pursuant to Section 125(2) of the Local Government Act 2020, the information should be publicly available for the limited purpose of communicating the effect of the resolution to the extent necessary to give effect to it, and that the resolution will be included in the Public Minutes.
