Suitable for:  
Walk/Cycle

**Distance:** 4.6 km

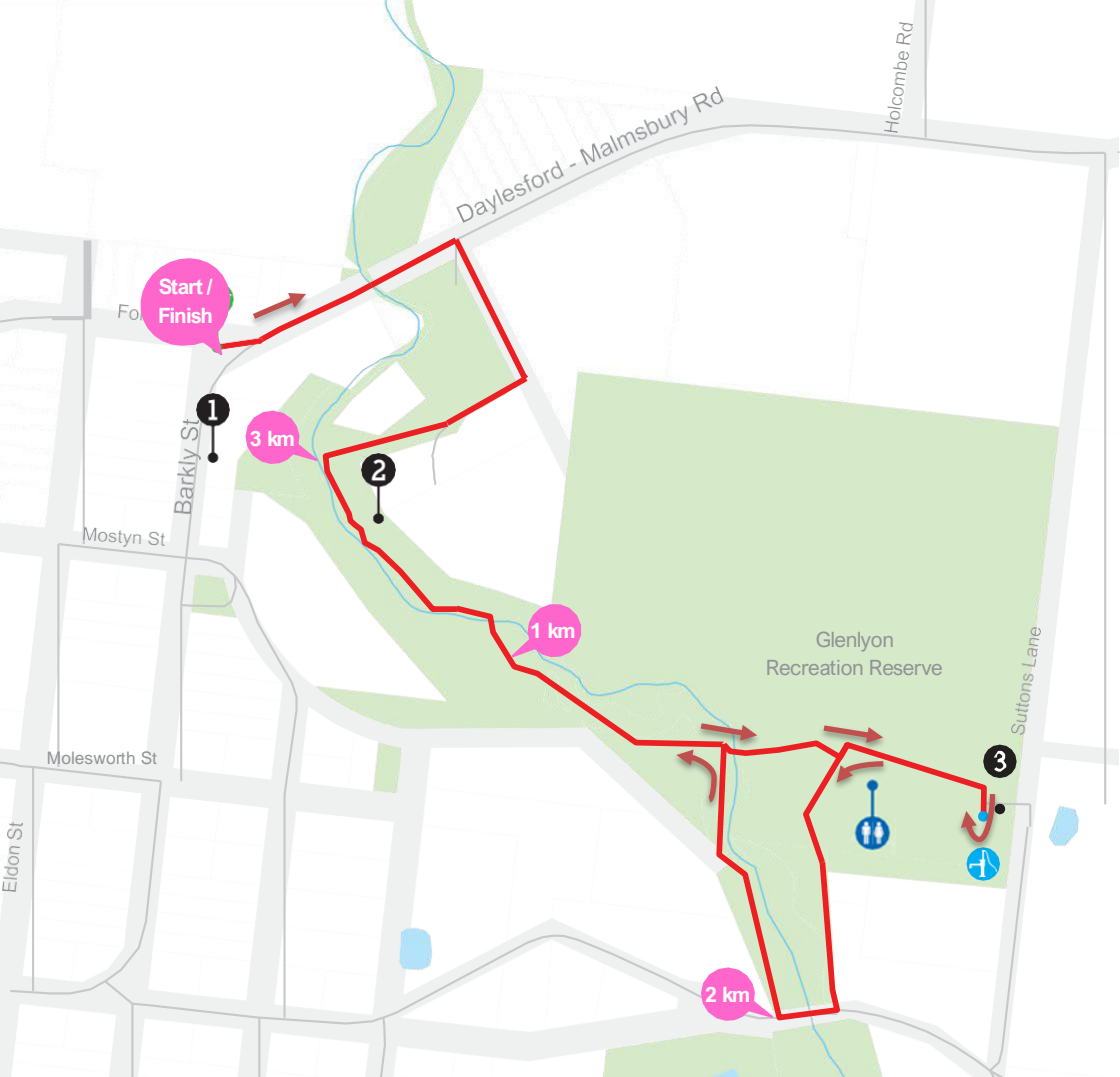

**Time:** 1.5 hours

**Grading:** A grading indicator consisting of three green squares followed by five grey squares, indicating a moderate level of difficulty.

Starting from the Glenlyon General Store, this trail takes you along the Loddon River to the Glenlyon Recreation Reserve and Mineral Springs, returning back along the same track. Take care when crossing the river. Read the interpretation boards along the way and learn about the environment of the area.

*Look for the 'Hepburn Girls Can' signs and take a selfie!*

### Points of interest:

1. Along Glenlyon's main road, view the magnificent elm and oak trees which were planted to commemorate the First World War.
2. This trail follows the curves of the Loddon River. Keep your eyes out for birds and wallabies. This area has been cleared of weeds and replanted with native plants by the local Landcare group.
3. Glenlyon Mineral Springs – taste the mineral water fresh out of the pump. This is a lovely place to stop for a short break or leisurely afternoon.
