### Points of interest:

1. Quarry Street Reserve is a picturesque reserve and lake that was created through the hard work of community volunteers. A great place for a picnic or BBQ.
2. Take a step back in time and walk around the Old Trentham Racecourse, in the direction that the horses ran (anti-clockwise).
3. Explore the historic main street of Trentham and stop off for a bite at some of the restaurants and cafes in the town.
