**Cate Kennedy Talk at Daylesford Library**

**Tuesday 28 May 2019**

**5.30pm**

**Daylesford Library**

Cate Kennedy returns to her old haunt of the Daylesford Library, the very site where she began many of her first short stories back in the 1990s when she worked there as Daylesford's librarian.

This time around she's here to speak to local Year 12s and all other interested people about the stories in her second collection, "Like a House on Fire", which is currently on the VCE English syllabus.

Come along and get some insider information about the themes in the collection and some writerly hints about tackling your own creative response or new story.

All Year 12 students are welcome to ask questions on the night and gain an insight in how to approach both the creative and critical response components of their English study, so come along and take up this great opportunity.

**Although this talk is aimed at Year 12 students, all are welcome to attend.**
