

CLUNES

HARD/ GREEN

WASTE COLLECTION 2023

ITEMS MUST BE PLACED OUT BEFORE
MONDAY 4 SEPTEMBER 2023.

DO NOT PLACE ITEMS OUT BEFORE
SATURDAY 2 SEPTEMBER.

METAL WASTE COLLECTION

- White goods and household appliances (remove fridge doors)
- Small car parts, lawn mowers and tools
- Hot water systems, baths
- Scrap metal - waste metal including tin and scrap iron

GREEN WASTE COLLECTION

PRUNINGS AND BRANCHES

- Up to 2 cubic metres of green waste
- Tied firmly and neatly in bundles (with strong string or twine (no wire))
- Maximum 1.5 metres (5ft) in length, 150mm (6") in diameter and 20kg
- Vines, rose cuttings, weeds and diseased garden waste to be placed with HARD WASTE for collection

HARD WASTE COLLECTION

- Up to 2 cubic metres of hard waste
- Household furniture
- Mattresses - bed bases
- Timber, no longer than 1.5m in length
- Mirrors/windows must be securely wrapped in cardboard with the wording 'Glass' clearly marked
- Vines, rose cuttings, weeds and diseased garden waste

If you have quality items that you no longer need, what can you do to prolong their life? Would someone else use it in the community before it becomes hard waste?

WHAT WE WILL NOT COLLECT

- Tyres and hazardous waste
- Waste from industrial premises
- Materials from renovations, building sites and/or fencing, including fencing wire
- Car bodies or large parts
- Recyclables e.g. bottles, paper
- Rubble, concrete, bricks, soil
- Household refuse
- Clothing
- Asbestos and cement sheeting
- Chemicals, paints, fertilisers and other liquid waste
- Motor oil
- Gas bottles
- Batteries (including car batteries)
- Untied bundles of prunings or bundles tied with wire, rope or plastics
- Noxious weeds and vines - place with hard waste
- More than 2 cubic metres of green waste

REMEMBER...

E-waste is not permitted in landfill.
E-waste is any item that contains batteries or has a plug.

PLACE ITEMS IN FOUR STACKS:

1. E-waste, including fridges and white goods (domestic)
2. Scrap metal items
3. Non recyclable waste
4. Green waste

IMPORTANT INFORMATION

CLEAR ACCESS

Clear access is required to your naturestrip. Avoid parking cars in front of your property until all the material has been cleared.

HARD WASTE

All hard waste items must be able to be lifted shoulder high by two people. Items must not be longer than 1.5m (5ft) in length and maximum weight 40kg.

GREEN WASTE

All green waste items must be able to be lifted shoulder high by one person and must not be longer than 1.5m (5ft) in length and maximum weight 20kg.

Your kerbside organics bin trial continues weekly on Mondays. Please remember to put your food scraps and small garden clippings in your organics bin to keep this waste out of landfill. This material is turned into compost locally.
