

CAT DESEXING VOUCHER APPLICATION FORM

There is a big issue with feral cats throughout Australia, including in the Hepburn Shire. In an effort to reduce the problem, Council has decided to assist the community with the cost of sterilising their cats which is hoped in turn will reduce the number of stray/feral cats falling pregnant and assist in achieving responsible pet ownership. Council will cover 50% of the cost to sterilise of your cats as part of this program.

To be eligible for a 50% discount, your cats must be microchipped, vaccinated and registered with the Hepburn Shire Council. You must also reside within the Hepburn Shire and proof of residency (eg. drivers license, utilities bill) is required for your application to be approved.

Please complete this form in full and submit it at one of our customer service centres attached to your proof of residency and vaccination.

Council will process your application and provide a response within 10 working days.

Applicant Details:

Full Name: _____

Residential Address: _____

Phone Number: _____

Email: _____
