

COMMUNITY FOOTPATH NETWORK

PRIORITY PROJECTS

- Community health, wellbeing and safety
- Economic prosperity
- Environmental sustainability

PROJECT DETAILS

Cycling and walking are healthy choices, encouraging an active lifestyle. Hepburn Shire Council recognises the benefits of these activities in providing health and wellbeing for communities and individuals. For a growing population of older adults, the need to improve accessibility and ensure that footpath networks are created and maintained to a high standard is a priority.

This project will see implementation of the Walking and Cycling Strategy identified projects which includes a program of footpath networks (new and improvements) across communities to increase wellbeing, connectivity and improve safety.
