BUSINESS eNEWSLETTER

Council has a new bi-monthly eNewsletter for Hepburn Shire businesses with the first Spring edition coming out soon.

The eNewsletter will provide relevant information including:

- local and regional business news
- workshops and events
- grant and funding opportunities
- legislative updates
- local business feature.

Mayor, Cr Don Henderson, said this was an opportunity for local businesses to have business information at their fingertips and he encourages all businesses to subscribe.

"The eNewsletter provides a range of business information and there will be something for everyone, whether you are a big or small business. Businesses can also promote themselves to others in the region through the local business feature," said Cr Henderson.

If you would like to subscribe to receive the eNewsletter visit Council's website <https://www.hepburn.vic.gov.au/business-tourism/economic-development-eneews/>.

For further information contact Council's Economic Development & Tourism department either via email business@hepburn.vic.gov.au or phone 5321 6122.
