SUGAR 'N SPICE LAUNCH NEW CD 'HOMEBREW' AT TRENTHAM LIBRARY

On Friday 6th December, Trentham Library will host a launch for the local group Sugar 'n Spice's new CD, "Homebrew".

Everyone is invited to attend, starting with a late afternoon tea at 5pm.

Sugar 'n Spice, who have been long time supporters of the library, providing delightful accompaniment to fundraisers and author talks, consists of Vanessa Craven and Zdena Schwangmeier.

Vanessa describes Homebrew –

"All the music and instrumentation has been done by us including vocals and harmonies. So we finally got to hear what we really sound like at the 'audience' end of things, once we had recorded....

...Zdena only took up Uke bass in 4-5 years ago and so has done a sterling job of coming to grips with bass playing. We both still have heaps to learn along the way, and this is just one milestone, we are glad to have reached. Of course we'd love to share it with folk who love music.

This CD is a 'mixed bag' of favourites ranging from folk ,folk/rock, country/rock, rock 'n roll, jazz, blues and some timeless tunes with our take on them. Smooth vocals with harmonies and instrumentals as well."

Come and celebrate the success of our local musicians as well as the difference that libraries make to people's lives.

The evening is a free event, bookings are essential. To book, please pop into the library, or phone us on 5424-1326.
